Bela Lugosi and Boris Karloff Gregory William Mank,2010-03-08 Dracula and Frankenstein's Monster are horror cinema icons, and the actors most deeply associated with the two roles also shared a unique friendship. Bela Lugosi and Boris Karloff starred in dozens of black-and-white horror films, and over the years managed to collaborate on and co-star in eight movies. Through dozens of interviews and extensive archival research, this greatly expanded new edition examines the Golden Age of Hollywood, the era in which both stars worked, recreates the shooting of Lugosi and Karloff's mutual films, examines their odd and moving personal relationship and analyzes their ongoing legacies. Features include a fully detailed filmography of the eight Karloff and Lugosi films, full summaries of both men's careers and more than 250 photographs, some in color.

The Unraveling of America Allen J. Matusow,2009 In a book that William E. Leuchtenburg, writing in the Atlantic, called "a work of considerable power," Allen Matusow documents the rise and fall of 1960s liberalism. He offers deft treatments of the major topics—anticommunism, civil rights, Great Society programs, the counterculture—making the most, throughout, of his subject's tremendous narrative potential. Matusow's preface to the new edition explains the sometimes critical tone of his study. The Unraveling of America, he says, "was intended as a cautionary tale for liberals in the hope that when their hour struck again, they might perhaps be fortified against past error. Now that they have another chance, a look back at the 1960s might serve them well."

Richard Wright Keneth Kinnamon,2014-11-04 African-American writer Richard Wright (1908-1960) was celebrated during the early 1940s for his searing autobiography (*Black Boy*) and fiction (*Native Son*). By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.
