

# How To Understand Israel

## Sarah Glidden

*How to Understand Israel in 60 Days or Less* Sarah Glidden, 2021-04-22 Sarah Glidden is a progressive Jewish American twentysomething who is both vocal about and critical of Israeli politics in the Holy Land. When a debate with her mother prods her to sign up for a Birthright Israel tour, Glidden expects to find objective facts to support her strong opinions. During her two weeks in Israel, Glidden takes advantage of the opportunity to ask the people she meets about the fraught and complex issue of the Israeli-Palestinian conflict, but their answers only lead her to question her own take on the conflict. Simple linework and gorgeous watercolors spotlight Israel's countryside, urban landscapes, and religious landmarks. With straightforward sincerity, lovingly observed anecdotes, and a generous dose of self-deprecating humor, *How to Understand Israel in 60 Days or Less* is accessible while retaining Glidden's distinctive perspective. Over the course of this touching memoir, Glidden comes to terms with the idea that there are no easy answers to the world's problems, and that is okay. This debut book landed on several best-of-the-year lists, including *Entertainment Weekly's*; earned a YALSA Great Graphic Novels for Teens distinction; and won an Ignatz Award. Her second book, *Rolling Blackouts*, which documents her experience shadowing journalists in Turkey, Iraq, Lebanon, and Syria, will also come out this fall from Drawn & Quarterly.

**Understanding Israel/Palestine** Eve Spangler, 2019-05-15 The Israeli/Palestinian conflict is the longest on-going hot-and-cold war in the 20th and 21st century. In this book the author argues that human rights standards are the key to a just and sustainable solution and that, tragically, no one has ever made serious use of them in trying to end the conflict. The reader will have a comprehensive view of the conflict, its relationship to surrounding world events, and its similarities to and differences from other conflicts, especially those embedded in American race relations.

*The Christian's Biblical Guide to Understanding Israel* Doug Hershey, 2011 Gain a richer understanding of God's plan for Israel.

Understanding Israel Joel Peters, Rob Geist Pinfold, 2018-10-11 The State of Israel is an unlikely powerhouse in a troubled region. Since 1948, Israel has retained its status as a democratic state without interruption. An investor-friendly environment and skilled workforce have led to a thriving economy, whilst the Israel Defense Forces are one of the most powerful armed forces in the world. Yet Israel is also blighted by a plethora of foreign, domestic and security challenges, some of which threaten the very fabric of the state. The cost of living continues to soar; political corruption appears endemic and the

conflict with the Palestinians divides domestic opinion and sours Israeli foreign relations. Thus, contemporary Israel remains perplexing, resisting any straightforward categorizations or generalizations. This book provides a comprehensive, multi-disciplinary analysis of the external and internal threats, opportunities and issues facing contemporary Israel. The book comprises sixteen chapters written by recognized authorities in the field of Israeli Studies. Together, the chapters offer a detailed overview of Israel while separately they provide stand-alone coverage of specific topics under discussion. Part I examines the Israeli Political System, such as the Knesset, political parties and extra-parliamentary politics; Part II addresses issues in Israeli society, including the Israeli economy, the divides between Jews and Arabs, religious and secular Israelis and the struggle for gender equality; and Part III focuses on security, geopolitical and foreign policy challenges, looking at relations between Israel and the Jewish Diaspora, Israeli foreign policy, borders and settlements and regional security threats. By filling an important gap in the study of contemporary Israel, this book is of interest to multiple audiences, most notably students and scholars of Israeli politics, the Middle East and comparative politics.
