**Becoming Supernatural** Dr. Joe Dispenza, 2019-03-05 A WALL STREET JOURNAL BESTSELLER by DR. JOE DISPENZA, the author of the New York Times bestseller *You Are the Placebo*, as well as *Breaking the Habit of Being Yourself* and *Evolve Your Brain*. *Becoming Supernatural* draws on epigenetics, quantum physics & neuroscience research conducted at his advanced workshops since 2012 to explore how common people are doing the uncommon to transform their consciousness, mindset, and beliefs to heal and live SUPERNATURAL lives. “From a gifted scientist and passionate teacher, this unique and practical guide shows us—step by step—how to move beyond the limits of the known and into an extraordinary new life.” — Tony Robbins, #1 New York Times best-selling author of *Unshakeable* *Becoming Supernatural* marries some of the most profound scientific information with ancient spiritual wisdom to show how people like you and me can experience a more mystical life. Readers will learn that we are, quite literally supernatural by nature if given the proper knowledge and instruction, and when we learn how to apply that information through various healing meditations, we should experience a greater expression of our creative abilities. We have the capacity to tune in to frequencies beyond our material world and receive more orderly coherent streams of consciousness and energy; that we can intentionally change our brain chemistry to initiate profoundly mystical transcendental experiences; and how, if we do this enough times, we can develop the skill of creating a more efficient, balanced, healthy body, a more unlimited mind, and greater access to the quantum field and the realms of spiritual truth. Topics include: • Demystifying the body’s 7 energy centers and how you can balance them to heal • How to free yourself from the past by reconditioning your body to a new mind • How you can create reality in the generous present moment by changing your energy • The difference between third-dimension creation and fifth-dimension creation • The secret science of the pineal gland and its role in accessing mystical realms of reality • The distinction between Space-Time vs. Time-Space realities • And much more Chapters include: • Opening the Door to the Supernatural • The Present Moment • Tuning In to New Potentials in the Quantum • Blessing of the Energy Centers • Reconditioning the Body to a New Mind • Case Studies: Living Examples of Truth • Heart Intelligence • Mind Movies/Kaleidoscope • Walking Meditation • Case Studies: Making It Real • Space-Time and Time-Space • The Pineal Gland • Project Coherence: Making a Better World • Case Studies: It Could Happen to You Using tools and disciplines ranging from cutting-edge physics to practical exercises such as a walking meditation, Dr. Joe offers nothing less than a proven program for stepping outside our physical reality and into the

quantum field of infinite possibilities. “Dr. Joe Dispenza is a doctor, a scientist, and a modern-day mystic. . . . In a style that is simple, straightforward, and easy to understand, [he] has woven into a single volume the paradigm-altering discoveries of quantum science and the deep teachings that adepts of the past dedicated their entire lifetimes to master.” — from the foreword by Gregg Braden, New York Times best-selling author of *Human by Design* and *The Divine Matrix* “I wrote this book to take what I’ve always thought was possible to the next level of understanding. I wanted to demonstrate to the world that we can create better lives for ourselves—and that we are not linear beings living linear lives, but dimensional beings living dimensional lives. Hopefully, reading it will help you understand that you already have all the anatomy, chemistry, and physiology you need to become supernatural sitting latent within you, waiting to be awakened and activated.” - Dr. Joe Dispenza New York Times best-selling author Researcher of epigenetics, quantum physics & neuroscience

Becoming Supernatural Joe Dispenza, 2017 What would it mean to become supernatural? What if you could tune in to frequencies beyond our material world; change your brain chemistry to access transcendent levels of awareness. Dr. Joe offers nothing less than a program for stepping outside our physical reality and into a new world. This is who we really are, and this is the future I'm creating; one in which each and every one of us becomes supernatural.

Nous sommes, littéralement, surnaturels par nature si nous recevons les connaissances et les instructions appropriées, et lorsque nous apprenons à appliquer ces informations à travers diverses méditations, nous devrions connaître une plus grande expression de nos capacités créatives. Nous avons la capacité de nous accorder à des fréquences au-delà de notre monde matériel et de recevoir des flux de conscience et d'énergie plus cohérents et plus ordonnés ; nous pouvons modifier intentionnellement la chimie de notre cerveau afin d'initier des expériences transcendantales profondément mystiques ; nous pouvons développer la capacité de créer un corps plus efficace, plus équilibré et plus sain, un esprit plus illimité et un meilleur accès aux royaumes de la vérité spirituelle. **Como Se Tornar Sobre-humano** Dr. Joe Dispenza, 2018-03-01 Descubra o novo mundo para lá da realidade física. O que significa ser sobre-humano? Para ter uma ideia, imagine que seria capaz de sintonizar frequências que estão para além do mundo material. Ou mudar a química cerebral de modo a aceder a níveis transcendentais de consciência. Ou transformar os seus próprios genes, curando-se ao nível mais profundo. Tudo isso é possível, é uma realidade já amplamente documentada. E um dos pioneiros na abertura dessas novas portas do conhecimento é o Dr. Joe Dispenza. A sua investigação em neurociência, biologia molecular, epigenética e física quântica, levou à criação de ferramentas que nos permitem superar os nossos limites físicos e materiais. Nos seus workshops, esse trabalho tem sido monitorizado e comprovado (com recurso a

encefalogramas), com resultados espantosos. Em *Como se Tornar Sobre-humano*, o autor mostra-nos que, ao usarmos essas informações e ferramentas através de diferentes formas de meditação, poderemos viver experiências profundamente místicas e transcendentais. E com o tempo e a repetição, romperemos com os limites da mente até acedermos às grandes verdades espirituais. Aprenderemos também a: > desmistificar os 7 centros energéticos do corpo e a equilibrá-los; > libertar-nos do passado recondicionando corpo e mente; > perceber a diferença entre a criação da terceira e da quinta dimensões; > dominar a ciência secreta da glândula pineal e o seu papel no acesso à dimensão mística da realidade. E este é só o princípio da viagem. Porque, como o próprio autor explica: “Este é o futuro que estamos a criar, um futuro em que cada um se pode tornar verdadeiramente sobre-humano.”
