

A New Deal For Quilts

Mary Elizabeth Johnson

A New Deal for Quilts Janneken Smucker, 2023-10-15 A New Deal for Quilts explores how, in response to the Great Depression in the 1930s, the Roosevelt administration used quilts to inspire perseverance and thriftiness among Americans during dire conditions, encouraging them to create quilts both individually and collectively in response to unemployment, displacement, and recovery efforts.

The Quilts of Gee's Bend John Beardsley, Museum of Fine Arts, Houston, 2002 Relates the lives of the women of Gee's Bend, Alabama, who for more than 150 years have made quilts reflecting their history and daily lives. Having worked in isolation for generations and continuing to inhabit the remote plantation land their parents once slaved, they have received unexpected attention from the artistic world.

Love of Quilts Cuesta Benberry, Carol Pinney Crabb, 2004-03-11 There are more than 20 million quilters in the United States, and 78 percent of dedicated quilters read for pleasure. To reach this vast group, we've expanded our line of quilting books by bringing back A Patchwork of Pieces, previously published in 1993. Love of Quilts features twenty-eight entertaining short stories about quilts and quilters collected from the pages of classic magazines such as Godey's Lady's Book, Harper's Bazaar, and Good Housekeeping, introducing readers to the captivating worlds of quilters in other times and places. From courtings that nearly go astray to husbands and wives brought together by quilts to quilters obsessed with securing scraps, Love of Quilts has something for every quilter. Fascinating fiction, these stories also provide important social history. This book also includes a bibliography of quilt fiction and a time line that lists American quilt fiction, plays, poems, and patterns published from 1845 to 1940.

Well-Behaved Women Seldom Make History Laurel Thatcher Ulrich, 2008-09-23 From admired historian—and coiner of one of feminism's most popular slogans—Laurel Thatcher Ulrich comes an exploration of what it means for women to make history. In 1976, in an obscure scholarly article, Ulrich wrote, Well behaved women seldom make history. Today these words appear on t-shirts, mugs, bumper stickers, greeting cards, and all sorts of Web sites and blogs. Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written. She ranges from the fifteenth-century writer Christine de Pizan, who wrote The Book of the City of Ladies, to the twentieth century's Virginia Woolf, author of A Room of One's Own. Ulrich updates their attempts to reimagine female possibilities and looks at

the women who didn't try to make history but did. And she concludes by showing how the 1970s activists who created second-wave feminism also created a renaissance in the study of history.

Gee's Bend William Arnett, 2006 This major book and museum exhibition will travel to seven American museums through 2008. Organized jointly by the Tinwood Alliance and the Museum of Fine Arts in Houston, Texas, in conjunction with the Gee's Bend Foundation, the exhibition will present 70 quilt masterpieces from the Alabama town.

Kentucky by Design Andrew Kelly, 2015-07-31 The Index of American Design was one of the most significant undertakings of the Federal Art Project—the visual arts arm of the Works Progress Administration. Part of President Franklin D. Roosevelt's New Deal, this ambitious initiative set out to discover and document an authentic American style in everyday objects. The curators of the Index combed the country for art of the machine age—from carved carousel horses to engraved powder horns to woven coverlets—created by artisans for practical use. In their search for a true American artistic identity, they also sought furniture designed by regional craftsmen laboring in isolation from European traditions. Kentucky by Design offers the first comprehensive examination of the objects from the Bluegrass State featured in this historic venture. It showcases a wide array of offerings, including architecture, furniture, ceramics, musical instruments, textiles, clothing, and glass- and metalworks. The Federal Art Project played an important role in documenting and preserving the work of Shaker artists from the Pleasant Hill and South Union communities, and their creations are exhibited in this illuminating catalog. Beautifully illustrated with both the original watercolor depictions and contemporary, art-quality photographs of the works, this book is a lavish exploration of the Commonwealth's distinctive contribution to American culture and modern design. Features contributions from Jean M. Burks, Erika Doss, Jerrold Hirsch, Lauren Churilla, Larrie Currie, Michelle Ganz, Tommy Hines, Lee Kogan, Ron Pen, Janet Rae, Shelly Zegart, Mel Hankla, Philippe Chavance, Kate Hesselden, Madeleine Burnside, and Allan Weiss.

Mississippi Quilts Mary Elizabeth Johnson, 2001 Over a century's worth of the Deep South's quilting heritage beautifully displayed in 152 color and 40 black-and-white photographs

Mary Lee Bendolph, Gee's Bend Quilts, and Beyond Joanne Cubbs, Matt Arnett, Dana Friis-Hansen, Austin Museum of Art, 2006 Mary Lee Bendolph's extraordinary patchworks garnered national attention when they were featured among the works of other quiltmakers from her tiny, predominately African American community in the 2002 blockbuster exhibition and book, The Quilts of Gee's Bend. This beautiful book examines Bendolph's inspiration, creative process, and individual genius, as well as her profound connection to the cultural practices and expressive traditions out of which her work arises. It studies

her artistic relationships with other artists -- her mother, Aolar Mosely; her daughter, Essie Bendolph Pettway; her daughter-in-law Louisiana P. Bendolph; and two self-taught Alabama artists, Lonnie Holley and Thornton Dial. Bendolph's conception of herself as an artist is intimately connected to all of these aesthetic relationships, which together provide contexts for understanding the full scope and power of her work. As they intersect in Bendolph's life and art, these deep social and aesthetic networks give rise to new pathways of artistic influence and exchange, to a body of work that is a powerful mixture of communal and individual creative energies.

Wild by Design Janet Catherine Berlo, Patricia Cox Crews, 2003 Wild by Design explores the 200-year-old American tradition of improvisational quilts, whose makers boldly experimented with design, color, and motifs. 66 illustrations.

The American Quilt Roderick Kiracofe, 2004 The most important, comprehensive, and sumptuously illustrated addition to the literature of quilting since Quilts in America.

The Power of Cloth Jane Benson, 1987

A Quilt of Words Sharon Niederman, 1988 Historically, the Southwest has attracted people with yearnings for freedom and adventure, people who define themselves as individuals. Unlike their husbands and brothers, women in the Southwest did not, for the most part, subdue and tame the land; but their character and individuality were manifested as they lived with and improved upon conditions as they found them. Their fascination with their way of life and the need for self-expression led them to write of their experiences, providing them with a creative outlet and offering those who came later a unique window into the past. A Quilt of Words won the Border Regional Library Association 1989 Southwest Book Award for literary excellence and enrichment of the cultural heritage of the Southwest. It was also awarded the National Federation of Press Women first prize for history in 1989. --back cover.
