Frank N. Magill

The Buccaneers Edith Wharton, Marion Mainwaring, 1994-10-01 Edith Wharton's spellbinding final novel tells a story of love in the gilded age that crosses the boundaries of society—now an original series on AppleTV+! “Brave, lively, engaging...a fairy-tale novel, miraculously returned to life.”—The New York Times Book Review Set in the 1870s, the same period as Wharton's *The Age of Innocence*, *The Buccaneers* is about five wealthy American girls denied entry into New York Society because their parents' money is too new. At the suggestion of their clever governess, the girls sail to London, where they marry lords, earls, and dukes who find their beauty charming—and their wealth extremely useful. After Wharton's death in 1937, *The Christian Science Monitor* said, If it could have been completed, *The Buccaneers* would doubtless stand among the richest and most sophisticated of Wharton's novels. Now, with wit and imagination, Marion Mainwaring has finished the story, taking her cue from Wharton's own synopsis. It is a novel any Wharton fan will celebrate and any romantic reader will love. This is the richly engaging story of Nan St. George and Guy Thwarte, an American heiress and an English aristocrat, whose love breaks the rules of both their societies.

Buccaneers Edith Wharton, Marion Mainwaring, 1994 `This is an admirable book which can be recommended to students with confidence, and is likely also to become an indispensable source of reference for those researching fact construction' - Discourse & Society How is reality manufactured? The idea of social construction has become a commonplace of much social research, yet precisely what is constructed, and how, and even what constructionism means, is often unclear or taken for granted. In this major work, Jonathan Potter offers a fascinating tour of the central themes raised by these questions. Representing Reality overviews the different traditions in constructionist thought. Points are illustrated throughout with varied and engaging examples taken from newspaper stories, relationship counselling sessions, accounts of the paranormal, social workers' assessments of violent parents, informal talk between programme makers, political arguments and everyday conversations. Ranging across the social and human sciences, this book provides a lucid introduction to several key strands of work that have overturned the way we think about facts and descriptions, including: the sociology of scientific knowledge; conversation analysis and ethnomethodology; and semiotics, post-structuralism and postmodernism.

The Buccaneers Edith Wharton,2020-09-19 The Buccaneers is the last novel written by Edith Wharton. The novel is set in the 1870s, around the time Edith Wharton was a young girl. It was unfinished at the time of her death in 1937, and published in that form in 1938. Wharton's manuscript ends with Lizzy inviting Nan to a house party to which Guy Thwarte has also been invited. The book was published in 1938 in New York. Edith Wharton (1862 - 1937) was an American novelist, short story writer, and designer. Wharton drew upon her insider's knowledge of the upper class New York aristocracy to realistically portray the lives and morals of the Gilded Age. In 1921, she became the first woman to win the Pulitzer Prize for Literature. She was inducted into the National Women's Hall of Fame in 1996.

Prospects for the Study of American Literature Richard Kopley,1997-08 What can there possibly be left to say about . . . ? This common litany, resonant both in and outside of academia, reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted. Take heart, admonishes Richard Kopley in this dynamic

new anthology--for this is decidedly not the case. While generations of literary study have unquestionably covered much ground in analyzing canonical writers, many aspects of even the most well-known authors--both their lives and their work--remain underexamined. Among the authors discussed are T. S. Eliot, Ralph Waldo Emerson, William Faulkner, Harriet Beecher Stowe, Walt Whitman, Ernest Hemingway, Richard Wright, Edith Wharton, Nathaniel Hawthorne, Zora Neale Hurston, Henry James, Willa Cather, Herman Melville, Edgar Allan Poe, Henry David Thoreau, and Mark Twain.

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature, from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors, or particular pieces of literature; libraries looking for one comprehensive source; and readers interested in American literature, its authors, and its connection with various areas of study.

Modernism and the Aristocracy Adam Parkes, 2023 The early twentieth century saw a radical redrawing of Britain's social and political map as its hereditary aristocracy was pushed from the centre to the margins of the nation's affairs. This book traces the literary consequences of the modernist preoccupation with aristocracy that this social change inspired.
