Botanical Drawings Learn to draw flowers, leaves, cacti, succulents and others step by step guide, 2024-02-16 This is such a playful, sometimes delicate, and easier-than-you-probably-expect art form that doesn't require many materials, but does allow you to branch out and create something gorgeous by applying other types of art to your illustrations. Line drawing looks lovely as standalone piece but also works well when incorporating watercolor and hand lettering. Adding line drawings can really bring a piece to life. This step-by-step book guides you through pages and pages of simple illustrated instruction, with five steps per illustration. You will see that each step adds onto the previous shape or detail, and in no time, you'll have

produced your very own coveted line drawing! I encourage you to pull out a sketchbook and practice these plants separately, then bring them together to showcase them as a lovely floral wreath, bouquet, wildflower field, succulent garden, and more. Options are limitless with this art form!

Botanical Line Drawing Peggy Dean, 2017-08-13 This simple line drawing guide features all of our favorite cacti and succulents and is perfect for the beginner and a great addition to the tool box of a seasoned artist. Easy-to-understand instructions are presented with six illustrative steps, void of written instruction or over-the-top explanation.

In this book you'll learn some botanical/organic tangles as

well as some simple botanical line drawings that you can incorporate in your tiles. I like playing with various art forms and am constantly looking for ways to marry art styles. I have added watercolors, mixed media backgrounds and more to my tangled tiles. In this book we will just focus on black and white botanical inspired tiles and projects. You will see artwork from many different CZTs (Certified Zentangle Teachers). This will inspire you and allow you to see how varied this art form can be and how one tangle can be used in many different ways. We will start with a short introduction to the Zentangle(R) method. I will go over all the basics of what tiles and tangles are. Then we will move on to tools and your workspace and what you will need to get started. The fun starts here! We will dive into organic tangles and you'll learn to tangle. Most of these tangles are official - that means they were created by Zentangle(R) HQ (Maria, Rick, Martha and Molly). After this section I will also share some other tangles I love that you can look up yourself and some botanical line drawings to add extra interest to your art. Then we will move onto some artists and their botanical tiles. You'll be inspired by the breadth of the work being done and will learn new ways of incorporating different tangles in your work. I love projects and worksheets of all kinds! So I will end with some projects and worksheets for you to play with. This book is meant to be an introduction to the world of Botanical Zentangle(R) but I will leave you with lots of resources and online class links that you can take with immensely talented CZTs. Welcome to the world of tangling! This book is perfect for beginners and wangers with some experience.
