*This Is What It Sounds Like* Susan Rogers,Ogi Ogas,2022-09-20 One of the Next Big Idea Club's Favorite Nonfiction Books A Behavioral Scientist Notable Book of 2022 A legendary record producer-turned-brain scientist explains why you fall in love with music. *This Is What It Sounds Like* is a journey into the science and soul of music that reveals the secrets of why your favorite songs move you. But it's also a story of a musical trailblazer who began as a humble audio tech in Los Angeles, rose to become Prince's chief engineer for *Purple Rain*, and then created other No. 1 hits ,including *Barenaked Ladies' One Week*, as one of the most successful female record producers of all time. Now an award-winning professor of cognitive neuroscience, Susan Rogers leads readers to musical self-awareness. She explains that we each possess a unique "listener profile" based on our brain's natural response to seven key dimensions of any song. Are you someone who prefers lyrics or melody? Do you like music "above the neck" (intellectually stimulating), or "below the neck" (instinctual and rhythmic)? Whether your taste is esoteric or mainstream, Rogers guides readers to recognize their musical personality, and offers language to describe one's own unique taste. Like most of us, Rogers is not a musician, but she shows that all of us can be musical—simply by being an active, passionate listener. While exploring the science of music and the brain, Rogers also takes us behind the scenes of record-making, using her insider's ear to illuminate the music of Prince, Frank Sinatra, Kanye West, Lana Del Rey, and many others. She shares records that changed her life, contrasts them with those that appeal to her coauthor and students, and encourages you to think about the records that define your own identity. Told in a lively and inclusive style, *This Is What It Sounds Like* will refresh your playlists, deepen your connection to your favorite artists, and change the way you listen to music.

**Stagecoach to Tombstone** Howard Hughes,2007-10-24 The true story of the American West on film, through its shooting stars and the directors who shot them...Howard Hughes explores the Western, running from John Ford's Stagecoach to the revisionary Tombstone. Writing with panache and fresh insight, he explores 27 key films, and draws on production notes, cast and crew biographies, and the films' box-office success, to reveal their place in western history. He shows how through reinvention and resurrection, this genre continually postpones the big adios and avoids ending up in Boot Hill...permanently. Major films covered include the best from genre giants John Ford, Howard Hawks and John Wayne, plus classics High Noon, Shane, The Magnificent Seven and Butch Cassidy and the Sundance Kid. Stagecoach to Tombstone makes many more stops along the way, examining well-known blockbusters and lowly B-movie oaters alike. It examines comedy westerns, adventures 'south of the border', singing cowboys and the varied depiction of Native Americans on screen. Hughes also engagingly charts the genre's timely renovation by Sam Peckinpah (Ride the High Country and The Wild Bunch), Sergio Leone (Once Upon a Time in the West) and Clint Eastwood (The Outlaw Josey Wales and Unforgiven). Presented too are the best of western trivia, a filmography of essential films - and ten aficionados and critics, including Alex Cox, Christopher Frayling, Philip French and Ed Buscombe, give their verdict on the best in the west.
