Justine Tally

Paradise Toni Morrison, 2014-03-11 The acclaimed Nobel Prize winner challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender, and a far-off past that is ever present—in prose that soars with the rhythms, grandeur, and tragic arc of an epic poem. “They shoot the white girl first. With the rest they can take their time.” So begins Toni Morrison’s *Paradise*, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. “A fascinating story, wonderfully detailed. . . . The town is the stage for a profound and provocative debate.” —Los Angeles Times

Toni Morrison Lucille P. Fultz, 2012-12-27 Cutting-edge scholarly guide to Toni Morrison's most recent work with emphasis on Morrison's examination of African-American progress and leadership at key moments in American history.

Nationhood and Improvised Belief in American Fiction Ann Genzale, 2021-01-15 *Nationhood and Improvised Belief in American Fiction* highlights the ways religious belief and practice intersect with questions of national belonging in the work of major contemporary writers. Through readings of novels by Louise Erdrich, Toni Morrison, Cristina García, and others, this book argues that the representations of syncretic, culturally hybrid, and improvised forms of religious practice operate in these novels as critiques of exclusionary constructions of national identity, providing models for alternate ways of belonging based on shared religious beliefs and practices. Rather than treating the religious history of the U.S. as one of increasing secularization, this book instead calls for greater attention to the diversity of religious experience in the U.S., as well as a deeper understanding of the ways in which these experiences can inform relationships to the national community.

Damned If You Do Margaret S. Hrezo, John M. Parrish, 2010-01-01 Problems of individual moral choice have always been closely bound up with the larger normative concerns of political theory. There are several reasons for this continuing connection. First, the value conflicts involved in private moral choice often find themselves reproduced on the public stage: for example, states may find it difficult to do right by both justice and mercy in much the same way individuals do. Second, we frequently find conflicts among the values at stake in individual life and public life, such that the moral choice we must make is between private and public goods. Loosely speaking, choices which express these conflicts are what philosophers call moral dilemmas: choices in which no matter what one does one will be forfeiting some important moral good; in which wrongdoing is to some degree inescapable; in which one is (perhaps literally) damned if one does and damned if one doesn't. The eight essays collected in this volume explore the philosophical problem of moral dilemmas as that problem finds expression in ancient drama, classic and contemporary novels, television, film, and popular fiction. They consider four main types of dilemmas. In the first section, the authors examine dilemmas associated with political stability and regime change as expressed in the HBO television series *Deadwood* and in Stephen King's novels and short stories. The second section confronts dilemmas associated with public leadership, considering the ethical conflicts in Aeschylus's classical dramas *The Suppliants*, Tolkien's *Lord of the Rings*, and in the contemporary FOX television series *24*. In the volume's third section, the authors examine dilemmas of institutional evil, specifically slavery, as they emerge in Harriet Beecher Stowe's classic novel *Uncle Tom's Cabin* and in J.K. Rowling's *Harry Potter* novels. Finally, the collection considers dilemmas of community and choice in Toni Morrison's novel *Paradise* and in the contemporary film *A Simple Plan*.

"My Soul Is A Witness" Carol Henderson, 2021-03-29 This special collection assembles some of the most pre-eminent scholars in the field in African, African American, and American Studies to explore the ways writers reclaim the Black female body in African American literature using the theoretical, social, cultural, and religious frameworks of spirituality and religion. Central to these discussions is Black women's agency within these realms—their uncanny ability to invent and reinvent themselves within individual and communal spaces that frame them as both outsider and insider, unworthy and worthy, deviant and sacred, excess and minimal. Scholars have sought to discuss these tensions, acknowledged and affirmed in prose, poetry, music, essays, speeches, written plays, or short stories. Forgiveness, healing, redemption, and reclamation provide entry into these vibrant explorations of self-discovery, passion, and self-creation that interrogate traditional views of what is spiritual and what is religious. Discussed writers include Toni Morrison, Phillis Wheatley, James Baldwin, Tina McElroy Ansa, Toni Cade Bambara, and Thomas Dorsey.

The Toni Morrison Encyclopedia Elizabeth A. Beaulieu, 2003-01-30 The first book of its kind, this reference offers

hundreds of alphabetically arranged entries on Morrison's works, major characters, themes, and other topics. Lengthier essays cover each of her novels, along with various approaches to her writings. Each of the entries was written by an expert contributor, and many close with suggestions for further reading.

Hope Draped in Black Joseph R. Winters, 2016-05-20 In *Hope Draped in Black* Joseph R. Winters responds to the enduring belief that America follows a constant trajectory of racial progress. Such notions—like those that suggested the passage into a postracial era following Barack Obama's election—gloss over the history of racial violence and oppression to create an imaginary and self-congratulatory world where painful memories are conveniently forgotten. In place of these narratives, Winters advocates for an idea of hope that is predicated on a continuous engagement with loss and melancholy. Signaling a heightened sensitivity to the suffering of others, melancholy disconcerts us and allows us to cut against dominant narratives and identities. Winters identifies a black literary and aesthetic tradition in the work of intellectuals, writers, and artists such as W. E. B. Du Bois, Ralph Ellison, Toni Morrison, and Charles Burnett that often underscores melancholy, remembrance, loss, and tragedy in ways that gesture toward such a conception of hope. Winters also draws on Walter Benjamin and Theodor Adorno to highlight how remembering and mourning the uncomfortable dimensions of American social life can provide alternate sources for hope and imagination that might lead to building a better world.

The Atlantic Literary Review, 2003

Paraíso Toni Morrison, 2016-09-30 Un drama humano en el que conviven problemas tan profundos como el racismo, el machismo, la violencia y la religión. «Disparan primero contra la chica blanca. Con las demás pueden tomarse el tiempo que quieran». Así empieza *Paraíso*, con esta horrible escena de violencia. El pueblo de Ruby, Oklahoma, se fundó en los años cuarenta por descendientes de esclavos liberados y supervivientes de un éxodo hostil. Esta comunidad patriarcal está erigida sobre los cimientos de la justicia, el respeto mutuo y el amor al prójimo. Pero en los setenta esos valores han sido sustituidos por el miedo. El paraíso terrenal que se habían construido se estaba desmoronando. El chivo expiatorio se encuentra solo a veintisiete kilómetros de distancia, en El convento, una mansión abandonada ocupada por cuatro mujeres desesperadas, también hijas de exiliados. Sobre ellas cae el dolor, el terror y la rabia asesina de nueve hombres ciudadanos de Ruby. Reseñas: «La novela más abiertamente feminista de Morrison.» *The New York Times* «Morrison ha conseguido aunar poesía, emoción y un amplio plano simbólico.» *The New York Times Book Review* «Un éxito... Las historias individuales tanto de las mujeres como de los ciudadanos [de Ruby] muestran lo mejor de Morrison.» *Publishers Weekly*

Color and Race in Toni Morrison's "Paradise" Héder de Oliveira Machado, 2024-08-23

African American Review, 2011

Paradise Reconsidered Justine Tally, 1999 In this first book-length study of *Paradise*, Justine Tally securely links the

work to Morrison's entire oeuvre and effectively argues that while all of the novels of the trilogy are deeply analytical of the relationship of memory, story and history, the focus of this latest novel is the role of memory and story in the production of historical narrative: memory is fickle, story is unreliable, and history is subject to manipulation. A master narrative of the past is again dictated by the dominant discourse, but this time the control exerted is black and male, not white and male. Though this stranglehold threatens to deaden life and put the future on hold, Morrison's narrative disruptions challenge the very nature of this paradise on earth. With these considerations, *Paradise Reconsidered* locates the author at the center of the on-going literary and cultural debates of the late 20th century: the post-modern discussion of history, particularly Afro-centrist history, the production of knowledge, the class divisions that are shattering the black community, and questions of race and essentialism. What does it mean to be black? And who is the white girl anyway? --Book Jacket.

New Essays on the African American Novel Lovalerie King, Linda F. Selzer, 2008-05-15 This collection contributes to and advances scholarly discussions about the African American novel as a literary form. Essays respond to the general question, what has been the impact of the African American vernacular tradition—from the spirituals, blues, gospel, and jazz to hip hop—on the structure and style of the modern African American novel?
