

Of Monsters Men And Moles

Franz Hartmann

Of Monsters, Men, & Moles J S Cooper,Natalia Lamb,2023-03-24 There was once a lamb and a big bad wolf. He's looking for a wife and she's looking for an adventure. To wolf Antonio Marchesi it was all about winning. Poor little lamb Callie Rowney didn't even realize it was a game. As a mafia boss, I'm meant to marry someone in my world. Someone that knows what it's like to run the world. To aid in my betrothal, my father sets up a ball and invites all the eligible women from across the country. One of them will become Mrs. Antonio Marchesi. She will be my wife. We won't be in love, but she will play her role. Then I see the brunette in the red dress hiding in the corner of the room, trying to avoid me. She was the same woman I'd seen in the garden with her book. She's sweet, innocent, a lamb. I want her. She's totally inappropriate for the role of mafia wife. She's not from my world. Yet I can't stop my eyes from keenly following her around. And on the stroke of midnight, I make my way to talk to her, but she disappears into the night. * * * My roommate invited me to a party. I didn't realize it was for a mafia boss that was looking to select a wife. There were hundreds of women there, hoping to win the honor, but he's not my idea of a Prince Charming. He's tall, arrogant, cold, austere, and the most handsome man I've ever seen in my life. They call him Antonio The Wolf Marchesi, and the name sends a shiver down my spine. I decided to leave the party before my real identity was discovered. I climbed down a tree, slipped, and he caught me at the bottom. He held me like he didn't want to let go. He's the head of the Marchesi Famiglia: notorious, calculating, heartless. He gets everything he wants, and yet she might prove to be the one person he can't have.

Encyclopædia of Superstitions, Folklore, and the Occult Sciences of the World Cora Linn Daniels,C. M. Stevans,2003-11 Originally published in 1903, this is an excellent source for an historical perspective on superstitions and folklore. Hundreds of entries are arranged alphabetically within broad subject categories. The original subtitle reads: A comprehensive library of human belief and practice in the mysteries of life through more than six thousand years of experience and progress including

the fundamental intuitions and instincts underlying the structure of civilization, theology, mythology, demonology, magic, witchcraft, esoteric philosophy, signs, omens, oracles, sorceries, auguries, divinations, prophecies, methods and means employed in revealing fortune and fate, systems and formulas for the use of psychical forces, hypnotism, clairvoyance, telepathy, spiritualism, character reading and character building with all the known powers and wonders of mind and soul, illustrated with numerous ancient and modern designs and thoroughly indexed.

A Study of the Causes Underlying the Origin of Human Monsters Franklin Paine Mall, 1908

The Fear of Hell Piero Camporesi, 1991 The Fear of Hell is a provocative study of two of the most powerful images in Christianity&—hell and the eucharist. Drawing upon the writings of Italian preachers and theologians of the Counter-Reformation, Piero Camporesi demonstrates the extraordinary power of the Baroque imagination to conjure up punishments, tortures, and the rewards of sin. In the first part of the book, Camporesi argues that hell was a very real part of everyday life during the sixteenth and seventeenth centuries. Preachers portrayed hell in images typical of common experience, comparing it to a great city, a hospital, a prison, a natural disaster, a rioting mob, or a feuding family. The horror lay in the extremes to which these familiar images could be taken. The city of hell was not an ordinary city, but a filthy, stinking, and overcrowded place, an underworld &sewer& overflowing with the refuse of decaying flesh and excrement&—shocking but not beyond human imagination. What was most disturbing about this grotesque imagery was the realization by the people of the day that the punishment of afterlife was an extension of their daily experience in a fallen world. Thus, according to Camporesi, the fear of hell had many manifestations over the centuries, aided by such powerful promoters as Gregory the Great and Dante, but ironically it was during the Counter-Reformation that hell's tie with the physical world became irrevocable, making its secularization during the Enlightenment ultimately easier. The eucharist, or host, the subject of the second part of the book, represented corporeal salvation for early modern Christians and was therefore closely linked with the imagery of hell, the place of perpetual corporeal destruction. As the bread of life, the host possessed many miraculous powers of healing and sustenance, which made it precious to those in need. In fact, it was seen to be so precious to some that Camporesi suggests that there was a &clandestine consumption of the sacred unleavened bread, a network of dealers and sellers& and a &market of consumers.& But to those who ate the host unworthily was the prospect of swift retribution. One wicked priest continued to celebrate the mass despite his sin, and as a result, &his tongue and half of his face became rotten, thus

demonstrating, unwillingly, by the stench of his decaying face, how much the pestiferous smell of his contaminated heart was abominable to God.& When received properly, however, the host was a source of health and life both in this world and in the world to come. Written with style and imagination, The Fear of Hell offers a vivid and scholarly examination of themes central to Christian culture, whose influence can still be found in our beliefs and customs today.
