SELF SEEKING Dennis Waite,2025-10-14 Are you interested in Advaita and want to become enlightened? How should you go about it? What will happen if you do? How can you know what works and what doesn't? In particular, how should you go about finding a teacher? What books should you read? Author Dennis Waite answers all these questions and more, having communicated with many teachers and seekers over the past 25 years, accumulated around 1500 books on Advaita, and written more than 10 books himself. In these pages, you will learn how to identify false teachers by spotting irrelevance, pitfalls, fallacies, and mystical /mumbo jumbo/. You will be warned against grandiose marketing claims, spiritual catchphrases, unclear language and poetry, and why you should be wary of various transcriptions and translations. For instance, the styles of Neo-Vedanta, Neo-Advaita, Direct Path, and /satsang/, in general, are compared with the original

traditional teaching, and the relative values of scriptures, psychology, social media, and even AI are investigated. An attempt has been made to research all living teachers and organizations that claim to be teaching Non-Duality in the West and establish whether it is really Advaita. Do they help you to seek the Self or are they simply self-seeking?

Leadership Legacy Moments Grady E. Bogue,2010-04-16 Written for college leaders at all levels as well as for trustees, this book engages the reader, via narrative and analysis, with the reflective and practical knowledge essential to a constructive legacy. Leaders of colleges and universities hold in trust an enterprise of complex mission, governance, and outcome. Most will take office with accompanying media celebration of their past records and future promise. Each will exit with a legacy. A few will leave behind tragic legacies of defeated spirits, corrupted organizations, and shameful ethical records. We may hope for collegiate leaders who will leave behind faculty and staff talents of greater promise, worthy goals achieved in concert with faculty and staff, and value cultures that inspire curiosity, courage, and compassion.
