What's It All About? Michael Caine,2012-03-31 From Alfred to Zulu, Michael Caine has been Britain's best-loved actor for half a century. Now, for the first time, he reveals the truth behind his remarkable life. From his time as an evacuee during the Blitz to his front-line military service in the Korean War, from his early days as an assistant stagehand to becoming Peter O'Toole's understudy, from walk-on parts in local theatres to blowing the bloody doors off with his legendary roles in Zulu and The Italian Job, Caine's life was never simple or easy. Discussing his little-known childhood and family alongside his hard-fought journey from London to Hollywood, Caine writes with astonishing candour about the good years and the lean years, bringing his unique charm and humour to his anecdotes and memories of a sprawling movie-making career. If you worked in Hollywood in the last few decades, you've probably worked with Michael Caine - and his accounts of his relationships with other superstars, both on and offscreen, make this autobiography essential reading for any fan not just of Michael Caine, but of film in general.

Since then, with a few exceptions when he has played the part of a foreigner in films like The Last Valley and The Eagle Has Landed, his deadpan cockney tones have been his trademark in films such as Get Carter, Alfie, Educating Rita and Hannah and Her Sisters.

Exploring Seriality on Screen Ariane Hudelet, Anne Crémieux, 2020-10-25 This collective book analyzes seriality as a major phenomenon increasingly connecting audiovisual narratives (cinematic films and television series) in the 20th and 21st centuries. The book historicizes and contextualizes the notion of seriality, combining narratological, aesthetic, industrial, philosophical, and political perspectives, showing how seriality as a paradigm informs media convergence and resides at the core of cinema and television history. By associating theoretical considerations and close readings of specific works, as well as diachronic and synchronic approaches, this volume offers a complex panorama of issues related to seriality including audience engagement, intertextuality and transmediality, cultural legitimacy, authorship, and medium specificity in remakes,

adaptations, sequels, and reboots. Written by a team of international scholars, this book highlights a diversity of methodologies that will be of interest to scholars and doctoral students across disciplinary areas such as media studies, film studies, literature, aesthetics, and cultural studies. It will also interest students attending classes on serial audiovisual narratives and will appeal to fans of the series it addresses, such as Fargo, Twin Peaks, The Hunger Games, Bates Motel, and Sherlock.
