Let's Django Rick Payne, 2020-03-14 I'm sure all guitarists at some time, have been amazed when listening to Django Reinhardt. We all wonder at his inventiveness, speed and navigation of the fretboard. How did he manage to weave such incredible musical webs, and at the same time do all this with only two working fingers of his fretting hand? It's a bit like bluesman, Robert Johnson down at the crossroads - all we can assume is they were both touched by the devil called genius. For years I've dipped into his style, working out patterns and mixing them into my own playing of Blues, Ragtime and Jazz. I immersed myself in chords, scales, arpeggios and Django style doodles on the road to solving a little of the mystery. I know there are many volumes of transcriptions available which will help you but It can take years of study to become fluent in this style, and like many players, I felt I didn't have the time or patience. I wanted to take the essence and some of the skills in his playing and make it my own. So, in 'Let's Django', I will share with you some of the Django secrets I have learned on my journey as a guitarist. The exercises and tunes will give your playing a whole load of gypsy flavour and, whatever the style of your playing, you will gain extra panache and appeal. Like I said earlier, I know there are many note for note transcriptions of Django's famous tunes and I didn't want to reproduce them again here. The tunes here are fairly simple and are in the Django style, using the exercises you will learn on the way. Feel free to adapt them and most importantly use them in your

own playing. The video links are there to assist in your learning of this great style. Rick Payne

Bireli Lagrene: Gypsy Jazz Guitar Artistry Bireli Lagrene, 2018-09-12 In the tradition of Django Reinhardt, Biréli Lagrène is one of most highly regarded Gypsy jazz, bebop, and fusion guitarists of recent decades. Once regarded as a child prodigy, he has performed with such legendary players as Benny Goodman, Stéphane Grappelli, Al Di Meola, Paco de Lucía, John McLaughlin and countless others. Given that roster, one might assume that Lagrène is quite advanced in years, but this is not

the case; the fact is, he was drawn to the guitar as a child of four, and after auditioning at the intermission, was invited onstage with Grapelli for the second half- when he was only ten years old. While Lagrène is primarily an ear player, he has collaborated with TAGA Publishing to produce an exceptional book filled with insightful tips on playing the Gypsy jazz style. Biréli Lagrène: Gypsy Jazz Guitar Artistry introduces the intermediate jazz guitarist to the essential rhythms used in Gypsy jazz accompaniment, as well as to the vocabulary needed to improvise in the Gypsy jazz style. Not for the faint of heart, the book includes online audio recordings of 33 rhythm exercises and licks to incorporate the right feel or panache in your own Gypsy jazz performance style. The musical examples are written in either chord symbols or standard notation and tablature. Includes access to online audio.
