Last of the Saddle Tramps Messanie Wilkins, 2001-08-01 Historically the world of equestrian travel has contained an exciting mixture of unique men and women. Some are adventurers seeking danger from the back of their horses. Others are travelers discovering the beauties of the countryside they slowly ride through. A few are searching for inner truths while cantering across desolate parts of the planet. Then there is Messanie Wilkins. She was acting on orders from the Lord! In 1954, at the age of 63, Wilkins had plenty to worry about. A destitute spinster in ill health, Wilkins had been told she had less than two years left to live, provided she spent them quietly. With no family ties, no money, and no future in her native Maine, Wilkins decided to take a daring step. Using the money she had made from selling homemade pickles, Wilkins bought a tired summer camp horse and made preparations to ride from the Atlantic coast to the Pacific Ocean. Yet before leaving she flipped a coin, asking God to direct her to go or not. When the coin came up heads several times in a row, one of America's most unlikely equestrian heroines set off. What followed was one of the twentieth century's most remarkable equestrian journeys. Accompanied by her faithful horse, Tarzan, Wilkins suffered through a host of obstacles including blistering deserts and freezing snow storms, yet never lost faith that she would complete her 7,000 mile odyssey. Last of the Saddle Tramps is thus the warm and humorous story of a humble American heroine bound for adventure and the Pacific Ocean. The classic tale is amply illustrated with photographs.

Last of the Saddle Tramps Mesannie Wilkins, Mina Titus Sawyer, 1967 Told by her doctor she had from two to four years to live, she set out on horseback from her farm in Minot, Maine, and traveled nearly 7,000 miles enroute to California. Dust jacket.

The Ride of Her Life Elizabeth Letts, 2022-06-07 NATIONAL BESTSELLER • The #1 New York Times bestselling author of *The Perfect Horse* and *The Eighty-Dollar Champion* presents a “heartwarming [and] engaging folk-hero biography” (Kirkus Reviews) of a woman who fulfilled her lifelong wish to see the Pacific Ocean by riding her horse across America. “[Letts] vividly portrays an audacious woman whose optimism, courage, and good humor are to be marveled at and admired.”—Booklist, starred review In 1954, sixty-three-year-old Maine farmer Annie Wilkins embarked on an impossible journey. She had no money and no family, she had just lost her farm, and her doctor had given her only two years to live. But Annie wanted to see the Pacific Ocean before she died. She ignored her doctor’s advice to move into the county charity home.

Instead, she bought a cast-off brown gelding named Tarzan, donned men's dungarees, and headed south in mid-November, hoping to beat the snow. Annie had little idea what to expect beyond her rural crossroads; she didn't even have a map. But she did have her ex-racehorse, her faithful mutt, and her own unfailing belief that Americans would treat a stranger with kindness. Annie, Tarzan, and her dog, Depeche Toi, rode straight into a world transformed by the rapid construction of modern highways. Between 1954 and 1956, the three travelers pushed through blizzards, forded rivers, climbed mountains, and clung to the narrow shoulder as cars whipped by them at terrifying speeds. Annie rode more than four thousand miles, through America's big cities and small towns. Along the way, she met ordinary people and celebrities—from Andrew Wyeth (who sketched Tarzan) to Art Linkletter and Groucho Marx. She received many offers—a permanent home at a riding stable in New Jersey, a job at a gas station in rural Kentucky, even a marriage proposal from a Wyoming rancher. In a decade when car ownership nearly tripled, when television's influence was expanding fast, when homeowners began locking their doors, Annie and her four-footed companions inspired an outpouring of neighborliness in a rapidly changing world.
