Yahuwah's Game Sandy Bergen, 2017-09-14 Yahuwah's Game By: Sandy Bergen Yahuwah's Game is the author's true story of being targeted from birth, trained to be a sex child, whore, star and how her mind was controlled. The Sixth Sense Reader David Howes, 2024-11-01 What is the sixth sense? Is it physical, mental or spiritual? Do we all possess it or is it unique to exceptional individuals? Might there be a seventh sense and an eighth sense as well? What role does culture play in determining the range of our perceptual abilities? The search for a supplementary sense has taken many directions and yielded numerous possibilities for an additional faculty of perception - from magnetism and movement to dreaming and clairvoyance. Stimulating reflection and debate, *The Sixth Sense Reader* explores the cultural contexts which give rise to such reports of psychic and other powers that exceed the ordinary bounds of sense. In this groundbreaking volume, leading scholars in history, anthropology and biology take the reader on a tour of the far borderlands of consciousness. From the world beneath to the world beyond the five senses, every potential avenue of sensation is opened up for investigation.

Wild Religion David Chidester, 2012-04-23 *Wild Religion* is a wild ride through recent South African history from the advent of democracy in 1994 to the euphoria of the football World Cup in 2010. In the context of South Africa's political journey and religious diversity, David Chidester explores African indigenous religious heritage with a difference. As the

spiritual dimension of an African Renaissance, indigenous religion has been recovered in South Africa as a national resource. Wild Religion analyzes indigenous rituals of purification on Robben Island, rituals of healing and reconciliation at the new national shrine, Freedom Park, and rituals of animal sacrifice at the World Cup. Not always in the national interest, indigenous religion also appears in the wild religious creativity of prison gangs, the global spirituality of neo-shamans, the ceremonial display of Zulu virgins, the ancient Egyptian theosophy in South Africa's Parliament, and the new traditionalism of South Africa's President Jacob Zuma. Arguing that the sacred is produced through the religious work of intensive interpretation, formal ritualization, and intense contestation, Chidester develops innovative insights for understanding the meaning and power of religion in a changing society. For anyone interested in religion, Wild Religion uncovers surprising dynamics of sacred space, violence, fundamentalism, heritage, media, sex, sovereignty, and the political economy of the sacred.

The Book of Ash James Flint,2004 Wonderfully told, funny and touching, The Book of Ash is the story of a son's search for his father and his struggle to understand his family and the adult world. Twenty years ago Cooper James' life was torn apart. His family collapsed among the claustrophobic confines of a rural hippy commune. Cooper hasn't seen his father since the day his adultery was uncovered. As an adult he tries to forget his bizarre past and get on with the present but when a coffee canister, sent from America, filled with a strange grey dust arrives at his work, he is called before his superiors to explain. If it is not an anthrax hoax, then what is it? Could it be the ashes of his father? And if so, how has it found its way to him? Cooper leaves Britain for the United States where he tries to piece together the shards of his father's life from the conflicting accounts of his wierd and highly unreliable friends.
