Minding the Heavens Leila Belkora,2002-12-01 Today, we accept that we live on a planet circling the sun, that our sun is just one of billions of stars in the galaxy we call the Milky Way, and that our galaxy is but one of billions born out of the big bang. Yet as recently as the early twentieth century, the general public and even astronomers had vague and confused notions about what lay beyo

One Thousand Questions and Answers on Jewels of Knowledge and Trivia Asher Elkayam,2015-04-23 The following are questions on important subjects intended to help people use their memory in order to retrieve information on subjects they know such as History, Geography, Religion, Science and more trivia and curiosity questions will also be included. This project will be divided into ten chapters with 100 questions for each chapter. The questions represent the first part of the book. The second part of the book includes the answers. Unlike in the Jeopardy Show, which is designed for a new champions, this project is for everyone. No one is required to gamble or play for money. No one is required to pull hair in order to find answers which may not always be so important or indispensable for everyone in real life. It is intended to entertain and to enrich knowledge. Some questions may pertain to one or more subjects or chapters. For example, questions on the Patriarch Abraham, could be found in the chapter on ancient history as well as in the chapter on the Bible. Questions on quotes may pertain to ancient history and scriptures as well as in contemporary writers/scientists. The questions and statements given here are of public domain and are not questions or statements uniquely or specifically made by any educational institution. However, credit is given when due. The answers will be given at the end of the book, so people can use their memory and knowledge before they look for the answer. The author has consulted and researched dozens of books and hundreds of internet sources as written in his bibliography. Some of the answers may be found in books he had previously published, namely The Bible, The Power of the Word (and in between the lines); The Quran and Biblical Origins; One Family, Four Cultures and Four Continents; Whose God is it Anyway?; Love and Romance in the Bible. Those books can be viewed at the following sites: www.amazon.com, www.asherauthor.com, www.xlibris.com and www.lulu.com (click on authors name) The purpose of this work is to have people enjoy daily a few moments of fun. The contents are not in any chronological order. This

is not a fiction or drama book that needs to be finished at the end of the day. This will not only be fun to test one's knowledge, but also an excellent tool to sharpen and refresh the mind on different fields of knowledge. In sum, it is important to state that rediscovering old and new facts and data can lead to a certain happiness and personal satisfaction. Knowledge on diverse subjects can help in achieving better self-confidence and self-expression and, overall, a better quality of life for all people. This project has something for everyone. The questions and answers will undoubtedly satisfy readers of all walks of life and of most age groups. Facts, data and world events become so complex that this project. Finally, this project has been inspired by personal experience as it is explained at the end of this book under the title References and Bibliography.

India's Undeclared Emergency: Constitutionalism and the Politics of Resistance Arvind Narrain, 2021 About the Book A SHARP AND NECESSARY ANALYSIS OF THE NATURE OF THE CONSTITUTIONAL CRISIS INDIA FACES TODAY In 1975, the Indira Gandhi government declared Emergency in India, unveiling an era of State excesses, human rights violations, the centralisation of power and the dismantling of democracy. Nearly half a century later, the phrase 'undeclared emergency' gathers currency as citizens and analysts struggle to define the nature of India's present crisis. In *Undeclared Emergency*, Arvind Narrain presents a devastatingly thorough examination of the nature of this emergency—a systematic attack on the rule of law that hits at the foundation of a democracy, its Constitution. This clear-eyed legal analysis of its implications also documents an ongoing history of constitutional subversion, one that predates the Narendra Modi-led NDA government—a lineage of curtailed freedoms, censorship, preventive detention laws and diluted executive accountability. Is history repeating itself then? Not quite. This book is an account of an inaugural era in Indian history. Narrain shows that the Modi government, unlike the Congress government of 1975, draws on popular support and this raises the dangerous possibility that today's authoritarian regime could become tomorrow's totalitarian state. A lament, *Undeclared Emergency* is also a war cry. It charts an alternative inheritance of resistance, acts big and small from the Emergency of 1975, the current day and times long gone. Dissent, Narrain says, is an Indian tradition. The Second Coming is at hand, and Narrain reckons that we have a responsibility to determine what it will look like.

The Craft of Interviewing John Brady, 2011-02-02 John Brady, editor of *Writer's Digest* and himself an accomplished interviewer, has put together an indispensable guide to the art of questioning. In a lively, down-to-earth manner, *The Craft of Interviewing* covers all aspects of the interview process -- getting the interview, doing research, handling the subject face-to-face, hurdling hazards, getting tough, taking notes (on the sly, if need be), taping, dealing with off-the-record types, concluding the interview, verifying it, and writing it up. Brady has also filled the book with a myriad of anecdotes revealing the experiences of some of the best known interviewers of our times. A noteworthy appendix on the history of the interview is

included.
