Robert Schleip, Peter Huijing, Thomas W. Findley

Enough Jana Pittman, 2023-04-04 'It took oodles of self-reflection before I came to realise my quirks developed into my resilience, my emotion gave me my empathy and my drama fuelled my passion. Too often I tried to fit in, when I was born to stand out.' Throughout this book, Jana shares her life with you: the good, the bad and the ugly. Her stories of sport, medicine, divorce, loss, solo parenting - and media shenanigans - are told without embellishment or excuses. On her own admission: 'I often learned the hard way, battled against my will, rumbled with my demons, fought with self-acceptance, and boxed with negative inner chatter. I have always been too honest, shared too much and talked too fast.' But over the years, she's made peace with those demons, owning her flaws and choosing how to use her failures to become a stronger person - to the point where she now considers that the greatest success in life is believing in yourself. Jana's life lessons are inspirational, not because of her achievements - stellar though they are - but because of her willingness to share with readers how to stare down your own doubts and fears and believe in yourself and your dreams. This book is for anyone who has ever felt that they are not enough.

The Best American Poetry 2007 David Lehman, Heather McHugh, 2007-09-11 The twentieth edition of The Best American poetry series celebrates the rich and fertile landscape of American poetry. Renowned poet Heather McHugh loves words and the unexpected places they take you; her own poetry elevates wordplay to a species of metaphysical wit. For this year's anthology McHugh has culled a spectacular group of poems reflecting her passion for language, her acumen, and her vivacious humor. From the thousands of poems published or posted in one year, McHugh has chosen seventy-five that fully engage the reader while illustrating the formal and tonal diversity of American poetry. With new work by established poets such as Louise Glück, Robert Hass, and Richard Wilbur, The Best American Poetry 2007 also features such younger talents as Ben Lerner, Meghan O'Rourke, Brian Turner, and Matthea Harvey. Graced with McHugh's fascinating introduction, the anthology includes the ever-popular notes and comments section in which the contributors write about their work. Series editor David Lehman's engaging foreword limns the necessity of poetry. The Best American Poetry 2007 is an exciting addition to a series committed to covering the American poetry scene and delivering great poems to a broad audience.
