Miscellaneous Records of a Female Doctor Tan Yunxian, 2015-09-28 *Miscellaneous Records of a Female Doctor* written by Tan Yunxian and translated by Lorraine Wilcox with Yue Lu, is the earliest known writings by a female doctor in China. It consists of one volume with 31 cases surrounded by two prefaces and three postscripts. Tan Yunxian primarily treated women in her practice, and these records reflect insights into the pathology of female patients that male practitioners might not have been privy to. At this time, a wealthy woman could not see a male doctor without having a male relative such as her father, husband, or son present. Modesty was the utmost female virtue. The male doctor questioned the husband, not the woman herself. He might not be allowed to see her face. He needed to ask for permission to feel her pulse. Therefore, because Tan was a woman, she was allowed by her female patients to do things that a male doctor could not, and this intimacy in turn led to a better diagnosis of the patient's problems. Lorraine Wilcox has annotated and explained Tan's original cases by both telling us the source text of the formulas Tan used, and what the probable diagnosis was from both Western and Eastern viewpoints. The complete formulas used by Tan have been added, and have been compared to the original formulas with a complete explanation of Tan's modifications. Wilcox, then discusses the reasons for such a diagnosis, and illustrates a number of other details that help us better understand each case. There were undoubtedly many other women doctors in ancient China but they left no record or the record was not preserved. Women doctors are occasionally mentioned in case studies written by men or in other types of literature. Therefore, we are lucky that Dr. Tan Yunxian's manuscript survived through the ages, as it helps us to understand the challenges and illnesses that women of the Ming faced.

Lady Tan's Circle of Women Lisa See, 2024-06-11 *NEW YORK TIMES BESTSELLER!* From “one of those special writers capable of delivering both poetry and plot” (The New York Times Book Review) an immersive historical novel inspired by the true story of a woman physician in 15th-century China—perfect for fans of Lisa See’s classics *Snow Flower and the Secret Fan* and *The Tea Girl of Hummingbird Lane*. According to Confucius, “an educated woman is a worthless woman,” but Tan Yunxian—born into an elite family, yet haunted by death, separations, and loneliness—is being raised by her grandparents to be of use. Her grandmother is one of only a handful of female doctors in China, and she teaches Yunxian the pillars of Chinese medicine, the Four Examinations—looking, listening, touching, and asking—something a man can never do with a

female patient. From a young age, Yunxian learns about women's illnesses, many of which relate to childbearing, alongside a young midwife-in-training, Meiling. The two girls find fast friendship and a mutual purpose—despite the prohibition that a doctor should never touch blood while a midwife comes in frequent contact with it—and they vow to be forever friends, sharing in each other's joys and struggles. No mud, no lotus, they tell themselves: from adversity beauty can bloom. But when Yunxian is sent into an arranged marriage, her mother-in-law forbids her from seeing Meiling and from helping the women and girls in the household. Yunxian is to act like a proper wife—embroider bound-foot slippers, recite poetry, give birth to sons, and stay forever within the walls of the family compound, the Garden of Fragrant Delights. How might a woman like Yunxian break free of these traditions and lead a life of such importance that many of her remedies are still used five centuries later? How might the power of friendship support or complicate these efforts? A captivating story of women helping each other, *Lady Tan's Circle of Women* is a triumphant reimagining of the life of one person who was remarkable in the Ming dynasty and would be considered remarkable today.

Intimate Communities Nicole Elizabeth Barnes, 2018-10-23 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. When China's War of Resistance against Japan began in July 1937, it sparked an immediate health crisis throughout China. In the end, China not only survived the war but emerged from the trauma with a more cohesive population. *Intimate Communities* argues that women who worked as military and civilian nurses, doctors, and midwives during this turbulent period built the national community, one relationship at a time. In a country with a majority illiterate, agricultural population that could not relate to urban elites' conceptualization of nationalism, these women used their work of healing to create emotional bonds with soldiers and civilians from across the country. These bonds transcended the divides of social class, region, gender, and language.

Chinese Autobiographical Writing Patricia Buckley Ebrey, Cong Ellen Zhang, Ping Yao, 2023-01-03 Step into Chinese history through the accounts of those who lived it Personal accounts help us understand notions of self, interpersonal relations, and historical events. *Chinese Autobiographical Writing* contains full translations of works by fifty individuals that illuminate the history and conventions of writing about oneself in the Chinese tradition. From poetry, letters, and diaries to statements in legal proceedings, these engaging and readable works draw us into the past and provide vivid details of life as it was lived from the pre-imperial period to the nineteenth century. Some focus on a person's entire life, others on a specific moment. Some have an element of humor, others are entirely serious. Taken together, these selections offer an intimate view of how Chinese men and women, both famous and obscure, reflected on their experiences as well as their personal struggles and innermost thoughts. With an introduction and list of additional readings for each selection, this volume is ideal for undergraduate courses on Chinese history, literature, religion, and women and family. Read individually, each piece

illuminates a person, place, and moment. Read in chronological order, they highlight cultural change over time by showing how people explored new ways to represent themselves in writing. The open access publication of this book was made possible by a grant from the James P. Geiss and Margaret Y. Hsu Foundation.

Protected Katherine Quimby, 2025-11-13 There's never been a more important time to care about birth control. Birth control is the silent workhorse in our lives. It's also something most of us take for granted. But in the face of attacks on reproductive health, we simply can't afford for birth control to be a taboo topic any longer. *Protected* explores questions such as, how has birth control changed over the years? Will there ever be a birth control pill for men? Why is birth control so politically controversial? Why are Black women more likely to prefer methods they can start and stop without a visit to the doctor? Are hormones in birth control safe? What impact will the overturn of *Roe v. Wade* have on the ability to get birth control? What does religion really say about it? Are there better methods out there, either right now or coming in the future? On an individual level, birth control changes lives. It means finishing school before starting a family. It means managing pain to make daily activities bearable. The benefits accrued across the millions of individuals using birth control have added up to huge societal impacts. When societies have greater access to birth control, women obtain more education, get better jobs, and earn higher wages. Greater economic mobility for women contributes to a more gender equal society. Societies need birth control. We need birth control. *Protected* tells the story of birth control, its past, present, and future, with the goal that after you read it, you will help spread the word about the essential role of birth control in empowering individuals and shaping society.
