Prince of Song & Sea Linsey Miller,2022-10-04 For fans of Disney Twisted Tales and Serena Valentino's Villains comes the first book of the Disney Prince Young Adult series where Eric tells his side of Disney's The Little Mermaid. Before Prince Eric's mother, the Queen of Vellona, went missing two years ago, she reminded him about the details of the deadly curse that has plagued his entire life. The curse? If he were to kiss someone other than his true love, he would die. With a neighboring kingdom looking for any excuse to invade their shores, and rumors of ghost pirates lurking the seas, Eric is desperate for any information that may help him break his enchantment and bring stability to Vellona. The answers he has been searching for come to him in the form of a letter left from his mother that reveals Eric must find his true love, the one with a voice pure of heart, or kill the sea witch responsible for cursing him in the first place. Now Eric is on a quest to find the Isle of Serein, the witch's legendary home. But after he is rescued by a mysterious young woman with a mesmerizing singing voice, Eric's heart becomes torn. Does he enter a battle he is almost certain he cannot win or chase a love that might not even exist? And when a shipwrecked young woman with flaming red hair and a smile that could calm the seven seas enters his life, Eric may discover that true love isn't something that can be decided by magic. Ever since the death of his mother, Prince August of Charmant has sworn off love. Now with his growing responsibilities at court, August is unable to delay conversations of marriage any longer. But news of a magical memory curse plaguing a nearby village—the same village he used to spend his summers with his mother—offers August an escape. He convinces his father to give him five days to lead the royal investigation before returning to the palace for good. While away, August must confront his own bittersweet memories of the village, his mother, and Ella, the childhood friend he hasn't spoken to in nearly six years. But maybe the best person to help him restore the town's memories is the girl he hasn't been able to forget. Once reunited, August is surprised to see how Ella has changed. While she's still beautiful and clever, she's more reserved and possibly keeping secrets of her own—a fact August finds increasingly hard to ignore. Together they investigate the origins of

the magic impacting the town, but the memory loss is spreading quickly, and their rekindled friendship places them in more danger than they could have imagined. With time ticking down to his return to the castle, August must grapple with his growing feelings for Ella and solve the mystery before it's too late. When the clock strikes midnight, the fate of the kingdom may just rely on finding the owner of a lost glass slipper...
