Yin's bestselling text provides a complete portal to the world of case study research. With the integration of 11 applications in this edition, the book gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields. Ultimately, Case Study Research and Applications will guide students in the successful use and application of the case study research method.

Case Study Research Robert K. Yin, 2009 Providing a complete portal to the world of case study research, the Fourth Edition of Robert K. Yin's bestselling text Case Study Research offers comprehensive coverage of the design and use of the case study method as a valid research tool. This thoroughly revised text now covers more than 50 case studies (approximately 25% new), gives fresh attention to quantitative analyses, discusses more fully the use of mixed methods research designs, and includes new methodological insights. The book's coverage of case study research and how it is applied in practice gives readers access to exemplary case studies drawn from a wide variety of academic and applied fields. Key Features of the Fourth Edition Highlights each specific research feature through 44 boxed vignettes that feature previously published case studies Provides methodological insights to show the similarities between case studies and other social science methods Suggests a three-stage approach to help readers define the initial questions they will consider in their own case study research Covers new material on human subjects protection, the role of Institutional Review Boards, and the interplay between obtaining IRB approval and the final development of the case study protocol and conduct of a pilot case Includes an overall graphic of the entire case study research process at the beginning of the book, then highlights the steps in the process through graphics that appear at the outset of all the chapters that follow Offers in-text learning aids including "tips" that pose key questions and answers at the beginning of each chapter, practical exercises, endnotes, and a new cross-referencing table Case Study Research, Fourth Edition is ideal for courses in departments of Education, Business and Management, Nursing and Public Health, Public Administration, Anthropology, Sociology, and Political Science.

Doing Research in the Real World David E Gray, 2004-05-25 Practically-focused throughout, Doing Research in the Real World encourages the reader to develop an awareness of the real nature of research, and the means by which data can

be collected, validated and interpreted. David Gray equips readers with the skills necessary to design and implement their own research project. The book covers all the essential aspects of actually doing research, and provides coverage of both quantitative and qualitative methods and deals with all the main elements of the research process and the design of appropriate research tools.

A Pocket Style Manual, APA Version Diana Hacker,Nancy Sommers,2015-08-10 Your students need clear, complete answers to their questions about grammar, research, and writing in the social sciences—and they often need them at a moment's notice. As their teacher, you are their greatest resource, but you can't be available 24/7. For help with work in class and at home and especially for questions at odd hours, students can turn to A Pocket Style Manual, APA Version. The APA version of A Pocket Style Manual provides help for students writing in disciplines that use APA style: psychology, sociology, economics, criminal justice, nursing, education, business, and others. With a focus on APA conventions and practices, examples and models from across the disciplines, and guidelines for integrating and documenting a wide variety of sources, A Pocket Style Manual, APA Version, gives concise, straightforward, and trusted advice for any writing situation.

Public Relations in Schools Theodore J. Kowalski,2008 With chapter contributions by leading experts Public Relations in Schools, 4/e, provides a comprehensive view of how community relations affect organizational behavior and the effective

management of districts and schools. With a focus on communication alternatives in modern technology and political demands for change it offers an integrated foundation of theory and craft to help practitioners facilitate a positive change in public relations. Beginning with the organizational characteristics of public relations this text offers coverage of specific duties assumed by administrative personnel in planning, collecting and analyzing data, media relations, funding campaigns, evaluating public relations activities, and responding to crisis situations. Features of the fourth edition include: - NEW! Greater focus on principals and their role in public relations. - NEW! Greater attention throughout the text on the use of technology in practice. - NEW! Greater attention to understanding and dealing with emerging school reform trends. NEW! A new chapter (Chapter 10) on communicating with parents and the community. - NEW! Chapter 7 is a revision distilled from chapters 7 and 8 of the previous edition combining the coverage of districts and schools. - Case Studies with end of chapter questions confront the reader with real-life situations designed to promote critical thinking in problem solving. Public Relations in Educational Organizations Theodore J. Kowalski, 1996 This collection of readings addresses a demand being placed upon educational administrators - using technology to create two-way communications systems within their organizations and their communities. It treats public relations as an indispensable element of leadership. The book integrates theories and techniques taken from a variety of theorists and practitioners in both public relations and educational administration to provide an interdisciplinary, contemporary foundation for practice. In each chapter are case studies, questions and suggested readings.

Foundations of Program Evaluation William R. Shadish, Thomas D. Cook, Laura C. Leviton, 1991 This book looks back at the origins of program evaluation. By summarizing, comparing, and contrasting the work of seven major theorists of program evaluation, it provides an important perspective on the current state of evaluation theory and provides suggestions for improving its practice.
