**Gordon O. Taylor**

**The Stars are Dying** Chloe C. Peñaranda, 2024-04-11 A USA Today and B&N bestseller, don't miss this tale of star-crossed lovers in a world full of magic, mystery, and betrayal. 'The brightest star needs the darkest night.' In a world abandoned by its celestial guardians and left to suffer a tyrant king's reign, all Astraea can recall are the fragmented memories of the past five years. She's determined to discover more about her past, even if that means leaving behind the only safety and security she has ever known by venturing out into a world where bloodthirsty vampires are rumoured to roam. Making her way in an unfamiliar world, she encounters the mysterious Nyte, who makes her an offer she cannot refuse. As Astraea accepts Nyte's help, she is drawn in by his darkness and she begins to wonder if she has struck a deal with one of the ruthless beings her people have always feared. Astraea's opportunity to escape this deal presents itself when she has to decide whether to take her friend's place in centenary celebrations of the Libertatem - a succession of trials hosted by the king in which the five human lands compete for safety against vampires who hunt them down to drink their blood. Is fighting for the safety of her kingdom worth more than answering questions about her past? \_\_\_\_\_

'The ending of this book truly had me shocked! The extensive world-building was executed beautifully with Chloe's style of writing.' ☐☐☐☐ 'This book has been on my mind constantly since I finished it last night . . . TSAD is nothing short of a masterpiece' ☐☐☐☐ 'I read this book in one sitting, not that I ever can when it is a Chloe Penaranda book because she just has a way of gripping me and this is no different' ☐☐☐☐ 'A perfect start to a new favourite series' ☐☐☐☐

The Stars Are Dying Chloe C. Peñaranda, 2023-11-30 The Serpent and the Wings of Night meets Shadow and Bone in a dark romantic fantasy loosely inspired by the Greek myths of Astraea with a page-turning new epic world and a darkly seductive star-crossed romance. The brightest star needs the darkest night. Astraea is a prisoner of her own mind, the past sliding from her grasp like water. But she knows she must escape the tyrannical king who holds her captive and find her clouded memories once again. This quest leads her to the Libertatem, a succession of trials hosted by the king in which five human lands compete for a cycle of safety from the vampires seeking blood, claiming souls, and savaging after dark. But even winning the Libertatum will not keep Astraea safe from vampires. She's made a bargain with Nyte, the beautiful, deadly vampire who stalks her dreams and haunts her waking hours. He promises to keep her safe, but she knows she cannot trust him, cannot trust his lies, even as she finds herself drawn deeper and deeper into his seductive embrace. Caught between

Nyte and her own mysteries, Astraea must decide if winning the Libertatem for her kingdom is worth her life, or if protection—and the answers to her past—really are her strongest desires. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Stars are Dying** Chloe C Peñaranda, 2023-07-11 An emotional, page-turning beginning to a new epic world with a romance that is both heart-warming and wrenching. A dark romantic fantasy loosely inspired by the Greek myths of Astraea The brightest star needs the darkest night. In a world abandoned by the celestial guardians and left to suffer a tyrant king's reign, all Astraea knows is safety in seclusion. With fragmented memories of only five years of her life, she's determined to discover more about her past, even if that means fleeing the cruel arms that hold her safe from the wicked vampires rumored to roam the land. But when Astraea stumbles upon the mysterious Nyte, she soon realizes determination alone isn't enough to guard her heart. He lingers like the darkness that expands between the stars, and soon she discovers her captor's wicked means of control weren't based on a lie to keep her under locks after all. In her desperation, Astraea accepts Nyte's help before she can decide if she might have sold her allegiance to one of the bloodthirsty beings the people of her world fear. Once their bargain is struck, Astraea's chance to escape comes in the form of accompanying her best friend Cassia to the King's Central. There on royal territory it's the centenary of the Libertatem, a succession of trials hosted by the king in which five human lands compete for a cycle of safety from the vampires seeking blood, claiming souls, and savaging after dark. So when tragedy strikes, Astraea must decide if taking the place of a murdered participant for the safety of her kingdom is a ruse is worth dying for, or if protection-and the answers to her past-really are her strongest desires.

The Story of Our Amazing Universe Athar Shareef,2022-01-13 Our Universe is amazing. This is its story, told in simple language. The story tells how the Universe came to be what it is today. It starts with the Big Bang and describes how stars, black holes, and our solar system developed. It explores the evolution of life on Earth and investigates the possibility of extra-terrestrial life. It peers into the future and wonders about the Universe's likely old age and death, or whatever else may be its end. The challenge the book takes up is to explain all of this, including some of the astonishing concepts we have in science, such as Einstein's theories of Relativity and Quantum Mechanics, using virtually no mathematics and without dumbing-down. All are described narratively and explained using examples and anecdotes. The book is written for young people with a thirst for learning about the science of space, as well as for 'grown-ups' who want a better understanding of this fascinating subject.
