**Discovering the Healer Within** Karen D. Gilroy,2011-05-11 Discovering the Healer Within explains the interconnectedness of the mind, body, and spirit. The material within will shed light on why one man is happy, healthy, loving, and successful, while another struggles. The happy, healthy, loving, and successful man knows how to use the Universal Law of Attraction. He understands how to use his conscious thoughts to design his life. This man understands and does not fear illness or disease, because he understands the self-healing functions of the physical body and what to do when illness and disease occur. Finally, this man understands his purpose in life. He understands that he is a spiritual being having a physical experience. To make the most of our time on earth, we need to understand why we are here, what we are supposed to accomplish, and the purpose of life and death.

*The Healer-Prophet in Afro-Christian Churches* Gerhardus C. Oosthuizen, 2016-05-18 Apart from the mainline, Pentecostal, and Zionist churches, there are different types of African Independent/Indigenous Churches (AIC). The greater part of the more than four thousand denominations and eight million adherents came into the AIC during the past three decades, mainly from the traditional African religious background. The important role of the diviner in the traditional society has been replaced by the prophet in the AIC; the prophet understands the worldview of his/her people, especially the cultural diseases. In some churches the office of prophet cum diviner is represented by one person. The AIC movement is the most dynamic church movement in many parts of Africa, especially Southern Africa. The consistent growth of these churches can largely be accounted for by the healing procedures they use, which are highlighted in this study. Dr. Oosthuizen approaches healing from various angles, as sickness is not only determined by physical and psychological factors, but also by disturbed human relationships and socio-political and economic tensions.
