The Ending of Tribal Wars Jürg Helbling, Tobias Schwoerer, 2021-03-24 All over the world and throughout millennia, states have attempted to subjugate, control and dominate non-state populations and to end their wars. This book compares such processes of pacification leading to the end of tribal warfare in seven societies from all over the world between the 19th and 21st centuries. It shows that pacification cannot be understood solely as a unilateral imposition of state control but needs to be approached as the result of specific interactions between state actors and non-state local groups. Indigenous groups usually had options in deciding between accepting and resisting state control. State actors often had to make concessions or form alliances with indigenous groups in order to pursue their goals. Incentives given to local groups sometimes played a more important role in ending warfare than repression. In this way, indigenous groups, in interaction with state actors, strongly shaped the character of the process of pacification. This volume's comparison finds that pacification is more successful and more durable where state actors mainly focus on selective incentives for local groups to renounce warfare, offer protection, and only as a last resort use moderate repression, combined with the quick establishment of effective institutions for peaceful conflict settlement.

Heilige, Biographien und Geschichte in Afrika Manfred Kropp, 2003 Twenty contributions from international scholars discuss how biographical material surrounding African saints is constantly revised in order to create and maintain a historico-cultural identity. Ten of the contributions are in English; the others are in French and German. Sample topics include Islam and the role of the saintly, holy women in Ethiopia, and the use of hagiographical sources for the historiography of Medieval Shoa. The papers were originally presented at a 1997 conference organized by the U. of Paris and Johannes Gutenberg U. The volume is not indexed. Slavery 101 Ken Mercer,2021-04-19 "My Christian faith taught me always to fight hard but only to fight back with the truth. Sadly, I learned that the opposition to Judeo-Christian faith and family values has never had truth as a requirement." —Ken Mercer Mercer describes slavery as Evil. Slavery existed in the world for thousands of years before the founding of our thirteen colonies and before the signing of our 1776 Declaration of Independence. Then came "The Great Awakening" of the Christian faith in the United States, the United Kingdom, and Europe. The movement to abolish world-wide slavery was born. Article 1 (Section 9) of the Constitution, the Emancipation Proclamation, and the three post-Civil War Constitutional Amendments, are just a few examples of historical events championed by Christian men and women standing firm against powerful and evil forces. This book, *Slavery 101*, is the first in a series of "Mercer Moments in American History." Future projects planned include *Constitution 101—Separation of Church and State*, and *In God We Still Trust*. Ken Mercer believes: "We will never fully comprehend our Founding Father's challenge to continuously strive to become a 'more perfect Union' unless we understand what makes our United States of America so exceptional. It is the profound impact and unbroken revival of Judeo-Christian values throughout our history."
