The Great American Dust Bowl Don Brown, 2013 The causes and results of the Dust Bowl and how the lessons learned are still used today. Presented in comic book format.

A Cup of Dust Susie Finkbeiner, 2015 Ten-year-old Pearl Spence lives in Dust-Bowl era Oklahoma with her mentally-impaired sister and sheriff father. Pearl's secure life begins to crumble when a hobo named Eddie comes into town and exposes a shocking secret that involves the whole town.

Years of Dust Albert Marrin, 2012-10-11 In the 1930's, great rolling walls of dust swept across the Great Plains. The storms buried crops, blinded animals, and suffocated children. It was a catastrophe that would change the course of American history as people struggled to survive in this hostile environment, or took the roads as Dust Bowl refugees. Here, in riveting, accessible prose, and illustrated with moving historical quotations and photographs, acclaimed historian Albert Marrin explains the causes behind the disaster and investigates the Dust Bowl's impact on the land and the people. Both a tale of natural destruction and a tribute to those who refused to give up, this is a beautiful exploration of an important time in our country's past.

Dust Bowl Donald Worster, 1982 In the mid 1930s, North America's Great Plains faced one of the worst man-made environmental disasters in world history. Donald Worster's classic chronicle of the devastating years between 1929 and 1939 tells the story of the Dust Bowl in ecological as well as human terms. Now, twenty-five years after his book helped to define the new field of environmental history, Worster shares his more recent thoughts on the subject of the land and how humans interact with it. In a new afterword, he links the Dust Bowl to current political, economic and ecological issues--including the American livestock industry's exploitation of the Great Plains, and the on-going problem of desertification, which has now become a global phenomenon. He reflects on the state of the plains today and the threat of a new dustbowl. He outlines some solutions that have been proposed, such as the Buffalo Commons, where deer, antelope, bison and elk would once more roam freely, and suggests that we may yet witness a Great Plains where native flora and fauna flourish while applied ecologists show farmers how to raise food on land modeled after the natural prairies that once existed.

The Worst Hard Time Timothy Egan, 2006-09-01 In a tour de force of historical reportage, Timothy Egan's National Book Award-winning story rescues an iconic chapter of American history from the shadows. The dust storms that terrorized

the High Plains in the darkest years of the Depression were like nothing ever seen before or since. Following a dozen families and their communities through the rise and fall of the region, Timothy Egan tells of their desperate attempts to carry on through blinding black dust blizzards, crop failure, and the death of loved ones. Brilliantly capturing the terrifying drama of catastrophe, he does equal justice to the human characters who become his heroes, “the stoic, long-suffering men and women whose lives he opens up with urgency and respect” (New York Times). In an era that promises ever-greater natural disasters, *The Worst Hard Time* is “arguably the best nonfiction book yet” (Austin Statesman Journal) on the greatest environmental disaster ever to be visited upon our land and a powerful reminder about the dangers of trifling with nature. This e-book includes a sample chapter of *THE IMMORTAL IRISHMAN*.

Death of a Rainmaker Laurie Loewenstein, 2018-10-02 A classic murder mystery set in the 1930s Dust Bowl that portrays the era with great beauty, tenderness, and sorrowful authenticity. —Finalist for the 2019 Oklahoma Book Awards, Fiction This striking historical mystery . . . is brooding and gritty and graced with authenticity. — NPR, One of the Best Books of 2018 selected by Maureen Corrigan The murder investigation allows Loewenstein to probe into the lives of proud people who would never expose their troubles to strangers. People like John Hodge, the town's most respected lawyer, who knocks his wife around, and kindhearted Etha Jennings, who surreptitiously delivers home-cooked meals to the hobo camp outside town because one of the young Civilian Conservation Corps workers reminds her of her dead son. Loewenstein's sensitive treatment of these dark days in the Dust Bowl era offers little humor but a whole lot of compassion. — New York Times Book Review When a rainmaker is bludgeoned to death in the pitch-blackness of a colossal dust storm, small-town sheriff Temple Jennings shoulders yet another burden in the hard times of the 1930s Dust Bowl. The killing only magnifies Temple's ongoing troubles: a formidable opponent in the upcoming election, the repugnant burden of enforcing farm foreclosures, and his wife's lingering grief over the loss of their eight-year-old son. As the sheriff and his young deputy investigate the murder, their suspicions focus on a teenager, Carmine, serving with the Civilian Conservation Corps. The deputy, himself a former CCCer, struggles with remaining loyal to the corps while pursuing his own aspirations as a lawman. When the investigation closes in on Carmine, Temple's wife, Etha, quickly becomes convinced of his innocence and sets out to prove it. But Etha's own probe soon reveals a darker web of secrets, which imperil Temple's chances of reelection and cause the husband and wife to confront their long-standing differences about the nature of grief.

The Dust Bowl Marie Roesser, 2019-12-15 Most people have at least seen a snowstorm on television, but imagine a storm of dust instead of snow. These were called black blizzards in the Dust Bowl, which was the name for the Great Plains of the United States during the 1930s. The Dust Bowl Through the Lens Martin W. Sandler, 2009-10-13 The Dust Bowl was a time of hardship and disaster. The worst ecological disaster in our nation's history turned more than 100 million acres of fertile land almost completely to dust. Hundreds of thousands of people were forced to seek new homes and opportunities thousands of miles away, while millions more chose to stay and battle nature to save their land. These terrible repercussions from the Dust Bowl contributed to the Great Depression, which impacted the entire country. FDR's New Deal army of photographers took to the roads during this national crisis to document the human struggle of the proud people of the plains. Their pictures spoke a thousand words, and a new form a storytelling—photojournalism—was born. These talented cameramen and women used photographs to inform the rest of the nation and bring about much-needed change. With the help of iconic images from Dorothea Lange, Walker Evans, Arthur Rothstein, and many more, Martin W. Sandler tells the story of this man-made natural disaster and these troubling economic times, ultimately showing how a nation can endure its darkest days through extraordinary courage and human spirit.

Letters from the Dust Bowl Caroline Henderson, 2012-10-19 In May 1936 Secretary of Agriculture Henry A. Wallace wrote to Caroline Henderson to praise her contributions to American understanding of some of our farm problems. His comments reflected the national attention aroused by Henderson's articles, which had been published in *Atlantic Monthly* since 1931. Even today, Henderson's articles are frequently cited for her vivid descriptions of the dust storms that ravaged the Plains. Caroline Henderson was a Mount Holyoke graduate who moved to Oklahoma's panhandle to homestead and teach in 1907. This collection of Henderson's letters and articles published from 1908 to 1966 presents an intimate portrait of a woman's life in the Great Plains. Her writing mirrors her love of the land and the literature that sustained her as she struggled for survival. Alvin O. Turner has collected and edited Henderson's published materials together with her private correspondence.
