Game Plan Mike Mancias, 2024-05-21 From the trainer and high-performance expert behind LeBron James and other superstars, a blueprint to achieving peak physical and psychological well-being—and sustaining it for the long haul. With a foreword by LeBron. “Mike Mancias is more than a teacher or trainer, his approach to health and wellness is an approach to life. If you stay ready, you ain’t gotta get ready.” —Usher Mike Mancias has spent two decades developing and refining a winning blueprint for athletic excellence. He’s worked with countless professional athletes, sports franchises, and the US Olympic Program. And his methods have propelled the rise of LeBron James, arguably the best-trained athlete in the world, and the gold standard for elite longevity. In *Game Plan*, he shares those secrets with the rest of us. Over the course of three parts—the first focused on nutrition (“Eat with performance first and foremost in your mind”), the second on physical training (“We find the best ways to keep the body in constant motion”), and the third on recovery (“Recovery doesn’t start after performance but during performance”)—Mancias guides readers on their own journey to tiptop performance. Revelations include the precise time to eat before an athletic pursuit, the hidden pitfalls of stretching, the right temperature for sleeping, therapeutic breathing techniques to turn off stress, and why naps are not just for babies. Throughout, Mancias makes the case that excellence must begin with the mind before it can manifest in the body—and shows you how to cultivate it. *Game Plan* offers an actionable, holistic, and comprehensive roadmap to peak performance.

May 18: Unlocking the Secrets of Your Birthdate Robert J Dornan, 2025-11-09 What if your birthday was more than a date on the calendar—what if it was a map? This isn’t your grandmother’s astrology book, and it’s not a recycled “one-size-fits-all”

horoscope either. Each day of the year gets its own deep dive, written in plainspoken, funny, and emotionally honest language designed to feel like a conversation with your smartest (and slightly sarcastic) friend. Whether you're reading about yourself, someone you love, or just snooping on your crush's birthday, you'll find insights that actually make sense in the real world. Inside, you'll discover: Life Path numbers and destiny breakdowns that are finally accurate (no recycled math mistakes here). Creative and career guidance written for people who live in the 21st century, not the Middle Ages. Relationships and compatibility chapters that trade clichés for real-life dynamics you'll actually recognize. Colors, stones, and scents with fascinating history, from Cleopatra's amethyst to why frankincense still feels grounding after thousands of years. Past life echoes and lunar cycle insights that turn déjà vu and timing into something you can work with. Luck, legacy, and growth practices explained with wit, warmth, and a little bite—because inspiration lands better when it doesn't sound like a motivational poster. Every chapter blends ancient traditions with modern humor, historical facts with clever storytelling, and cosmic symbolism with grounded advice. The result is a guide that feels timeless and surprisingly personal. Whether you dip into your own birthday, check out friends' and family's dates, or just binge through for fun, you'll find patterns, stories, and insights that stick with you long after you've closed the book. Here's the truth: your birthday isn't just the day you showed up—it's a mirror, a rhythm, and a reminder. And this book? It's here to make sure you see it all, laugh at it, and maybe even use it to live a little better.
