David Baldacci

No Man's Land David Baldacci, 2016-11-15 After his father is accused of murder, combat veteran and Special Agent John Puller must investigate his past and learn the truth about his mother in this New York Times bestselling thriller--but someone hiding in the shadows wants revenge. Two men. Thirty years. John Puller's mother, Jackie, vanished thirty years ago from Fort Monroe, Virginia, when Puller was just a boy. Paul Rogers has been in prison for ten years. But twenty years before that, he was at Fort Monroe. One night three decades ago, Puller's and Rogers' worlds collided with devastating results, and the truth has been buried ever since. Until now. Military investigators, armed with a letter from a friend of Jackie's, arrive in the hospital room of Puller's father--a legendary three-star now sinking into dementia--and reveal that Puller Sr. has been accused of murdering his wife. Aided by his brother Robert Puller, an Air Force major, and Veronica Knox, who works for a shadowy U.S. intelligence organization, Puller begins a journey that will take him into his own past, to find the truth about his mother. Paul Rogers' time is running out. With the clock ticking, he begins his own journey, one that will take him across the country to the place where all his troubles began: a mysterious building on the grounds of Fort Monroe. There, thirty years ago, the man Rogers had once been vanished too, and was replaced with a monster. And now the monster wants revenge. And the only person standing in his way is John Puller.

Zero Day David Baldacci, 2012-03-01 John Puller is a combat veteran and the best military investigator in the U.S. Army's Criminal Investigation Division. His father was an Army fighting legend, and his brother is serving a life sentence for treason in a federal military prison. Puller has an indomitable spirit and an unstoppable drive to find the truth. Now, Puller is called out on a case in a remote, rural area in West Virginia coal country far from any military outpost. Someone has stumbled onto a brutal crime scene, a family slaughtered. The local homicide detective, a headstrong woman with personal demons of her own, joins forces with Puller in the investigation. As Puller digs through deception after deception, he realizes that absolutely nothing he's seen in this small town, and no one in it, are what they seem. Facing a potential conspiracy that reaches far beyond the hills of West Virginia, he is one man on the hunt for justice against an overwhelming force. David Baldacci is one of the world's favorite storytellers. His books are published in over 45 languages and in more than 80 countries, with over 110 million copies in print. David Baldacci is also the cofounder, along with his wife, of the Wish You Well Foundation, a nonprofit organization dedicated to supporting literacy efforts across America.

The Forgotten David Baldacci,2012-11-20 When Army Special Agent John Puller finds his aunt dead in Florida, he suspects it's no accident . . . and as local police dismiss the case, the cracks begin to show in a picture-perfect town. Army Special Agent John Puller is the best there is. A combat veteran, Puller is the man the U.S. Army relies on to investigate the toughest crimes facing the nation. Now he has a new case--but this time, the crime is personal: His aunt has been found dead in Paradise, Florida. A picture-perfect town on Florida's Gulf Coast, Paradise thrives on the wealthy tourists and retirees drawn to its gorgeous weather and beaches. The local police have ruled his aunt's death an unfortunate, tragic accident. But just before she died, she mailed a letter to Puller's father, telling him that beneath its beautiful veneer, Paradise is not all it seems to be. What Puller finds convinces him that his aunt's death was no accident...and that the palm trees and sandy beaches of Paradise may hide a conspiracy so shocking that some will go to unthinkable lengths to make sure the truth is never revealed.

The Escape David Baldacci, 2014-11-18 Special Agent Puller's brother is the country's most wanted criminal, but his conviction points to a cover-up--and a dangerous enemy bent on burying the truth in this #1 New York Times bestselling thriller. It's a prison unlike any other. Military discipline rules. Its security systems are unmatched. None of its prisoners dream of escaping. They know it's impossible...until now. John Puller's older brother, Robert, was convicted of treason. His inexplicable escape from prison makes him the most wanted criminal in the country. Some in the government believe that John Puller represents their best chance at capturing Robert alive, and so Puller must bring in his brother to face justice. But Puller quickly discovers that his brother is pursued by others who don't want him to survive. Puller is in turn pushed into an uneasy, fraught partnership with another agent, who may have an agenda of her own. They dig more deeply into the case together, and Puller finds that not only are her allegiances unclear, but there are troubling details about his brother's conviction...and someone out there doesn't want the truth to ever come to light. As the nationwide manhunt for Robert grows more urgent, Puller's masterful skills as an investigator and strengths as a fighter may not be enough to save his brother--or himself.

A COMPENDIUM OF CLASSIC AND POSTMODERN NOVEL SUMMARIES Vivian Siahaan, 2019-08-03 This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years. Obviously, the summaries have been documented on my blog since 2016, and seemingly, in my opinion, it is better bundled in a book form since the statistic views show that the classic fictions are those among most read, so I rose to comply with that demand. The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students. Numerous genres are presented because I am quite conscious those will bequeath you an imaginative horizon. As a work of art, many of them transcend their expiatory aspects. And still more important to us than scientific significance and literary worth is the inspirational impact those novels have on serious readers. Finally, happy reading and I hope you will find this book useful.
