## **Bernard S. Bachrach,David S. Bachrach,Michael Leese**

*Essays on the Representational and Derivational Nature of Grammar* Joseph Aoun,Yen-hui Audrey Li,2003 An empirical study of wh-interrogatives and relative constructions and theoretical investigation of chain formation in grammar.

*The Faerie Queene, Books Three and Four* Edmund Spenser,2006-11-30 These paired Arthurian legends suggest that erotic desire and the desire for companionship undergird national politics. The maiden Britomart, Queen Elizabeth's fictional ancestor, dons armor to search for a man whom she has seen in a crystal ball. While on this quest, she seeks to understand how one can be chaste while pursuing a sexual goal, in love with a man while passionately attached to a woman, a warrior princess yet a wife. As Spenser's most sensitively developed character, Britomart is capable of heroic deeds but also of teenage self-pity. Her experience is anatomized in the stories of other characters, where versions of love and friendship include physical gratification, torture, mutual aid, competition, spiritual ecstasy, self-sacrifice, genial teasing, jealousy, abduction, wise government, sedition, and the valiant defense of a pig shed.

*A Commentary on Books 3 and 4 of Achilles Tatius' Leucippe and Clitophon* John L. Hilton,2024-02-26 This volume presents a new account, informed by recent scholarship on ancient narrative fiction, of a world that calls to mind the scenes of the Palestrina mosaic, with ships traversing the Nile delta, hippopotamus hunting, religious processions and festivities, and leisurely sightseeing. The commentary argues that the author was most probably an erudite Alexandrian with a polymathic interest in topics as diverse as the arrival of the phoenix in Heliopolis, contemporary art, medical theories of the function of blood in causing psychological imbalances in the young, herbal remedies for poisoning, and the colour of Nile water in glass.

**Deeds of the Bishops of Cambrai, Translation and Commentary** Bernard S. Bachrach,David S. Bachrach,Michael Leese,2017-09-18 First commissioned by Bishop Gerard I of Cambrai (1012-1051) in 1023 or 1024, the *Gesta episcoporum Cameracensium* was the work of two authors, the second of whom completed the text shortly after the death of Bishop Gerard. The three books of the *Gesta* shed considerable light on the policies and actions of many of the key political and religious figures in an economically and intellectually vibrant region on the frontier between the German and French kingdoms. The *Deeds of the Bishops of Cambrai*, translated in this volume into English for the first time, provides unique insights into the relationship between the German king and the bishops within the context of the so-called imperial church

system, the rise of both secular and ecclesiastical territorial lordships, the conduct of war, the cult of the saints, monastic reform, and evolving conceptions of the proper social order of society. Including extensive commentary, apparatus of explanatory notes, maps, genealogies, this text will be of considerable value both in undergraduate and graduate courses as well as to scholars.

**Beginning MySQL** Robert Sheldon, Geoff Moes, 2005-03-11 Provides programmers with a complete foundation in MySQL, the multi-user, multi-threaded SQL database server that easily stores, updates, and accesses information Offers detailed instructions for MySQL installation and configuration on either Windows or Linux Shows how to create a database, work with SQL, add and modify data, run queries, perform administrative tasks, and build database applications Demonstrates how to connect to a MySQL database from within PHP, Java, ASP, and ASP.NET applications Companion Web site includes SQL statements needed to create and populate a database plus three ready-to-use database applications (in PHP, Java, and ASP.NET)

*Book Three of the Corpus Tibullianum* Robert Maltby, 2021-08-25 This book presents the first commentary on the whole of [Tibullus] 3 in English. It consists of a text, translation, introduction and commentary. The text rests on the author's autopsy of the most important manuscripts of [Tibullus]. The prose translation is as literal as possible, in order to bring out clearly the meaning of the Latin. The detailed line-by-line commentary serves to clarify the language and literary associations of the poems and to back up the theory that the whole work was composed by a single unitary author. It argues that what were previously thought of as separate sections of the book, composed by different authors at different times, were in fact the product of a single anonymous poet impersonating, or adopting the mask of, different characters in each section: Lygdamus (poems 1-6), a young Tibullus (7), a commentator on Sulpicia's affair with Cerinthus (8-12), Sulpicia (13-18) and Tibullus (19-20). The close connections and associations between these different sections and their use of the same Augustan intertexts are shown to favour a unitary interpretation of the work. The main literary inspiration for the work, this volume argues, comes from the elegists of the Augustan period, but its date of composition could have been late in the first century AD, linking it with the other pseudepigraphical writings of this century such as the Virgilian and Ovidian Appendices.
