Working in Sport Rocco Porreca,2024-11-04 This book is a practical guide to getting your dream job in the sport industry. Offering a concise introduction to the contemporary sport industry and the wide range of careers within it, the book explains how to acquire the skills, qualifications, and experience you need to stand out from your competitors and start building your career in sport. Covering all sectors of sport, from public to professional, from elite level to grassroots, and from major sports organizations to self-employment and entrepreneurship, the book surveys the landscape of the global sport industry. It looks at some of the myths that persist about working in sport and explains the types of education, qualifications, professional training, experiences, and skills that employers are looking for. The book identifies careers in different sectors of sport, such as sport management and sport media, and introduces the key building blocks of career development, including how to write a strong CV; good interview techniques; making the most of internships, placements, and volunteering; networking; and promoting your personal brand on social media. Every chapter includes interviews with successful industry professionals from around the world, and a “career playbook” section brings it all together with strategies and plans for taking those first steps forward. This is essential reading for any student taking a sport-related course who wants to work in the sport industry as well as early career professionals looking to enhance their career prospects.

An Obstetrician/Gynecologist's Path Amanda Malik,Michelle Iavicoli,Kahyun Yoon-Flannery,2025-06-30 Living through an obstetrics and gynecology residency can be a grueling and time-consuming process. After four years in general obstetrics and gynecology, one can encounter many options in his or her career path. Some choose to dive right into the career world, while some will choose to enter into a more specialized fellowship program. Regardless of what path one chooses after the completion of an obstetrics and gynecology residency, the process can be daunting, with little concrete help along the way. This text will provide a comprehensive review of what comes after the completion of an obstetrics and gynecology residency and will serve as a valuable resource for those physicians, residents and medical students interested in a career in obstetrics and gynecology. This book will review several areas of fellowships and how to navigate through the application process, provide a guide for finding a job and negotiating through your first position, and discuss other difficult

topics such as how to deal with malpractice lawsuits. All chapters will be written by experts who have gone through the various paths and decision-making processes.

Handbook for Social Work Writing Susan E. Mason, Wendy Zeitlin, 2024-03-28 This concise, accessible, and engaging handbook offers a companion for social work students to acquire professional and competency-based writing skills. Written by experienced educators, the book builds writing proficiency by introducing a social work-based guide to academic writing and professional communication. Each chapter addresses a specific area of social work writing and development, progressing from coursework and beginning fieldwork to practice-based assessments and reports. The authors integrate a series of scaffolded activities throughout for readers to cultivate awareness and further technique; and with sections explaining contemporary communication methods and common writing challenges, readers will be prepared to use technology both to strengthen their writing and to ease the overall process. Excellent for use in courses across the social work curriculum and as a personal guide, the Handbook for Social Work Writing provides students with on-the-spot guidance for any type of academic or professional writing assignment.

Giant in the Shadows Jason Emerson, 2012-03-27 Giant in the Shadows is the definitive biography of Robert T. Lincoln (1843-1926), the oldest son of Abraham and Mary Lincoln and their only child to live past age eighteen. Emerson, after nearly ten years of research, draws upon previously unavailable materials to cover Robert Lincoln's entire life in detail.

The New York Times Book Review, 1987 Presents extended reviews of noteworthy books, short reviews, essays and articles on topics and trends in publishing, literature, culture and the arts. Includes lists of best sellers (hardcover and paperback).

Baby Doctor Perri Klass, 1992 In her honest, riveting prose, Perri Klass -- writer, mother, and doctor -- takes readers through her extraordinary three years of internship and residency as a pediatrician in a Boston children's hospital. Responsible for newborns, the chronically ill, and the mysteriously sick, Klass set high standards for her own performance and for those who worked with her tiny charges. In essays and explorations on the concerns and contradictions that she faced every day, Klass reveals the fears, frustrations, and triumphs that formed her confusing life. From the difficulties of sleep deprivation to the hopelessness of treating a child with AIDS, from emergency room hysteria to intervening in cases of abuse to personal crises at home, Klass describes a trial by fire unlike any other -- a collection of experiences that changed her from a frightened, insecure medical student into a confident, caring baby doctor. A fascinating look into the mysterious chambers of medical science . . . Compassionate and compelling. -- Boston Herald From the Paperback edition.

Vault Guide to Top Internships, 2007

Small Group Communication in Organizations H. Lloyd Goodall, 1990 This book is written for those planning to pursue careers in American organizations and agencies, at a time of rapid change in the way American free enterprise is managed. It was written because group communication skills can be learned: purposeful speaking, active listening, creative participation in group work, effective leadership of group activities, the tools of reasoning, data-collecting and analysis are processes which can be taught.
