La diversité linguistique, 2002-01-01 La conférence sur La diversité linguistique : défi pour les villes et régions européennes (Rovinj, Croatie, 22-23 mars 2001) a été organisée conjointement par le Congrès des pouvoirs locaux et régionaux de l'Europe (CPLRE), le ministère de l'Intégration européenne de Croatie et le Comité des régions de l'Union européenne. Elle a constitué la contribution majeure du CPLRE à l'Année européenne des langues 2001 et a été l'occasion du lancement de cette année européenne en Croatie. Cette conférence a rassemblé environ 150 participants et a permis à de nombreux experts, mais aussi aux membres du Congrès et aux élus locaux et régionaux présents, d'échanger leurs vues sur l'apprentissage des langues. Cette conférence a permis de présenter des exemples concrets d'apprentissage des langues, qu'il s'agisse des langues de communication internationale, de la langue nationale, régionale ou minoritaire.

The Vocabulary of Modern French Hilary Wise, 1997 In this book, Hilary Wise provides a comprehensive overview of the lexis of contemporary French: its historical sources, formal organisation and social and stylistic functions. The Vocabulary of Modern French provides a fresh insight into contemporary French. With this book, Hilary Wise offers the first comprehensive overview of the modern French vocabulary: its historical sources, formal organization and social and stylistic functions. Topics covered include: *external influences on the language*word formation*semantic change*style and register. In addition, the author looks at the relationship between social and lexical change and examines attempts at intervention in the development of the language. Each chapter is concluded by notes for further reading, and by suggestions for project work which are designed to increase awareness of specific lexical phenomena and enable the student-reader to use lexicographical databases of all kinds. The Vocabulary of Modern French is an accessible and fascinating study of the relationship between a nation and its language, as well as providing a key text for all students of modern French.

French Today Carol Sanders,1993-04-08 French Today is a profile of the French language in its social context. British and French linguists examine trends in French throughout the French-speaking world, and address issues around prescriptivism, gender and language, and regional languages and dialects. The collection includes overviews of work done in particular areas and deeper analyses of sociolinguistic questions. One theme is how to represent and interpret data relating to language varieties that have been marginalised. Another concerns the ways in which French is adapting to the future, whether as a language of new technology, or as a vehicular language on the continent. All chapters of this book are in English, with examples and quotations in French, and a mixture of references given in both languages. At the end of each chapter, there are also texts in French, serving as illustration and as pointers to further reading.
