**Classica Et Beneventana** Frank T. Coulson, Anna A. Grotans, 2008 The Festschrift volume *Classica et Beneventana*, presented to Virginia Brown on the occasion of her 65th birthday, brings together twenty-one insightful new essays by leading scholars devoted to the fields of classical reception and Latin palaeography. The authors investigate a wide-range of topics such as the development and application of the Beneventan script, comparative codicology, uses of early liturgical manuscripts, medieval artes and biblical texts and their readers, and the reception and dissemination of classical texts during the Italian Renaissance. Since 1970, Virginia Brown has been a Senior Research Fellow at the Pontifical Institute of Mediaeval Studies. She is recognized as one of the world's leading authorities in classical reception and Latin palaeography. Her numerous publications on the Beneventan script have dramatically altered our knowledge of the dissemination of this southern Italian book hand from 800 to 1600. Her editorial work for the *Catalogus translationum et commentariorum*, as a member of the Editorial Board and since 1985 as Editor-in-Chief, has resulted in several learned volumes tracing the fortuna and study of classical authors from antiquity to the year 1600. As editor of *Mediaeval Studies* from 1974 to 1988, she single-handedly produced tomes noted for their scholarly rigor and acumen. This collection of essays serves as a fitting tribute to a scholar who, via her scholarly research and editorial work, has done so much to advance the fields of palaeography, codicology, and the history of classical scholarship.

**A People's Church** Agostino Paravicini Bagliani, Neslihan Şenocak, 2023-06-15 *A People's Church* brings together a distinguished international group of historians to provide a sweeping introduction to Christian religious life and institutions in medieval Italy. Each essay treats a single theme as broadly as possible, highlighting both the unique aspects of medieval Christianity on the Italian peninsula and the beliefs and practices it shared with other Christian societies. Because of its long tradition of communal self-governance, Christianity in medieval Italy, perhaps more than anywhere else, was truly a people's church. At the same time, its exceptional urban wealth and literacy rates, along with its rich and varied intellectual and artistic culture, led to diverse forms of religious devotion and institutions. Contributors: Maria Pia Alberzoni on heresy; Frances Andrews on urban religion; Cécile Caby on monasticism; Giovanna Casagrande on mendicants; George Dameron on Florence; Antonella Degl'Innocenti on saints; Marina Gazzini on lay confraternities; Maureen C. Miller on bishops; Agostino Paravicini Bagliani and Pietro Silanos on the papacy and Italian politics; Antonio Rigon on clerical confraternities; Neslihan

Senocak on the pievi and care of souls; Giovanni Vitolo on Naples.

**Storia e tradizioni popolari a Fragneto Monforte** Nino Capobianco, 2021-07-01 Questo lavoro monografico spazia sulla storia, gli eventi, la gente fragnetana, le tradizioni popolari e il folklore, raccogliendo dati particolari, a volte in maniera estesa, e racchiudendo il tutto nella memoria storica di un popolo ed anche nella sintesi che è propria dell'ambiente vitale dei piccoli borghi del sud Italia. Lavoro che sembra fissare una linea di confine tra un periodo arcaico, ma ancora recente, ed un futuro prossimo in cui la tecnologia ha modificato e va ricomponendo gli usi, i costumi e lo stesso ambiente vitale della comunità. La prima parte del testo richiama le ipotesi storiche e la cronistoria locale dal primo millennio ai giorni nostri. La seconda parte illustra i 50 anni di esperienze storiche del gruppo folk La Takkarata / Centro Studi Arti e Tradizioni Popolari. La terza parte presenta una sintetica raccolta dei canti popolari e religioso-popolari, con un particolare riferimento, al capitolo sui Canti al Tiglio, riguardante una raccolta di menzioni e poesie scritte da fragnetani di ogni epoca, sul secolare albero assunto a simbolo del paese: la Teglia chiama. La quarta parte comprende: l'appendice I che raccoglie sintetiche ricerche sul DRAMMA SACRO a Fragneto Monforte; l'appendice II che presenta la compilazione di studi personali e ricerche dell'autore sul DIALETTO FRAGNETANO, con l'inserimento di note grammaticali, di un breve dizionario e di una piccola raccolta di proverbi, detti e sentenze. Infine, vi è la RACCOLTA BIBLIOGRAFICA curata in maniera certosina ed è divisa in: Ambito A - Riferimento al contesto della storia e delle tradizioni popolari fragnetane Ambito B - Riferimento al contesto del Sannio Beneventano Ambito C - Riferimenti in generale (bibliografia essenziale). L'opera è davvero godibile, si legge facilmente e affascina il lettore che si ritrova, attraverso la lettura, a passeggiare tra le strade di Fragneto Monforte e a vivere le sue tradizioni e la sua cultura all'ombra del Tiglio guardiano del paese. Un bel modo per ricordarsi di quelle che sono le tradizioni non solo di un popolo, ma di tutti; anche di coloro che hanno dovuto abbandonare la propria terra per costruirsi un futuro migliore. Un messaggio positivo di un paese che è in grado di portare avanti la sua storia, che si basa sul suo passato ma che è sempre attenta al suo futuro: quello della sua gente e soprattutto, dei suoi giovani. Chiude il testo un breve curriculum dell'autore riferito alle attività legate alle tradizioni popolari.

**Le tournant de la théologie** Eugène Boa Kouassi, 2025-09-18 L'ouvrage vise à offrir une reconstitution des écoles théologiques de la seconde moitié du XIXe siècle, jusqu'à la veille du Concile Vatican II. Ces mouvements étaient contre la vision de l'Église catholique sur l'approche de la théologie. Ils ont réagi contre l'hégémonie de la théologie scolastique qui inuençait les manuels théologiques. La théologie s'inspire de la méthodes des sciences humaines et sociales. Les dogmes passent au tamis de la raison. Le Concile, va être un tournant très important : dans sa réforme, il choisit une nouvelle approche et une nouvelle méthode. Les concepts de la théologie deviennent universels. L'Église catholique, qui jusque là s'intéressait à la préservation de la doctrine et tenait une distance par rapport aux développements culturels et aux questions sociales contemporaines, va s'ouvrir. Ainsi toutes les différentes disciplines ou branches vont connaître un renouvellement interne.
