**Letters to Milena** Franz Kafka, 2015-11-03 The passionate but doomed epistolary love affair between a Czech translator and one of the greatest writers of the twentieth century, the author of *The Metamorphosis* and *The Trial*. Extraordinary...touching, horrifying, brilliant, sickly, [and] heartbreaking.... The most significant key we have for a reading of the author's novels and short stories. —The New York Times In no other work does Franz Kafka reveal himself as in *Letters to Milena*, which begins as a business correspondence but soon develops into an epistolary love affair. Kafka's Czech translator, Milena Jesenská, was a gifted and charismatic twenty-three-year-old who was uniquely able to recognize Kafka's complex genius and his even more complex character. For thirty-six-year-old Kafka, she was a living fire, such as I have never seen. It was to Milena that he revealed his most intimate self and, eventually, entrusted his diaries for safekeeping.

The Remnant: Franz Kafka's Letter Eli Schonfeld, 2024-09-23 As a Jew, Kafka received nothing in inheritance from his father. Nevertheless, throughout his oeuvre, subtly, remnants of Jewish words can be deciphered. Hence, the question at the heart of this book: what remains when what's left is a nothing of Judaism (Letter to the Father)? This question necessitates a philosophical and Jewish reading of his work, prompting a reconsideration of the intricate relationships between the Jew and the West and the Jew and modernity. Thus, this book proposes an examination of Kafka's oeuvre to uncover what remains Jewish therein - at the heart of Europe, amidst modernity - where nothing remains: the enigma of the Letter.

Postcards from Absurdistan Derek Sayer, 2022-11-22 A sweeping history of a twentieth-century Prague torn between fascism, communism, and democracy—with lessons for a world again threatened by dictatorship *Postcards from Absurdistan* is a cultural and political history of Prague from 1938, when the Nazis destroyed Czechoslovakia's artistically vibrant liberal democracy, to 1989, when the country's socialist regime collapsed after more than four decades of communist dictatorship. Derek Sayer shows that Prague's twentieth century, far from being a story of inexorable progress toward some "end of history," whether fascist, communist, or democratic, was a tragicomedy of recurring nightmares played out in a land Czech dissidents dubbed Absurdistan. Situated in the eye of the storms that shaped the modern world, Prague holds up an

unsettling mirror to the absurdities and dangers of our own times. In a brilliant narrative, Sayer weaves a vivid montage of the lives of individual Praguers—poets and politicians, architects and athletes, journalists and filmmakers, artists, musicians, and comedians—caught up in the crosscurrents of the turbulent half century following the Nazi invasion. This is the territory of the ideologist, the collaborator, the informer, the apparatchik, the dissident, the outsider, the torturer, and the refugee—not to mention the innocent bystander who is always looking the other way and Václav Havel's greengrocer whose knowing complicity allows the show to go on. Over and over, Prague exposes modernity's dreamworlds of progress as confections of kitsch. In a time when democracy is once again under global assault, *Postcards from Absurdistan* is an unforgettable portrait of a city that illuminates the predicaments of the modern world.

**Milena** Margarete Buber-Neumann, 1997 Margarete Buber, the journalist daughter of Martin Buber, and Milena Jesenska, the beautiful lover of Kafka, met in Ravensbruck concentration camp in 1940. For four terrible years, the two women formed an extraordinary bond and made a pact that if only one survived, the other would bear witness. Only Margarete lived to remember. This is her story of Milena--of fearless love, sacrifice, and nobility.

**Kafka's Other Prague** Anne Jamison, 2018-06-15 Kafka's Other Prague: Writings from the Czechoslovak Republic examines Kafka's late writings from the perspective of the author's changing relationship with Czech language, culture, and literature—the least understood facet of his meticulously researched life and work. Franz Kafka was born in Prague, a bilingual city in the Habsburg Empire. He died a citizen of Czechoslovakia. Yet Kafka was not Czech in any way he himself would have understood. He could speak Czech, but, like many Prague Jews, he was raised and educated and wrote in German. Kafka critics to date have had little to say about the majority language of his native city or its “minor literature,” as he referred to it in a 1913 journal entry. *Kafka's Other Prague* explains why Kafka's later experience of Czech language and culture matters. Bringing to light newly available archival material, Anne Jamison's innovative study demonstrates how Czechoslovakia's founding and Kafka's own dramatic political, professional, and personal upheavals altered his relationship to this “other Prague.” It destabilized Kafka's understanding of nationality, language, gender, and sex—and how all these issues related to his own writing. *Kafka's Other Prague* juxtaposes Kafka's German-language work with Czechoslovak Prague's language politics, intellectual currents, and print culture—including the influence of his lover and translator, the journalist Milena Jesenská—and shows how this changed cultural and linguistic landscape transformed one of the great literary minds of the last century.

Letter to the Father/Brief an den Vater Franz Kafka, 2013-06-26 A son's poignant letter to his father—from the author of *The Metamorphosis* and *The Trial*, and one of the most important writers of the twentieth century. • “One of the great confessions of literature.” —The New York Times Book Review Franz Kafka wrote this letter to his father, Hermann Kafka, in

November 1919. Max Brod, Kafka's literary executor, relates that Kafka actually gave the letter to his mother to hand to his father, hoping it might renew a relationship that had lost itself in tension and frustration on both sides. But Kafka's probing of the deep flaw in their relationship spared neither his father nor himself. He could not help seeing the failure of communication between father and son as another moment in the larger existential predicament depicted in so much of his work. Probably realizing the futility of her son's gesture, Julie Kafka did not deliver the letter but instead returned it to its author.

Kafka's Other Trial Elias Canetti, 1988-04-12 Felice Bauer was Kafka's first great love and the inspiration for his first great fiction. Six weeks after they met, he wrote *The Judgment* for her in one night of feverish activity. Kafka always inferred to the traumatic, public breaking-off of their engagement as his tribunal, and indeed he began work on *The Trial* within a month of that event. Kafka's letters to Felice offer rare insights into the writer's life and art. Elias Canetti's brilliant and sensitive examination of this moving correspondence to show is the origins of Kafka's voice as a writer and his torment as a man.

Letters to Friends, Family, and Editors Franz Kafka, 1990-03-10 More than two decades of letters from one of the greatest writers of the twentieth century—the author of *The Metamorphosis* and *The Trial*—to the people in his life, from his years as a student in Prague in the early 1900s to his final months in the sanatorium near Vienna where he died in 1924. Sometimes surprisingly humorous, sometimes wrenchingly sad, these letters, collected after Kafka's death by his friend and literary executor Max Brod, include charming notes to school friends; fascinating accounts to Brod about his work in its various stages of publication; correspondence with his publisher, Kurt Wolff, about manuscripts in progress, suggested book titles, type design, and late royalty statements; revealing exchanges with other young writers of the day, including Martin Buber and Felix Weltsch, on life, literature, and girls; and heartbreaking reports to his parents, sisters, and friends on the declining state of his health in the last months of his life.

**Kafka, Love and Courage** Mary Hockaday, 1997-03 Hockaday, a journalist with the BBC World Service, presents Jesenka as much more than Kafka's lover and correspondent, describing her work as a journalist, her association with the literary circles of Prague and Vienna which included Max Brod and Hermann Broch, and her involvement with the underground resistance after Germany's invasion of Czechoslovakia, until her arrest and detention in Ravensbruck concentration camp. *Kafka's Clothes* Mark M. Anderson, 1992 'One should either be a work of art, or wear one', proclaimed Oscar Wilde at the end of the nineteenth century; 'I am made of literature, I am nothing else, and cannot be anything else', Franz Kafka proclaimed a brief decade later. Between these two claims lies the largely unexplored region in which the European decadent movement turned into the modernist avant-garde. In this original historical study, Mark Anderson explores Kafka's early

dandyism, his interest in fashion, literary decadence and the 'superficial' spectacle of modern urban life as well as his subsequent repudiation of these phenomena in forging a literary identity as the isolated, otherworldly 'poet' of modern alienation. Rather than posit a break between these two personae, Anderson charts the historical continuities between the young Kafka and the author of *The Metamorphosis* and *The Trial*. The book demonstrates how clothing functions as a semi-private code of meaning in his literary works and the extent to which the aestheticist notion of becoming the work of art haunts Kafka's conception of writing throughout his life. The result is a startlingly unconventional portrait of Kafka and Prague at the turn of the century, involving such issues as Jugendstil aesthetics, Otto Weininger's 'egoless' woman, the Viennese critique of architectural ornament, the clothing-reform movement, anti-Semitism and the question of Jewish-German writing.

Moment of Torment; an Interpretation of Franz Kafka's Short Stories Ruth Tiefenbrun, 1973 Kafka scholars will find Ruth Tiefenbrun's remarkably original thesis provocative and perhaps even controversial, but they will not be able to ignore it. It could well invalidate much previous Kafka criticism. A student of modern literature, and trained in psychology, Ruth Tiefenbrun provides a new reading based on a unique psychological interpretation of Kafka as a homosexual whose works constitute an autobiographical confession. Her book decodes Kafka's secret words for his condition and thus provides a rationale for hitherto unexplained predicaments in which Kafka's major protagonists, both human and animal, find themselves. Well researched and brilliantly argued, this highly original work makes a significant contribution to modern psychological studies of literature.

**Kafka's Prague** Klaus Wagenbach, 2020-03-15 Nearly one hundred years after Franz Kafka's death, his works continue to intrigue and haunt us. Kafka is regarded as one of the most significant intellectuals of the nineteenth and twentieth century, and even for those who are only barely acquainted with his novels, stories, diaries, or letters, "Kafkaesque" has become a term synonymous with the menacing, unfathomable absurdity of modern existence and bureaucracy. While the significance of his fiction is wide-reaching, Kafka's writing remains inextricably bound up with his life and work in a particular place: Prague. It is here that the author spent every one of his forty years. Drawing from a range of documents and historical materials, this is the first book specifically dedicated to the relationship between Kafka and Prague. Klaus Wagenbach's account of Kafka's life in the city is a meticulously researched insight into the author's family background, his education and employment, his attitude toward the town of his birth, his literary influences, and his relationships with women. The result is a fascinating portrait of the twentieth century's most enigmatic writer and the city that provided him with so much inspiration. W. G. Sebald recognized that "literary and life experience overlap" in Kafka's works, and the same is true of this book.

Kafka in Love Jacqueline Raoul-Duval, 2012-11-13 Kafka was an attractive, slender, and elegant man--something of a

dandy, who captivated his friends and knew how to charm women. He seemed to have had four important love affairs: Felice, Julie, Milena, and Dora. All of them lived far away, in Berlin or Vienna, and perhaps that's one of the reasons that he loved them: he chose long-distance relationships so he could have the pleasure of writing to them, without the burden of having to live with them. He was engaged to all four women, and four times he avoided marriage. At the end of each love affair, he threw himself into his writing and produced some of his most famous novels: *Amerika*, *The Trial*, and *The Castle*. In this charming book, author Jacqueline Raoul-Duval follows the paper trail of Kafka's ardor. She uses his voice in her own writing, and a third of the book is pulled from Kafka's journals. It is the perfect introduction to this giant of world literature, and captures his life and romances in a style worthy of his own.

Prague Territories Scott Spector, 2000-03-01 Scott Spector's adventurous cultural history maps for the first time the territories carved out by German-Jewish intellectuals living in Prague at the dawn of the twentieth century. Spector explores the social, cultural, and ideological contexts in which Franz Kafka and his contemporaries flourished, revealing previously unseen relationships between politics and culture. His incisive readings of a broad array of German writers feature the work of Kafka and the so-called Prague circle and encompass journalism, political theory, Zionism, and translation as well as literary program and practice. With the collapse of German-liberal cultural and political power in the late-nineteenth-century Habsburg Empire, Prague's bourgeois Jews found themselves squeezed between a growing Czech national movement on the one hand and a racial rather than cultural conception of Germanness on the other. Displaced from the central social and cultural position they had come to occupy, the members of the postliberal Kafka generation were dazzlingly productive and original, far out of proportion to their numbers. Seeking a relationship between ideological crisis and cultural innovation, Spector observes the emergence of new forms of territoriality. He identifies three fundamental areas of cultural inventiveness related to this Prague circle's political and cultural dilemma. One was Expressionism, a revolt against all limits and boundaries, the second was a spiritual form of Zionism incorporating a novel approach to Jewish identity that seems to have been at odds with the pragmatic establishment of a Jewish state, and the third was a sort of cultural no-man's-land in which translation and mediation took the place of territory. Spector's investigation of these areas shows that the intensely particular, idiosyncratic experience of German-speaking Jews in Prague allows access to much broader and more general conditions of modernity. Combining theoretical sophistication with a refreshingly original and readable style, *Prague Territories* illuminates some early signs of a contemporary crisis from which we have not yet emerged.
