The EU, Migration and the Politics of Administrative Detention Michela Ceccorulli, Nicola Labanca, 2014-04-16

Migration is now regarded as a security issue, both in public debate and government policies. In turn, the phenomenon of detention as a governance practice has emerged, and the developing presence of camps in Europe for migrants has given rise to a tangle of new and complex issues. This book examines the phenomenon of irregular immigration, and provides a comprehensive picture of the practices and the implications of detention of migrants within and the European Union. It analyses 'detention' as a tool of governance and in doing so explores several key themes: the security threat for Europe the security governance processes enacted to handle irregular immigration the forms of detention in different geographical contexts the effectiveness of the EU's approach to the issue. The EU, Migration and the Politics of Administrative Detention will be of interest to students and scholars of the EU's external relations, migration, human rights, European politics and security studies.

The various sessions were focused on different aspects in order to integrate perspectives of various actors, the private sector and civil society along with contributions from FAO, research and academia.--Publisher's description.

La note de synthèse de ce numéro est centrée sur la question du transfert des apprentissages dans les pratiques professionnelles : comment se mesure-t-il ? quel rôle jouent les pratiques managériales ? comment les entreprises l'appréhendent-elles ? Deux articles viennent compléter ces pistes de recherche, sur la compétence

à l'évaluation des enseignants et l'efficacité du e-learning.
