Dave Grohl - Times Like His: Foo Fighters, Nirvana & Other Misadventures Martin James, 2015-07-02 Foo Fighters emerged from the morass of suicide and potent musical legacy that was Nirvana to establish themselves against all odds as one of the most popular rock bands in the world. Deflecting early critical disdain, Dave Grohl has single-handedly reinvented himself and cemented his place in the rock pantheon. This is his story, from his pre-Nirvana days in hardcore band *Scream* to his current status as a festival conquering, Grammy winning, platinum-selling grunge legend. Across the entire body of Foo Fighters albums, the whole legendary Nirvana tale, the pre-history in the nascent Seattle scene and Grohl's flirtations with Queens of the Stone Age and his supergroup side-project *Them Crooked Vultures*, this is an utterly comprehensive, insightful chronicle of Dave Grohl's remarkable life. Drawing on new interviews with key figures in the Grohl story, this definitive biography of one of modern rock's most influential figures includes the stories of the multi-platinum opus *Echoes, Silence, Patience and Grace*, 2011's *Wasting Light*, which saw Grohl reunited with Nirvana producer Butch Vig and *Sonic Highways*, their ambitious homage to coast-to-coast US classic rock. [Listen to This If You Love Great Music](#) Robin Murray, 2021-07-13 *Listen To This If You Love Great Music* is a must read for anyone with even a passing interest in music. Featuring 100 of the best albums from the last four decades, *clashmusic.com* editor Robin Murray shares his passion for exceptional music and offers insightful takes on what elevates these records above the competition. Robin steers clear of the usual classics - The Beatles and The Clash, for example - and instead goes deep into his record collection to pull out the albums he considers the greatest ever. For each, a solid case is made for why it represents a watershed moment in music history, outlining the story behind the record and critiquing what constitutes a classic. Uniquely curated to offer a fresh perspective on the last 40-plus years of music, find politically charged rock brushing shoulders with dub-infused electronica, progressive pop and dreamy shoegaze shaken awake by ear-drum rattling grime and house music. Whether it's bass-heavy hip-hop from Nas that inspired a thousand MCs to pick up a mic or experimental indie dance from LCD Soundsystem that blurred genres and tempted musicians to trade in their guitars for synthesizers, this is an essential rundown of the albums that really matter. You need to play them loud.

Nirvana ,

[All Over Again](#) Eilish Janssen, 2019-10-14 *All Over Again* is a story about timeless and endless love and all the difficulties

and hardships it brings along. It's about seeking hope and light in the darkness. People that find each other again in every life they live. Souls that are bound to one another. No matter what they go through and how far they are separated, they will always find their way back.

See If I Care, Mr. Acker Isabelle Del Rosario,2022-03-12 Famous, rich. and glamorous. That's Stefan Acker and Harley Kensington. More like the future Mr. and Mrs. Acker who are ready to race to the altar soon. Before the lives of Harley, an A-list actress, and Stefan, a leading athlete, became enviable and fancy, they were lovers-turned-exes. They were young and free high school students then. They meet again after a few years, but later on, bring a feud in the eyes of the showbiz industry. Surprisingly, the chaotic encounter caused them to flee from their own present relationships and decide to start over. It was never imagined, at all, that reconciliation was possible and love can be sweeter the second time around for both of them. It seems that the couple has everything they ever wanted at their fingertips. Who wouldn't want life in the fast lane where everything is within reach? How about love? There's temptation, probable grudges, and many fears, even, from the past that might just come with the life they chose. Keeping up with everything going on in their life, Harley and Stefan do their utmost to make the most out of their second chance behind the cameras and the papers. Will life really treat Harley and Stefan well? When a love story seems to be controversial and everything they've worked for with that ever so undying promise of love to fight all odds will come crashing down once more, is there still a guarantee that love can really be sweeter the another time around?
