**The Astrology Oracle Book and Card Deck** Marion Williamson, 2025-11-04 The transformative symbolism in The Astrology Oracle Book & Card Deck will unlock portals to your subconscious mind and illuminate your voyage through life's ever-changing landscape. Astrology is the study of how the planets and celestial bodies affect our lives on Earth. Early humans marked the passage of time by observing the planets' intricate movements and patterns, as we still do today. The Sun's annual cycle through the zodiac and the Moon's monthly phases affect everything from the seasons, daylight, climate and sleep - a complex tapestry that shapes our lives in countless ways. Here you will find an astrology-themed divination system that combines the ancient wisdom of the planets with transcendent alchemical symbolism and the timeless teachings of the divine goddesses and gods. The 50 beautifully illustrated oracle cards and the comprehensive guidebook offer an intuitive toolkit that gives insight and guidance on every aspect of your everyday life. Consult the cards for advice in all matters that concern you.

**360 Degrees of Your Star Destiny** Ellias Lonsdale, 2021-07-27 • Explains how each of the 12 signs of the zodiac has 30

degrees, and each degree, like every star, is the center of a whole system of meanings • Provides detailed write-ups for each of the 360 degrees of the zodiac • Details how to use the degrees for personal chart interpretation and as an oracle for guidance and inspiration In this extraordinary synthesis of 50 years in star work, astrologer Ellias Lonsdale explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings. Inspired by the Chandra Symbols--evocative images for each degree channeled by John Sandbach nearly 40 years ago--as well as his studies with master astrologers Dane Rudhyar and Marc Edmund Jones, Lonsdale explores the deeper story, or Star Spark, of each of the 360 degrees of the zodiac, providing detailed write-ups for each degree. The author explains how to use the degree of your Sun sign and other planets from your birth chart for personal chart interpretation. Offering a way to tune in to your future star cycles as well as analyze a past event, he discusses how you can learn about personal cycles from studying the degree of a transiting or progressed planet at a specific time, such as Mercury Retrograde, or by following the degree meanings for successive New Moons or Solar Returns, revealing collective as well as personal timings. He also details how to use the 360 Star Sparks as an astrological oracle to consult when you need guidance or support for your awakening process as well as how they can be used as a source for daily contemplation by following the Sun through each degree day by day throughout the year. Providing an astrological tool to help you see deeply inside your life, your shadow, what you are questioning, and where you are being guided, this key to the symbolic power of the 360 degrees of the zodiac shows that by embracing our star cycles, we can discover our unique life path and light up the stars within.
