Keeping the Lid on Logie Barrow, François Poirier, Susan Finding, 2010-04-16 The contributors to this book have explored various aspects of urban imagination, so intimately related to a peculiar social environment. They are historians and geographers, linguists and cultural students. Their methodologies are very different, their sources poles apart. And yet, they address the same object of study, social and spatial segregation and urban eruptions, though severally defined: from epidemics to anarchist scares, urban uprisings to mental maps, or the reverberations of urban memories in song, novels and museums. Case studies consider the towns of Liverpool, London, Hull, New York, Salvador de Bahia, or more generally France and America. The networks created among intellectuals and labourers, anarchists and migrants, or the lack of communication between those who feel oppressed (rioters, strikers, anti-vaccination protesters) and those in control, are a further common denominator. In a way, urban epidemics were the epitome of the repulsive character large cities possessed in the eyes even of their own inhabitants. If they were the receptacle of so many foreigners, and shady political characters, if they were the scenes of social and ethnic conflict, and violence, and promiscuity, and prostitution, and drunkenness, and pauperism, they were of necessity a festering sore which nothing could eradicate. It is strange that something of this fear should linger on today—otherwise, how can one explain the lacunae in the official memory of museums?—despite the cultural efforts produced in the opposite direction, with Ackroyd's love for East-End London, with the revival of a Little Italy in every major American city, with the nostalgic folklorisation of past miseries in Salvador de Bahia and in popular song. What sense of belonging can be generated by an obliteration of the past, what dynamic local culture can spring from an absence, from a hole in collective memory? This book goes some way to filling those gaps.

And Now Let's Move Into a Time of Nonsense Nick Page, 2004-09-01 Have you ever felt frustrated with the words of the worship songs that we sing? Why are they so forgettable? Why are they filled with such weird language? Where have all the writers gone? Combining humour with strong argument, Nick Page analyses how worship song writers have bought into a disposable, 'pop-song' model; how they have filled their songs with a kind of semi-Biblical code and how songs suffer from poor technique and a lack of specialist lyric writers. Above all it encourages writers to really think about the words of their songs and whether they really communicate truth about God - truth which should lead to worship. Passionate, controversial and laugh-out-loud funny, this is essential reading for Christians today.

Poetry Elizabeth Raum,2009-07-01 Designed to reinforce literacy skills and arts knowledge with easy to follow activities.

From Brokenness to Atonement, Faith, Hope, and Love Hani Raoul Khouzam MD MPH FAPA,2023-07-27 This is a story of Mr. L, an orphan who was raised and nurtured by a devoted Carmelite nun, then drafted to serve as a skilled sniper during the Vietnam War. A journey of learning and mastering of the French language, excelling in the Little League baseball, discovering the art of hunting, and of an uttermost devotion to assigned military missions. A tale of grief, depression, anxiety, intermixed with bitterness, rage, fear, and delayed onset posttraumatic stress disorder with its most devastating aftermath of survivor's guilt. Witnessing the emergence of innate talents, the gifts of left-handedness, and astounding suddenness of action in each and every providential and self-inflicted circumstances. Travelling through life in orphanages with boyish freedom, self-consciousness, and then an adulthood of giving of oneself and sacrificing of own needs to fulfill a patriotic mission, an acceptance of a higher calling to serve the poor and the disfranchised. Biographies are woven in the tapestry of the therapeutic alliance of a patient-and-physician relationship. As a reader, you will be invited to introspect and reflect on the wonder of the human brain, the bubbling joy of loving, and the gift of living. Will Mr. L descend into the abyss of ending his God-given gift of a well-deserved and joyful life or will he survive his heartbreaking sorrows and insurmountable guilt? Can brokenness be restored through faith, hope, love, and forgiveness? The answers could be revealed by reading this personal journey--a portrait of faith, grace, and the joy that rises from giving and loving.

Renewing the Balance Dirk Dunbar,2017-03-31 In *Renewing the Balance*, Dirk Dunbar shows how the balance worshipped in ancient Earth wisdom traditions is being integrated into Western culture's dominantly masculine, rational value system. Filled with hope, revelations regarding cultural evolution, and scholarship of the highest order, Dunbar's book passionately challenges all of us to recover the archaic reverence for the natural world, to reconsider the limits of growth, progress, and mechanistic thinking, and to join in the newly reclaimed celebration of life that fosters peace and the potential for a sustainable future. Dirk Dunbar's *Renewing the Balance* is a crucial and comprehensive account of how traditional cultures maintained a healthy balance that preserved our natural world and how our modern technocratic, economic ideology has produced a culture that is dangerously out of balance. It is at once a diagnosis of our dis-ease and a prescription for healing our collective psyche, polis, and environment. A truly fascinating philosophical adventure. ~Sam Keen Author of 12 books, including *The Passionate Life* and *Hymns to an Unknown God* *Renewing the Balance* brings depth and breadth to our efforts to understand how Western culture evolved as it did and to appreciate the many streams that now flow into our efforts to manifest ecological wisdom in a hypermodern world. ~Charlene Spretnak Author of 9 books, including *States of Grace* and *The Resurgence of the Real*

Let's Get to the Nitty Gritty Horace Silver,2006-03-15 Silver details the economic forces that persuaded him to put Silveto to rest and to return to the studios of such major jazz recording labels as Columbia, Impulse, and Verve, where he

continued expanding his catalogue of new compositions and making recordings that are at least as impressive as his earlier work. Silver's irrepressible sense of humor combined with his distinctive spirituality make his account, which is well seasoned with anecdotes about the music, the musicians, and the milieu in which he worked and prospered, both entertaining and inspiring.--BOOK JACKET.

The Beatles Lyrics Hunter Davies,2025-05-01 Rich with insider authenticity...Gives us a glimpse into genius: the definitive book of Beatles songs, shown as first written by their own hands and put into authoritative context (Wall Street Journal). For the Beatles, writing songs was a process that could happen anytime — songs we all know by heart often began as a scribble on the back of an envelope or on hotel stationery. These original documents have ended up scattered across the world at museums and universities and with collectors and friends. Many have never been published before. More than 100 songs and lyrics are reproduced in *The Beatles Lyrics*, providing Hunter Davies a unique platform to tell the story of the music. The intimacy of these reproductions — there are sections crossed out and rewritten, and words tossed into the final recordings that were never written down — ensures that *The Beatles Lyrics* will be a treasure for musicians, scholars, and fans everywhere. A fascinating, intimate glimpse into the creative process behind some of the greatest pop songs ever written. — Christian Science Monitor
