*The Language of Leadership* Paul Tsika,2021-11-16 Leaders are unique individuals. They seem to have the innate ability to dream big, craft a vision, rally followers, and create change. While it's true that leaders think and act differently than the average person, the truth is that these distinctions all have a surprisingly simple origin: their words. If the words we use affect...

Leaving a Legacy Dr. David L. Clifton,2015-11-17 Hitler died in his destructive quest to build a world empire. Caesar conquered the known world and was stabbed in the back. Louis XIV nearly bankrupted France in his pursuit of building the most glorious palace ever conceived. What do the rich and famous leave behind? What about those who are not so famous? What are we leaving our families, our children, or those we love? When we stand before God on our day of reckoning, what will we have to show? What about Jesus? Did He exist, and did He leave behind anything on earth as His legacy? You will find the answers you need in *Leaving a Legacy*. What is our purpose in life? **Leave a Legacy** J. Russell Turney,2017-09-15 In this second volume of the new APTS Press Monograph Series, Dr. Russ Turney presents a compelling case study of why some missionaries leave the field far too soon. Normal attrition occurs because of health problems, retirement, or the obvious call of God to go elsewhere. However, Turney notes that far too often missionaries leave due to interpersonal conflicts with their colleagues or nationals, problems with authority and other issues that, Turney contends, could be significantly reduced. He then presents an excellent strategy for dealing with these and other issues, enabling missionaries to continue in their calling long term and finish well. This strategy will help equip not only missionaries and mission leaders from both the West and the Majority World, but also pastors and church members who love

and support missionaries and who want to learn how to strengthen them better through prayer and action. Anyone who shares the warm hearted conviction that missionaries can and should leave a legacy will benefit from this book. From the Foreword. . .

Leaving a Family Legacy Kari Alvaro,2023-02-02 In our current culture, is it even possible to raise kids of faith who are governed by character, have solid family relationships, and are contributors to their world? Yes, yes, and yes! Leaving a Family Legacy is written to instill confidence in you to courageously raise your children in the ways of the Lord. Rather than delivering formulas, the Alvaros share principles found in God's Word, which can be implemented uniquely within your family. Through real-life scenarios, Kari and Gerald share successes, failures, and the lessons learned from both. They invite you to cast a vision for your family and choose the values you wish to impart and then offer strategies for implementing ways of living into your goals. You'll walk through character development, the four primary stages of parenting, how to restore peace out of chaos, and how to develop strong family bonds of love and trust. With an emphasis on reaching the heart of your children as much as influencing their behavior, you'll learn to inspire them to walk with God and equip them to make wise choices for themselves. Designed for putting principles into practice, each chapter is followed by application steps for implementing strategies as well as discussion questions for small group study. Leaving a Family Legacy offers you hope and guidance in the daily activities of raising your kids to know God personally, bring joy to your family, and make a difference in their world.

*It's News to Me!* Linda Schiphorst McCoy, 2001 All too often, many people find traditional worship dull and the sermons they hear impractical for living in today's world. Yet Linda McCoy is convinced that the message of God's unconditional love is the most vital word for life anyone can receive -- especially those who have never heard or truly experienced it. Her inspiring sermons share that message of hope with modern Americans by bridging the gap between the sacred and the secular. As the fruit of her non-traditional ministry directed toward those who have never been part of a church or who have been turned off or disenfranchised by the established church, McCoy's short, to-the-point messages effectively and relevantly communicate the good news to anyone who is searching for an experience of the Divine. Readers of these sermons will be connected to a deep sense of purpose and enriched by God's amazing love and grace. Sermon titles include: - Prepare For Arrival (Matthew 3:1-12) - The Power Of A Dream (Matthew 2:13-23) - Positive Identification (John 1:29-42) - Building Bridges (Matthew 5:21-37) - It's A Mystery (Matthew 17:1-9) Linda Schiphorst McCoy has been the pastor of The Garden (a Blossom of St. Luke's United Methodist Church) in Indianapolis since 1995, and from 1982-1995 served as associate pastor at St. Luke's. McCoy earned degrees in French (B.A.) and Education (M.S.) from Indiana University, and received her theological training from Christian Theological Seminary in Indianapolis (M.Div.) and United Theological Seminary in Dayton, Ohio (D.Min.).

**The Perennials** Mauro Guillen, 2023-08-22 'Will open your mind to your own future and show you a new world of adventure.' - ARTHUR C. BROOKS For the first time in human history, eight defined generations live together side by side, from Alphas to the Greatest Generation by way of Boomers, Xennials, Millennials and more. However, these definitions have so often been used to pigeonhole us into rigid categories, all underpinned by the restrictive 'four stages of life' model - of play, study, work, retirement. This means that potential is left untapped on a societal level; also individuals are tied into a trajectory that minimises opportunity and fulfilment. In *The Perennials*, Mauro Guillén unpacks the megatrends - such as increasing longevity and the explosion of technology, among others - that are transforming life as we know it. How, within this milieu, a new group of 'perennials' must emerge: individuals who cannot be so easily defined by the pervasive metrics of age and experience or by simple inter-generational conflict. These post-generational perennials offer the promise of liberating us from the constraints of the accepted four stages of life model, therefore allowing everyone the chance of living a

much more rewarding and fulfilling life. Guillén proceeds to unveil how this revolution will impact young people just entering the world of work, as well as those who are living and working longer. This multigenerational revolution is already happening and Mauro Guillén identifies how we can usher in a new era of innovation in almost every facet of life and work - powered by the perennials.
