Mark Gaffney

The Big Bamboozle Philip Marshall, 2012 From the perspective of a Boeing 767 captain and former special activities contract pilot, Philip Marshall straps the reader into the cockpits of hijacked commercial airliners to tell the story of the most sophisticated terrorist attack in history. Based on a comprehensive ten-year study into the murders of his fellow pilots on 9/11, he explains how hijackers, novice pilots at the controls of massive guided missiles, were able to beat United States Air Force fighters to iconic targets with advanced maneuvering, daring speeds and a kamikaze finish. But, as Marshall explains, the tactical plan was so precise that it rules out car-bombers and shoe-bombers known as al Qaeda, KSM and Osama bin Laden. So then, who was it? That's what you are about to learn. Backed by official NTSB, FAA and black box recordings, Marshall finds the most capable and most documented group of conspirators buried deep within a Congressional Inquiry's report and retraces their work in gripping detail. Fasten your seatbelt--- the sad truth is that all of the solid evidence points to a dark collaboration between members of the Bush Administration and a covert group of Saudi government officials. This is a game changer that will finally set the record straight on the most horrific crime in US history. This book is a compilation of official reports that disputes the Bush Administration, the Bush Intelligence Community and the American media's account of the 9/11 attack. United States Senator Bob Graham's Congressional Joint Inquiry in 2002 revealed that Saudi Arabian Intelligence agents met the 9/11 hijackers in the Los Angeles in January of 2000, harbored them and led them to 18 months of flight training in Florida and Arizona. Marshall follows reports from FBI field agents that warned George W. Bush's Administration that a cadre of individuals of investigative interest were engaged in flight training in the Arizona desert in the spring of 2001. Marshall identifies three top federal investigators who complained that Dick Cheney obstructed justice by refusing access to suspects who supposedly confessed to the greatest crime in U.S. history. None of the federal investigators were ever allowed to verify the confession of Khalid Sheikh Mohammed who had been water boarded over 180 times at Guantanamo detention facility. The book disputes the video and media confession of Osama bin Laden and points out that none of the accusations by the Bush Administration could be proved. Marshall asserts that the Saudi government was the true executioners of the 9/11 attack and framed their enemies while CIA special operations set up an elaborate decoy named Osama bin Laden to divert attention away from the Saudi operation. He follows the hijackers to flight training airports and finds that Saudi agents led the hijackers to the Arizona desert where Boeing 757 and Boeing 767 airliners were parked at a

secluded CIA operated airport. The operators of the CIA airport were traced to suspicious insider stock trades on two airlines, United Airlines and American Airlines, the only two airlines used in the 9/11 attack. Marshall breaks down the tactical flight plan that was used by the hijackers and chronicles the actions of Condoleezza Rice, Donald Rumsfeld, Saudi Arabian Prince Bandar bin Sultan, Dick Cheney and George W. Bush to learn that their account of the attack was severely flawed. Three top investigators wrote that Dick Cheney had obstructed the investigation and redacted the involvement of the Saudi government agents who were employed in California by the Saudi Civil Aviation authority. The Congressional Inquiry reported that the Saudi agents had seemingly unlimited funding from Saudi Arabia and had traced the hijacker financial support to Prince Bandar through a Riggs Bank account. Finally Marshall chronicles the media trial that allowed Bush and Cheney to derail American Justice by trying the 9/11 case with media propaganda and away from the American federal court system.

Whistleblowers: True Patriots of Humanity Shawn Alli, 2014-07-12 Whistleblowers are the gatekeepers who hold the keys of the kingdom in their pockets, and capable of revolutionizing all of humanity. The idea that patriotism is a concept limited to one's government and implies obedience to them is equal to propaganda on steroids. Generational, societal, political, social and religious conditioning reaches into the minds of whole populations and enslaves them in a dreamlike state. Whistleblowers are paradigm shifters who are capable of waking up the masses. And it's high time that the masses wake up, take responsibility for their lapse in judgement, and hold corrupt governments/officials accountable for their actions. In Whistleblowers: True Patriots of Humanity, you'll learn: How to blow the whistle safely with various frameworks and methodologies. How to separate the real whistleblowers from the celebrity ones using the Standard Whistleblowing Criterion. Understand the dynamics of the conspiracy theory movement. Why many Five Eyes government constitutions and oaths of allegiance are invalid. Understand the US and UK government's war against journalists. How mainstream media and alternative media outlets can redefine themselves in the 21st century.

Black 9/11 Mark Gaffney, 2016-09-01 The weeks following the attacks of September 11, 2001, were traumatic for nearly every American, but for some, the answers they received from the media and the government to explain the horrific events were not satisfactory. Accusations of cover-ups, internal plots, and sabotage from within the ranks of the U.S. government were—and continue to be—not uncommon. But compelling evidence contrary to the accepted narrative has, for some skeptics, been lacking. This investigation into the events of that day reveals dark secrets about United States-sponsored terrorism. Taking highly complex technical and scientific information, and distilling it for the consumption of the lay person, this inquiry attempts to reveal the truth behind that infamous day.

Triumph of the Light Vidya Frazier, 2017-11-20 Story of Humanity's Enslavement and Impending Liberation If you're disturbed by the increasing chaos, disasters and violence playing out on the world stage, this book will help you understand why this is all happening. It will introduce you to a world that may sound like science fiction or conspiracy theory—but becomes a fascinating story difficult to dispute or deny, as it finally makes sense of what is happening. The story presented here is largely based on information revealed by increasing numbers of courageous whistle-blowers from within the military, intelligence communities and researchers who are speaking truths long kept secret from the public. It becomes clear that humanity has actually been controlled for thousands of years in insidious ways most people are unaware of. And that there is a battle currently being waged for humanity's liberation from this control. *Triumph of the Light* may lead you to question your beliefs, your conditioning, and what you've believed to be true about the world and humanity's history. Although disturbing in many ways, what's offered here is also exciting and uplifting, as the author gives great hope for our future. It becomes clear that, even with all that is now occurring, humanity is actually on the verge of an incredible leap in consciousness into a state of much greater freedom, harmony, justice and spiritual awakening.
