

Perspectiva Sociológica Peter Berger

José-Luis Orozco, César Pérez Espinosa

Peter L. Berger Maria del Mar Grier, Maria del Mar Grier i Llonch, Anna Clot-Garrell, 2015-01-01 Un sociólogo poco ortodoxo que cree que la sociología puede ser divertida y que rehuye del mundo académico convencional. Este es Peter Berger, crítico con el discurso oficial, desconfiado de verdades absolutas y radicalmente cosmopolita. Este libro nos presenta su figura y nos acerca también a su investigación, principalmente a sus trabajos sobre la realidad como construcción social y sobre el pluralismo religioso contemporáneo.

Sociología de la Educación Olimpia López Avendaño, 1994

Sociedad, vida y teoría: la teoría sociológica desde una perspectiva de sociología narrativa Oltra, Benjamín, Garrigós, José Ignacio, Mantecón, Alejandro, Oltra, Christian, 2019-11-04 La segunda edición de *Sociedad, vida y teoría*, revisada y ampliada, invita al lector a sumergirse en la historia de la teoría sociológica. El enfoque adoptado es el de la Sociología narrativa. Según esta perspectiva, no es posible una verdadera comprensión de las ideas y hallazgos sociológicos a menos que se pongan en relación con las vidas de sus creadores, y estas, a su vez, con sus escenarios histórico-sociales. La descomposición de la sociedad aristocrática europea en el siglo xviii, la consolidación de la sociedad burguesa en el xix y la expansión en los siglos xx y xxi de las sociedades democráticas, con sus problemas y crisis, constituyen el telón de fondo en el que se insertan los más de 300 autores estudiados, entre los que se destacan 63 fundamentales. Se incluyen aportaciones cruciales, procedentes de la Economía, la Antropología, la Historia, la Filosofía o las Ciencias Naturales, de gran valor para la Sociología. A pesar de su extensión, se trata de una lista abierta, no dogmática, donde inevitablemente se advierten ausencias. No están todos los nombres que merecen ser incluidos, pero sí merecen estar todos los que aparecen. En este sentido, se apela a la comprensión del lector para que disculpe alguna ausencia inexcusable o un tratamiento en exceso superficial de algún autor.

Fundamentos de teoría sociológica Antonio Lucas Marín, 1995 El inicio de la reflexión sobre el concepto de la Sociología no puede ser con otra perspectiva que la historia. Si bien una ciencia será estéril si sólo estudia a sus padres fundadores, si no los estudia será una ciencia perdida. Por eso, parece que para delimitar el concepto de nuestra disciplina, no hay mejor cauce que ir repasando las aportaciones de aquellos que la comunidad de sociólogos considera sus antecesores hasta nuestros días. Después de Kuhn y de las precisiones de la Sociología de la ciencia iniciada por Merton, es difícil discrepar de

la consideración de que la Sociología es lo que hacen los sociólogos. Es en la continuidad de esta tarea acumulativa donde debemos encontrar significado a la propia aportación personal. Debemos ver las condiciones que han hecho posible el nacimiento de la Sociología, como disciplina intelectual y como toma de conciencia de la sociedad industrial, y considerar la existencia histórica de diversas posibilidades de soporte personal e ideológico, que han dado lugar a diferentes teorías y escuelas en pugna. Las conclusiones van por el lado de ver en la Sociología una dedicación al estudio de los sistemas de acción social, entendidos en un proceso de dialéctica social y en una tradición científica y progresista, que intentan precisar tanto la influencia de la estructura social como una valoración persistente de la libertad.

Catálogo de cursos de pós-graduação em economia Universidade de São Paulo. Instituto de Pesquisas Econômicas,1975

Para comprender la teoría sociológica Josetxo Beriain, José Luis Iturrate Vea, 2010-05-14 Este libro presenta las aportaciones sociológicas de 78 autores protagonistas. Nos adentra en sus preguntas, investigación y respuestas sobre el carácter natural e histórico y la función de las relaciones e instituciones sociales, sobre las estructuras sociales y sus desigualdades, y sobre los cambios que se generan y que afectan a las formas de vida de las colectividades. Para ayudar a la comprensión y lectura se hace una presentación de cada bloque u orientación teórica, y unos apuntes biográficos y reseña de escritos de cada autor. Veinticinco sociólogos de España y Latinoamérica, profesores de Universidades e Institutos Superiores, colaboran en la segunda edición de este libro, editado por Josetxo Beriain y José Luis Iturrate.

Religión y cultura Miguel J. Hernández Madrid, 2003

El pensamiento político y geopolítico norteamericano José-Luis Orozco, César Pérez Espinosa, 2005

Madness in Plural Contexts: Crossing Borders, Linking Knowledge , 2020-04-14 This volume was first published by Inter-Disciplinary Press in 2012. What are we to make of madness in contemporary times? Are we to study its various facets, following the traditional path? Or should we turn towards a less explored territory? Madness in Plural Contexts: Crossing Borders, Linking Knowledge represents a decisive turn towards the social and cultural in contemporary understandings of madness. While it retains a focus on the diagnosis and interpretation of madness, it focuses on mad identities in literature and the media. It shows that the boundaries between the psychiatric/psychological and the social/cultural are blurred. Madness appears on stage fuelled by absinthe, across pages of novels, detective TV shows and philosophical and theoretical dialogues. It continues to be haunted by religious connotations, while becoming a subtext of social exclusion in contested cultural geographies. Madness becomes the rhythm of human life in the face of late modernity's unquenchable thirst for perfection, success and progress.
