Young Blood (An Umbrella Academy YA Novel) Alyssa Sheinmel, 2024-07-09 The official prequel novel to the hit *Umbrella Academy* series on Netflix, starring a teenage *Umbrella Academy* in an original, darkly comic adventure written by New York Times bestselling author Alyssa Sheinmel—now in paperback The *Umbrella Academy* has always been extraordinary—ready to leap to superpowered action at a moment's notice. But now that Five has disappeared and their fame has crested, sometimes the only thing Luther, Diego, Allison, Klaus, Ben, and Viktor want is to be normal . . . which is much easier said than done, when you were raised by someone like Hargreeves. For their exacting and tyrannical father figure, nothing is ever enough; which is why, during a dinnertime debriefing on their latest mission, Ben snaps, prompting Klaus to suggest that they all need a change of scenery—just one night of partying like a bunch of average teens. In fact, Klaus knows just the place; there's a frat house in a neighboring college town that throws weekend blowouts. What could go wrong? They soon realize sneaking out of Hargreeves's house—er, fortress—is the least of their concerns. When the six teens pledge not to use their powers under any circumstances, they fail to factor in the sheer force of teen drama. Faced with weird earthquakes, weirder partygoers, and a possible new foe, the *Umbrella Academy* must choose between the night they always dreamed of and an unexpected mission that may save the world and—finally—secure Hargreeves's approval.

Be with the Dead Matty Dalrymple, 2023-01-31 In the spectral silence of a deserted beach town, one wrong step could be fatal. □□□□ A riveting, fast-paced, intriguing read with a colorful cast of characters who pull you in and don't let go! —Lisa Regan, *USA Today* and *Wall Street Journal* Bestselling Crime Fiction Author In an almost-deserted condo complex overlooking the wintry Atlantic, some secrets are stored away just as carefully as the summer deck chairs—until Ann Kinnear arrives. Hired for what should be a straightforward speaking engagement at a writer's conference, Ann is soon drawn into a

tangle of ambitions, grudges, and dangerous bargains. An author desperate to break free of a suffocating publishing contract, a calculating editor juggling clients and agendas, and a shadowy figure slipping in and out of a thirteenth-floor unit all become part of a web Ann can't ignore—especially when her unique ability starts picking up threads no one else can perceive. As icy winds rattle the condo's walkways and the off-season streets grow darker, Ann must decide whom to trust in a community where every favor comes with strings, and where the next knock at the door could bring a breakthrough ... or a one-way descent. For readers who love atmospheric settings, amateur sleuths with an extraordinary edge, tangled motives, and slow-burn suspense that builds toward a deadly confrontation, *Be with the Dead* blends the eerie isolation of a winter beach town with the pulse-pounding stakes of a narrow ledge negotiation, where a single misstep could be the last step Ann takes.

The History and Allure of Interactive Visual Novels Mark Kretzschmar, Sara Raffel, 2023-06-15 Visual novels (VNs), a ludic video game genre that pairs textual fiction stories with anime-like images and varying degrees of interactivity, have increased in popularity among Western audiences in recent years. Despite originating in Japan, these stories have made their way into global culture as a genre accessible for both play and creation with wide-ranging themes from horror and loneliness to sexuality. *The History and Allure of Interactive Visual Novels* begins with a comprehensive overview of the visual novel genre and the cultural evolution that led to its rise, then explains the tropes and appeal of subgenres like bishojo (cute girl games), detective games, horror, and eroge (erotic games). Finally, the book explores the future of the genre in both user-generated games and games from other genres that liberally borrow both narrative and ludological themes from visual novels. Whether you're a long-standing fan of the genre or a newcomer looking for a fresh experience, *The History and Allure of Interactive Visual Novels* will provide an accessible and critically engaging overview of a genre that is rich in storytelling yet often overlooked.

The Sense of Death Matty Dalrymple, 2013-12 "A frighteningly meticulous villain and a formidable protagonist will have readers breezing through the pages." —Kirkus Reviews "Airtight. The characters are clever, real, and enjoyable, but also organic, their emotions genuinely wrought; there is no formula for brilliant writing like this." —Robert Blake Whitehill, Bestselling Author of *The Ben*
