**Is the Atheist My Neighbor?** Randal Rauser,2015-06-04 Do atheists hate God? Many Christians seem to think so. For the last three centuries Christians have widely assumed that atheism is always a result of a rebellious, sinful rejection of God. According to this view, at some level atheists really do know there is a God, but they sinfully suppress this knowledge because they want to live independently of God. But what if that is not correct? What if some folks are atheists not because they're sinful and foolish but because they've thought hard, they've looked carefully, and they have simply not found God? What if the common Christian assumptions about atheism are little more than an indefensible prejudice? What if the atheist really is our neighbor?

[Writers On... Atheism \(A Book of Quotations, Poems and Literary Reflections\)](#) Amelia Carruthers,2015-02-11 'Writers on... Atheism' provides the ultimate literary definition of atheism. It contains a vast array of atheism quotes, arguments for and against this 'new religion', as well as a history of atheism. A fascinating look into the links between religion and morality, this book provides an inspirational look at great minds, atheist authors, and their thoughts on both old and new atheism. Showcasing the writing of some of the world's most influential sceptics, and the battles of atheism vs. Christianity, and atheism vs. agnosticism, this collection makes for some thoroughly thought-provoking reading. The 'Writers on...' series is a collection of extracts, anecdotes and occasional philosophical musings from the world's most well known authors. This book of quotes, inspirational poems, letters, and quips, celebrates writers who have an individual, creative outlook on the world; on subjects from 'drink' to 'death', and 'love' to 'libraries'. Starting with ancient civilisations and moving towards the present

day, this anthology of intellectual, inspirational and often funny quotes, provides a fascinating insight into a vast array of topics.

**The Very Best of Richard Dawkins** Gordon Fisher,2014-09-22 Richard Dawkins is arguably the best known atheist in the world. Although professionally a respected Evolutionary Biologist, his outspoken views against religion have made him one of the most controversial characters alive today. Dawkins is never short of interesting and intellectual things to say. This book collates some of his most interesting and thought-provoking quotes on a variety of subjects.

**How Science Has Discovered God: Physics, Metaphysics and Beyond** Darrell Hall,2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith, *How Science Has Discovered God: Physics, Metaphysics, and Beyond* is a must-read. Through meticulous research and analysis, Darrell Hall skillfully conveys scientific concepts and theories—from the origins of the universe to the origins of life—all the while displaying the fingerprints of an intelligent Creator. Hall bridges the perceived gap between reason and belief, offering compelling scientific, philosophical, historical, and theological arguments for the existence of God. *How Science Has Discovered God* is not just another book on the relationship between science and religion. It is a quest for the truth about reality and the meaning and purpose of life. It engages the reader in a thought-provoking exploration of Christian Apologetics, revealing the existence of a loving and purposeful Creator. Explore with the author: why God is the best explanation for the big bang, the fine-tuning of the universe, the mathematical intelligibility of the universe, the existence of mind, consciousness, and free will, and much more. Unearth the evidence for the claims of Jesus and his resurrection, and see how suffering and evil are best explained through a loving God. This authoritative and comprehensive study is sure to provide material for thought and inspiration. Over two thousand years ago, Jesus assured us that God is real, that God does care, and that everything we do does matter. With a willingness to follow where the evidence leads, join Darrell Hall in a search for truth. Open your mind and heart, and listen to the voice of God, as He speaks through His Creation, and His Son, Jesus Christ.

**The Good Atheist** Dan Barker,2011-01-25 A guide to meaningful life choices for living an ethical life without theology or religious faith. How Does an Atheist Respond to the Question, What Is the Purpose of Life? For a Christian, it is faith that gives their life purpose. In his best-selling book *The Purpose Driven™ Life: What on Earth Am I Here For?*, Rick Warren says, “You must begin with God. You were born by his purpose and for his purpose.” But as a non-believer, your purpose resides in yourself; it is yours alone to discover and develop. It’s about choosing to live your own life for your own reasons. No one can dictate your purpose. You decide. This book will help you understand and appreciate why freely choosing to help and cooperate with others is the true path to finding purpose. Life does not need purpose: Purpose needs life. To punctuate this point, *The Good Atheist* includes inspiring biographies of humanity’s true heroes—men and women who did not waste their lives as slaves to a God, but rather found purpose in enhancing life on this Earth for all of us.

**Citing Atheists** Steve Dustcircle, Christopher Hitchens, Richard Dawkins, Sam Harris, Thomas Paine, 2015-02-12 A comprehensive, condensed volume of quotes by atheists, agnostics, freethinkers, skeptics, philosophers, and even the spiritual. Not exhaustive, but a great quick A-to-Z reference of quotes by atheists, freethinkers and philosophers--almost a greatest hits, if you will. Some quotes are very anti-theist in nature while others lean more political or non-religious. There are even a few appalling quotes by the religious. Coming from a religious background, the editor put these quotes together based on what helped him leave religion behind. Citing Atheists is a great book to add to any skeptic's library without the heavy cost of a huge, exhaustive volume.

**Challenging the New Atheism** Aaron Shepherd, 2020-08-31 This book presents a pragmatic response to arguments against religion made by the New Atheism movement. The author argues that analytic and empirical philosophies of religion—the mainstream approaches in contemporary philosophy of religion—are methodologically unequipped to address the “Threefold Challenge” made by popular New Atheist thinkers such as Richard Dawkins, Sam Harris, Christopher Hitchens, and Daniel Dennett. The book has three primary motivations. First, it provides an interpretation of the New Atheist movement that treats their claims as philosophical arguments and not just rhetorical exercises or demagoguery. Second, it assesses and responds to these claims by elaborating four distinct contemporary philosophical perspectives— analytic philosophy, empirical philosophy, continental philosophy, and pragmatism—as well as contextualizing these perspectives in the history of the philosophy of religion. Finally, the book offers a metaphilosophical critique, returning again and again to the question of method. In the end, the author settles upon a modified version of pragmatism that he concludes is best suited for articulating the terms and stakes of the God Debate. Challenging the New Atheism will be of interest to scholars and students of American philosophy and philosophy of religion.

**To Believe or Not to Believe** Jack Perkins, DMin. LADC, 2022-10-12 Research has shown there is a great divide between the church and the unaffiliated, to include those who tend toward atheism. This concern inspired the author to step away from full-time ministry to work as a counselor in a state-owned and -operated residential facility to better understand the thought processes of those who are not invested in Christianity. He became aware of an us-versus -them mindset held by some Christians; this attitude has resulted in Christians drawing a tight circle around themselves that has created a barrier for reaching those not affiliated with the church. There are several consequences. First, it has resulted in a deep decline in baptisms and church affiliation for churches; less than 50 percent of Americans surveyed are members of a church. Second, it has resulted in Christians believing there is no hope for those outside the church. Third, the gospel presentation utilized by

many is to continually make jabs at the unaffiliated, bordering on a scare tactic. Too many churches have attempted to use revival-era styles of evangelism, contemporary approaches, and/or a social perspective; however, the chasm has widened. This book takes an in-depth look at the philosophical systems that keep people from embracing Christianity. The author also provides a theological model for helping others understand a theological base for the Christian worldview. The greatest contribution of the book is the way it offers hope for reaching the unaffiliated and provides practical ways of connecting with those outside the church.

Progress in Religion to the Christian Era Terrot Reaveley Glover, 1922

*A Reply to the Infidelity and Atheism of Socialism ...* John Brindley, 1841

*Education in Post-Conflict Transition* Gorana Ognjenović, Jasna Jozelić, 2017-10-03 This book offers vivid insights into policies of religious education in schools since the series of wars in former Yugoslavia in the 1990's. It traces the segregation among members of different ethnic groups in Slovenia, Bosnia-Herzegovina, Croatia, and Serbia, which has never been greater or more systematic. It aims to be a necessary step in understanding the origins of this systematic segregation and how it is reproduced in educational practice, asserting that the politicization of religion in the school textbooks is one of the

motors responsible for the ongoing ethnic segregation. It also deals with complex aspects of this issue, such as the general situation of religion in the different countries, the social position of churches, the issues of gender, the reconciliation after the Yugoslav Wars, and the integration of the EU.

**Does Atheism Rest Its Case on Logic?** Joseph McCabe, 1936

**A Atheist Greatest Quotes - Quick, Short, Medium Or Long Quotes. Find the Perfect Atheist Quotations for All Occasions - Spicing Up Letters, Speeches** Marie Oconnor, 2016-02-17 This book is the outcome of an idea, and the idea is very simple. It is that the best way to understand the dramatic transformation any idea can bring and to successfully bring ideas across, is to think of them as profound insights and moments of clarity often disguised as wit, captured in one single Quote. Ideas and products and messages and behaviors spread faster when they carry your message in a single line or paragraph: a Quote. To feel the impact a Quote can have, here are three Atheist Quotes from this book: 'The worst moment for the atheist is when he is really thankful and has nobody to thank. - Dante Gabriel Rossetti' 'An atheist is a man who believes himself an accident. - Francis Thompson' 'A pious man is one who would be an atheist if the king were. - Jean de la Bruyere' Three characteristics-one, contagiousness; two, the fact that little words can have big effects; and three, that insight happens not gradually but at one dramatic moment, using the right profound words-are the same three principles that define how an idea takes off, or a product goes viral. Of the three, the third, profound, trait... is the most important, because it is the principle that makes sense of the first two and that permits the greatest insight into why some ideas stick, some changes last, some words leave an impression, and others don't. This book will give you the opportunity to find that right Quote that can change it all.
