*The Palgrave Handbook of Music and Sound in Peak TV* Janet K. Halfyard, Nicholas Reyland, 2024-12-17 The Palgrave Handbook to Music and Sound in Peak TV charts the transformation of television's sonic storytelling during the new "golden age" of televisual narrative from the late 1990s to the early 2020s. Grounded in close analytical, critical, and theoretical work identifying the key traits of music and sound in this "peak TV" period, the book casts its critical net wider to develop interpretations of significance not just for screen music studies and musicology, but for screen and media studies too. By theorizing "peakness" with respect to sound and music, and by drawing together contributions from a diverse collection of prominent musicologists, media scholars, and practitioners, this handbook provides the authoritative guide to the role music has played in creating the success of some of the most culturally and commercially significant popular art of the early twenty-first century. The volume contains 25 essays in three main sections—Concepts and Aesthetics, Practices and Production, and Audiences and Interpretations. Topics discussed include peakness, complexity, ostentatious scoring, antiheroes, memory, franchises, worldbuilding, nostalgia, maternity, trauma, actor's voices, title sequences, library music, branding, queer/camp scoring, kids TV, captioning, industry practices, HBO, and sound design. Shows examined include *The Sopranos*, *The Wire*, *Game of Thrones*, *Battlestar Galactica*, *Westworld*, *Buffy the Vampire Slayer*, *Stranger Things*, *The Bridge*, *Dexter*, *Killing Eve*, *Mad Men*, *American Horror Story*, *Rings of Power*, *Fargo*, *Peaky Blinders*, *Call the Midwife*, *Twin Peaks*, and *Twin Peaks: The Return*.

*James Graham Plays: 1* James Graham, 2013-12-02 This collection brings together four of Graham's most successful and entertaining plays, each representing a relationship with a theatre with which he has worked and introduced by the author. One of the plays, *Sons of York*, has never before been published, but earned James Graham a nomination for the Empty Space Mark Marvin Award. *A History of Falling Things* is a gentle love story about a young man and woman forced to confront their fears of the outside world and discover what really matters to their lives. *Tory Boyz* is a fast-paced, political comedy about prejudice and ambition in Westminster, looking at homosexuality in the British Conservative party, both today and in the past. As Ben, self-employed, skint and emotionally vulnerable, begins to stitch together the patchwork quilt that was the Tax Year 2009/2010, he relives a year that was both hilarious and tragic, all mixed up in one shoe box of receipts. *The Man* is an

affectionate and funny portrait of an individual's year-long experience, pieced together from receipts, shopping and commercial transactions. The Whisky Taster is a contemporary, subtle and witty exploration of feeling and perception in the modern world of advertising, and about seeing things too clearly in a city that never stands still. Sons of York Described as 'undoubtedly one of the best new plays of the year' (British Theatre Guide), Sons of York depicts three generations of the same family moving in together in Hull as the Winter of Discontent of 1978 builds up.

**The Gunners** Rebecca Kauffman,2019-03-12 A group of childhood friends reunites after tragedy strikes one of their own in this “riveting portrayal of the joys and mysteries of growing up, and of friendship itself”—with echoes of Freaks and Geeks and The Big Chill (People). ONE OF THE BEST BOOKS OF THE YEAR: O, The Oprah Magazine • Entertainment Weekly • Southern Living • Huffington Post • Esquire • Book Riot • Harper’s Bazaar • NYLON • Real Simple Following her wonderfully received first novel, Another Place You’ve Never Been, Rebecca Kauffman returns with Mikey Callahan, a thirty-year-old who is suffering from the clouded vision of macular degeneration. He struggles to establish human connections—even his emotional life is a blur. As the novel begins, he is reconnecting with “The Gunners,” his group of childhood friends, after one of their members has committed suicide. Sally had distanced herself from all of them before ending her life, and she died harboring secrets about the group and its individuals. Mikey especially needs to confront dark secrets about his own past and his father. How much of this darkness accounts for the emotional stupor Mikey is suffering from as he reaches his maturity? And can The Gunners, prompted by Sally’s death, find their way to a new day? The core of this adventure, made by Mikey, Alice, Lynn, Jimmy, and Sam, becomes a search for the core of truth, friendship, and forgiveness. A quietly startling, beautiful book, The Gunners engages us with vividly unforgettable characters, and advances Rebecca Kauffman’s place as one of the most important young writers of her generation.

**Sharks: A History of Fear in Australia** Callum Denness,2019-09-24 For as long as people have lived in Australia, the shark has loomed large in our fears. From the Noongar people of Western Australia who stayed out of the water for fear of being taken, to media hysteria about attacks and even sightings today, sharks occupy the dark recesses of our national psyche unlike any other predator. They challenge the very sense of ourselves as Australians, a people who hug the coastline and love the freedom of the surf. And the dispute between whether to kill or protect sharks cuts to the political core of our nation, yet another divide between the right and the left. There is no denying that shark attacks have been increasing in recent years, and so have our fears. Where do we go from here? How worried should we be? Journalist Callum Denness deep-dives into the history of our relationship with sharks, and circles our fear by talking to activists, marine biologists, politicians, surfers, survivors and those who've lost loved ones. Compelling and challenging, this is the clearest picture yet of whether or not we can co-exist with sharks. Don't get back into the water until you read Sharks: A History of Fear in Australia.
