Predestination & Free Will David Basinger, Randall Basinger, 2009-09-20 If God is in control, are people really free? This question has bothered Christians for centuries. And answers have covered a wide spectrum. Today Christians still disagree. Those who emphasize human freedom view it as a reflection of God's self-limited power. Others look at human

freedom in the order of God's overall control. David and Randall Basinger have put this age-old question to four scholars trained in theology and philosophy. John Feinberg of Trinity Evangelical Divinity School and Norman Geisler of Dallas Theological Seminary focus on God's specific sovereignty. Bruce Reichenbach of Augsburg College and Clark Pinnock of McMaster Divinity College insist that God must limit his control to ensure our freedom. Each writer argues for his perspective and applies his theory to two practical case studies. Then the other writers respond to each of the major essays, exposing what they see as fallacies and hidden assumptions. A lively and provocative volume.

Some Answers Concerning Predestination and Free Will Election, Rejection, Whosoever M. E. Jacob, 2023-03-01 Free will of mankind and the angels, exist only within the parameters of God's PURPOSE. Concerning Predestination, there is the "subject" of predestination and also there are the two groups of the predestined elect.

Free Will and Predestination Loren Henry Wilson, 2011-05-25 This book is about a word that has probably caused more disagreement and contention in the churches of Jesus Christ than has any other word in our long history. The word is predestination. This book is also about the free will of man and the question of how man can be free if God has previously determined his fate. For centuries, the usual arguments that Christian people have made about these two issues have been exclusively from one side or the other, with little consideration for the opposite point of view. Seldom have they ever been considered together with any design to see how they might both exist with any validity. Although there have been some attempts in recent times to initiate dialog that might bring the two sides together, more often than not the conclusions to these efforts have been to acknowledge that both views are in the Bible, but only one can be understood at a time. The other is simply left alone as a mystery and ignored, resulting in more disagreements and even divisions. So here in these pages we will consider them together. The objective reader may find here some plausible arguments and some fresh insights into what the two words predestination and salvation truly mean. So we ask, is anything in this life absolutely certain? Is life, here and hereafter, a big gamble to see how it will all turn out? The Bible has the answer to both questions.

The Sovereign Gift JOSEPH E. FORREST, 2025-05-05 What if the age-old debate between free will and predestination isn't a battle to be won but a mystery to be understood? In this thought-provoking exploration, The Sovereign Gift:

Truth and Lies of What We Believe Scott Young, 2020-07-19 Have you ever wondered why the church has argued for centuries upon the topic of Free Will vs Predestination? It might seem like a dead issue but inside of this discussion, I take a deep dive into the roots of them. I decided to find words that explain these topics listed in the Bible that more closely represent what the Scriptures meant (as well as the Word stating about itself) in Choice balanced with Control. The world is asking these questions and if the Bride of Christ cannot answer them, they will be led by Satan to go their own way and not a Biblical direction upon the topic. I meld these two supposedly diametrically different philosophies into two words that are all over Scripture and counterbalance one another to spark in the Believer the heart of the Father.

Predestination and Freewill: two sermons by an Athanasian ATHANASIAN., 1829

The Case for Election The Original Doctrine of Predestination, Presented by the Apostles Marc A. Carr, 2012-04 This book is about how the Christian actually became a Christian. The 'process' is Marc's focus. How does God take the Chosen from the womb to salvation then into His eternal bosom? The classic position of Election and Predestination is made plain; forcing the reader to address the alternative, Man's free-will choice to be 'saved' or not. Can these two positions be reconciled? No, not really. The Lord assured Moses: I will make all My goodness pass before you, and I will proclaim the name of the Lord before you. I will be gracious to whom I will be gracious, and I will have compassion on whom I will have compassion, Exodus 33:19. Moses was to experience a limited 'theophany,' what the Greek Orthodox call a 'theosis,' the physical presence of God, Himself, equivalent to - 'My goodness.' It is God's very 'Goodness' the New Testament saint knows to be the indwelt Holy Spirit, the very Spirit of Christ Jesus, Himself, God Himself. Paul cites the Exodus passage in Romans to demonstrate to the body of Christ that God by His sovereignty elected each believer to be His own, that we did not elect ourselves to be God's. And one Saint asked, Why write about such things that have been covered for hundreds of years? True. But more recently much about God's sovereignty has been covered over. Christian modernity has adapted as the author once did to a new Evangelicalism. Whereby, some first truths have been buried so deep that when they are unearthed they appear to be a foreign theology to the present generation of Evangelical believers. Marc affords the saint the information necessary to actually understand how he or she actually got saved! Marc presently lives in Orlando Florida where he pastors Blessed Fellowship Orlando, an outreach ministry of Orlando Prayer and Worship Center, Senior Pastor Roy Futch.

Free Will Vs Predestination Theodore R. Johnstone M.D., 2019-05-08 A little more than five hundred years ago, Martin Luther should have nailed ninety-six theses to the church door instead of only ninety-five. The ninety-sixth could have been about predestination, wherewith Luther could have prevented a schism developing in Protestantism over the Doctrine of Predestination. John Calvin, another Reformer who followed Luther quite a few years later, mistakenly taught that

predestination, as described in the New Testament, applies to individuals instead of to the Christian Church as a whole. As a result, no one can choose eternal life or eternal damnation because every person has been predestined by God for one or the other. It is the church as a whole that was predestined by God ahead of time and not the individual. However, each individual can choose whether or not to join the church. This book shows Calvin's mistake.

God's Foreknowledge and Man's Free Will Richard Rice, 2004-01-27 This book is a thought-provoking study of some issues concerning the historic Calvinist/Arminian debate. Does God know absolutely everything that's going to happen? Can He foresee future moral choices and actions which have not yet been made? If one's future responses and behavior are totally foreknowable, is she truly free? Dr. Richard Rice explores these and other fascinating questions which have sometimes divided Christians. The author gives new perspective on one of the most fundamental issues of the Christian faith: the relationship of God to His creation and the reality and extent of human freedom. Carefully scrutinizing the Scriptures on this subject, the author challenges the reader to examine for himself this critical issue of theology. With strong theological background and sound biblical scholarship, Dr. Rice presents his viewpoint in a convincing and readable style.

Predestination Matthew Levering, 2011-05-26 Predestination has been the subject of perennial controversy among Christians, although in recent years theologians have shied away from it as a divisive and unedifying topic. In this book Matthew Levering argues that Christian theological reflection needs to continue to return to the topic of predestination, for two reasons: Firstly, predestinarian doctrine is taught in the New Testament. Reflecting the importance of the topic in many strands of Second Temple Judaism, the New Testament authors teach predestination in a manner that explains why Christian theologians continually recur to this topic. Secondly, the doctrine of predestination provides a way for Christian theologians to reflect upon two fundamental affirmations of biblical revelation. The first is God's love, without any deficiency or crimp, for each and every rational creature; the second is that God from eternity brings about the purpose for which he created us, and that he permits some rational creatures freely and permanently to rebel against his love. When theologians reflect on these two key biblical affirmations, they generally try to unite them in a logical synthesis. Instead, Levering argues, it is necessary to allow for the truth of each side of the mystery, without trying to blend the two affirmations into one. Levering pairs his discussion of Scripture with ecumenically oriented discussion of the doctrine of predestination in through the ages through the figures of Origen, Augustine, Boethius, John of Damascus, Eriugena, Aquinas, Ockham, Catherine of Siena, Calvin, Molina, Francis de Sales, Leibniz, Bulgakov, Barth, Maritain, and Balthasar. He concludes with a constructive chapter regarding the future of the doctrine.

God's Foreknowledge & Man's Free Will Richard Rice, 1985 Discusses the biblical view of the omniscience of God and examines the extent of humanity's freedom to make moral decisions
