American Military History Daniel K. Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title, Daniel Blewett continues his foray into the vast literature of military studies. As did its predecessor, it covers land, air, and naval forces, primarily but not exclusively from a U.S. perspective, with the welcome emergence of small wars from publishing obscurity. In addition to identifying relevant organizations and associations, Blewett has gathered together the very best in chronologies, bibliographies, biographical dictionaries, indexes, journals abstracts, glossaries, and encyclopedias, each accompanied by a brief descriptive annotation. This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries, government documents collections, military and intelligence agency libraries, and historical societies and museums.

Daily Life of U.S. Soldiers Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground-breaking work explores the lives of average soldiers from the American Revolution through the 21st-century conflicts in Afghanistan and Iraq. What was life really like for U.S. soldiers during America's wars? Were they conscripted or did they volunteer? What did they eat, wear, believe, think, and do for fun? Most important, how did they deal with the rigors of combat and coming home? This comprehensive book will answer all of those questions and much more, with separate chapters on the American Revolution, the War of 1812, the Mexican-American War, the Civil War, the Indian Wars, the Spanish-American War, World War I, World War II in Europe, World War II in the Pacific, the Cold War, the Korean War, the Vietnam War, the Persian Gulf War, the Afghanistan War and War on Terror, and the Iraq War. Each chapter includes such topical sections as Conscription and Volunteers, Training, Religion, Pop Culture, Weaponry, Combat, Special Forces, Prisoners of War, Homefront, and Veteran Issues. This work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military, including alcoholism, drugs, crimes, and desertion. Selected primary sources, bibliographies, and timelines complement the topical sections of each chapter.

The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1942-1976 Andrew James Birtle, 2006 CMH Pub 70-98-1. This study examines the nature of counterinsurgency and nation-building missions, the institutional obstacles inherent in dealing effectively with such operations, and the strengths and weaknesses of U.S. doctrine, including the problems that can occur when that doctrine morphs into dogma.

The Two Koreas Don Oberdorfer, Robert Carlin, 2013-12-10 An acclaimed history of the Korean Peninsula from World War II to the present day North Korea is an impoverished, famine-ridden nation, but it is also a nuclear power whose dictator Kim Jong-un regularly threatens his neighbors and adversaries, the United States in particular, with destruction. Even though Kim and President Donald Trump's responses to him dominate the daily headlines, the idea that North Korea is a menace is not a new one. Indeed, ever since Korea was first divided at the end of World War II, the tension between its

northern and southern halves has riveted-and threatened to embroil -- the rest of the world. In this landmark history, veteran journalist Don Oberdorfer and Korea expert Robert Carlin grippingly describe how a historically homogenous people became locked in a perpetual struggle for supremacy -- and how other nations including the United States have tried, and failed, to broker a lasting peace.

Alben Barkley James K. Libbey, 2016-04-15 Born to poor tenant farmers in a log cabin in Graves County, Kentucky, Alben Barkley (1877-1956) rose to achieve a national political stature equaled by few of his contemporaries. His memorable public career ranged from the Progressive era to the early years of the Cold War, and he witnessed or influenced many of the key events of the twentieth century. Eventually elected vice president of the United States on the ticket with Harry S. Truman in 1949, Barkley possessed a candid demeanor and social skills that helped him become one of the most popular politicians of his day. In *Alben Barkley: A Life in Politics*, James K. Libbey offers the first full-length biography of this larger-than-life personality, following Barkley in his transition from local politician to congressman, then senator, senate majority leader, vice president, and senator once again. A loyal Democrat, Barkley was instrumental in guiding Franklin D. Roosevelt's New Deal programs through Congress. He later took on a key role in managing domestic policy as the president became more and more immersed in World War II. Libbey also reveals Barkley's human side, from his extremely humble beginnings to his dramatic and chilling final speech at Washington and Lee University in 1956, when he said, I would rather be a servant in the house of the Lord than to sit in the seats of the mighty, delivering the legendary quote moments before succumbing to a massive heart attack. A significant contribution to American history, this definitive biography offers a long overdue look at the Iron Man of politics.

Arc of Empire Michael H. Hunt, Steven Levine, 2012-03-01 Although conventionally treated as separate, America's four wars in Asia were actually phases in a sustained U.S. bid for regional dominance, according to Michael H. Hunt and Steven I. Levine. This effort unfolded as an imperial project in which military power and the imposition of America's political will were crucial. Devoting equal attention to Asian and American perspectives, the authors follow the long arc of conflict across seventy-five years from the Philippines through Japan and Korea to Vietnam, tracing along the way American ambition, ascendance, and ultimate defeat. They show how these wars are etched deeply in eastern Asia's politics and culture. The authors encourage readers to confront the imperial pattern in U.S. history with implications for today's Middle Eastern conflicts. They also offer a deeper understanding of China's rise and Asia's place in today's world. For instructors: An Online Instructor's Manual is available, with teaching tips for using *Arc of Empire* in graduate and undergraduate courses on

America's wars in Asia. It includes lecture topics, chronologies, and sample discussion questions.

Quote ,1959

The War for Korea, 1945-1950 Allan Reed Millett,2005 When the major powers sent troops to the Korean peninsula in June of 1950, it supposedly marked the start of one of the last century's bloodiest conflicts. In volume 1, Allan Millett, however, reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule, 1910-1945. In volume 2, he shifts his focus to the twelve-month period from North Korea's invasion of South Korea on June 25, 1950, through the end of June 1951 -- the most active phase of the internationalized Korean War.
