Alan Dean Foster

The Damned Trilogy Alan Dean Foster, 2017-05-30 Humans are caught up in an alien war in this epic from the #1 New York Times-bestselling author of *Star Wars: The Force Awakens* and *Star Trek Into Darkness*. For millennia, the Weave, an alliance of species, have fought to resist the telepathic Amplitur, who strive to unite all self-aware life-forms in their great "Purpose." The Weave is slowly losing ground, but for both sides, warfare focuses more on outthinking and outmaneuvering your foe than destruction. In fact, most regard violence as hideously barbaric, and even the thought of harming another sentient being is beyond imagining. Then they come to Earth . . . *A Call to Arms* When one of its scout ships lands on Earth, the Weave quickly realizes that humanity's almost innate ability to wreak havoc and death may hold the key to turning the tide in their fight. Unfortunately for all, the Amplitur have the same idea—and mankind is caught in the middle. *The False Mirror* When the Amplitur unleash an elite cadre of fighters, it soon becomes clear that they have subjected their human prisoners to horrific genetic manipulation. But if the Weave attempts to undo the effects, they may change the former warriors into something far, far worse. *The Spoils of War* With mankind's help, the Weave is finally on the verge of victory against the Amplitur. Until an alien scholar uncovers a terrifying truth: Earthlings might not even be capable of being civilized—and a shadowy group of powerful humans is already poised to unleash war across the entire galaxy. This ebook features an illustrated biography of Alan Dean Foster including rare images from the author's collection.

The False Mirror Alan Dean Foster, 2013-02-25 For millennia, the alien union called the Weave had been at war with the Amplitur. But only in the handful of centuries since Earth had joined the Weave had the tide of the battle been slowly turning in the Weave's favour. Then an elite unit, raised from childhood in dedication to the Amplitur Purpose and designed to match perfectly the Humans they were to fight, came of age - and it looked as if at last the Amplitur might prevail against the Weave. But when one of the elite unit, a warrior called Ranji, was captured by the Weave, a horrible truth was revealed: Ranji was in fact Human, a subject of the Amplitur's vile genetic manipulations. The Weave promised to reverse the effects and help Ranji rescue other altered Humans from the clutches of the Amplitur. But neither Ranji nor his new allies could have known that the proposed cure would result in an abomination that could tear the Weave alliance apart - and brand Ranji and his kind as the most despicable creatures in the galaxy...

A Call to Arms Alan Dean Foster, 1991 The Amplitur and the Weave have fought for years. Scouts of the Weave discover

Earth and recruit humans to fight and then the Amplitur also, discovers Earth.

The Spoils of War Alan Dean Foster, 2014-06-30 After millennia of relentless war, the union of alien races called the Weave was on the verge of winning a decisive victory - thanks to their new allies from Earth, who in a mere handful of centuries had proved masters of combat. But then the birdlike Wais scholar Lalelelang found disturbing evidence that Humans might not adapt so easily to peace - that natural Human aggression would next be turned against the Weave, unless they were once again confined to fight amongst themselves. When her field research revealed the existence of a secret group of powerfully telepathic Humans called the Core, it looked as if Lalelelang would be the first victim in a new war between Humans and their allies. But just as her fate was sealed, a lone Core commander took a chance on her intelligence and compassion, gambling the fate of Humanity on the possibility that together they could both find an alternative to a galaxy-wide bloodbath...

The Spoils of War Alan Dean Foster, 1995-05-20 The Weave was on the verge of winning a decisive victory after a millennia of war, thanks to their new allies from earth. But then the birdlike Wais scholar Lalelang found evidence that Humans might not adapt well to peace. Researching further, she uncovered a secret group of telepathic Humans called the Core, who were on the verge of starting another war, and then eliminating Lalelang. At the last moment, she was saved by a lone Core commander. He took a chance on her intelligence and compassion, and gambled the fate of Humanity on the possibility that together, they could find an alternative to a galaxy-wide bloodbath....

The Time of the Transference Alan Dean Foster, 2013-08-29 There's no place like home... It was a pretty good life for a spellsinger from L.A. He'd battled demons, fought deadly Plated Folk, even met a socialist dragon and survived. Now Jon-Tom was quite happy to settle into domestic bliss with the fiery Talea, study magic, and practice spellsinging on his duar. But the magic instrument is broken when Jon-Tom protects the wizard Clothahump from thieves and he must set out across the Glittergeist Sea to find the one person who can fix it. With the irrepressible Mudge the Otter as a travelling companion, only the unexpected can happen. But cannibal muskrats, ogres, and a fierce pirate king parrot must seem ordinary indeed when Jon-Tom finds a way back to Earth - and he must choose which world is home.
