Due to this reaction nearly every shooter will encounter a Target Panic associated issue at some point in their shooting career. However, with proper education on how we are wired, and instruction on how to approach the problem most shooters can remedy and improve their shooting dramatically. In the book we provide a detailed explanation of what Target Panic is, the mental and physical symptoms of what an archer might experience with Target Panic, and a step by step guide to implementing Joel Turner's Controlled Process Shooting system.
