Only When It's Us Chloe Liese, 2020-04-01 Meet the Bergmans in this enemies-to-lovers new adult romance that tackles the vulnerability of love with humor and heart. From the moment Willa sat next to Ryder in class, she's made it clear she hates his guts. Her reason is a mystery, but its outcome suits him fine. Willa Sutter is the feisty, tempting chaos he doesn't need in his quiet, tidy life. She's the next generation of women's soccer. Wild hair. Bee-stung lips. And a temper that makes the devil seem friendly. He'll leverage her hate as long as possible to keep his distance. When Willa asked Ryder to borrow his lecture notes, the silent, surly, mountain man ignored her. Ryder Bergman is an arrogant, infuriating flannel-wearing enigma. Mangy beard. Frayed ball cap that hides his eyes. And a stubborn refusal to acknowledge her existence. But Willa's never backed down from a challenge. Forced to work together on their final project, Willa and Ryder begin a game of pranks and practical jokes, each determined to come out the champion. But once they catch unexpected feelings, victory begins to mean something else—winning each other's hearts.

Employment Regulation in the Workplace Robert K Robinson,Geralyn McClure Franklin,2015-01-28 This textbook acquaints readers with the major federal statutes and regulations that control management and employment practices in the American workplace. The material is presented from the perspective that the human resource professional is the employer's representative and is, therefore, responsible for protecting the employer's interests and reducing the employer's exposure to litigation through monitoring activities and viable employee policies. The book is designed as a tool for today's business and management professionals, and unlike some other texts in the field, maintains a pro-business or pro-management approach. The authors have skilfully crafted *Employment Regulation in the Workplace* to be an effective learning tool. Each chapter opens with learning objectives and an example scenario, and each chapter contains plenty of illustrative figures, boxes, and diagrams. Chapters conclude with a listing of key terms, questions for discussion, and two case exercises. The book also includes a comprehensive bibliography.
