So everyday reading one quote will help you to knock your conscience; and will guide you to be a better parent each day. This book is not gender-specific. For convenience's sake the use of He, His and him are predominant. This book has compilation of all my quotes on parenting which I have been writing for so many years on social media handles. These quotes are short and simple but highly motivating and inspiring for parents to introspect and learn. This book will appeal to parents and teachers the most.

**Spiritual Parenting** Demetrica Mathews,

**Becoming Good Parents** Mufid James Hannush,2012-02-01 Becoming Good Parents goes beyond a psychological understanding of parenting to include a deeper explication of the philosophical (moral) and existential (spiritual) dimensions of parenting. It counters the contemporary notion that parents can be satisfied with simply being good enough in their parenting practices, which encourages a sense of complacency. Through everyday examples, illustrative use of Harper Lee's moral novel To Kill a Mockingbird, and a reinterpretation of the theoretical viewpoints of psychologists Erik Erikson, Heinz Kohut, and Rollo May, along with philosophers Iris Murdoch and Michael Gelven, the author argues that the struggle toward perfection (goodness) is a natural human impulse. Parenting provides an optimal context for the practice of character refinement, which can potentially contribute to the psychological and spiritual growth of both parents and children. Ultimately, the book demonstrates that by becoming good parents, we become good persons.

Outclassed Joan C. Williams,2025-05-20 An eye-opening, urgent call to mend the broken relationship between college and non-college grads of all races that is driving politics to the far right in the US. Is there a single change that could simultaneously protect democracy, spur progress on climate change, enact sane gun policies, and improve our response to the next pandemic? Yes: changing the class dynamics driving American politics. The far right manipulates class anger to undercut progressive goals and liberals often inadvertently play into their hands. In Outclassed, Joan C. Williams explains how to reverse that process by bridging the "diploma divide", while maintaining core progressive values. She offers college-educated Americans insights into how their values reflect their lives and their lives reflect their privilege. With illuminating

stories—from the Portuguese admiral who led that country’s COVID response to the lawyer who led the ACLU’s gay marriage response (and more)— Williams demonstrates how working-class values reflect working-class lives. Then she explains how the far right connects culturally with the working-class, deftly manipulating racism and masculine anxieties to deflect attention from the ways far-right policies produce the economic conditions disadvantaging the working-class. Whether you are a concerned citizen committed to saving democracy or a politician or social justice warrior in need of messaging advice, *Outclassed* offers concrete guidance on how liberals can forge a multi-racial cross-class coalition capable of delivering on progressive goals.

*Grow Up* Gary John Bishop, 2023-09-12 The New York Times bestselling author of *Unfu\*k Yourself* helps cut through our anxieties about being a “good parent” so we can take charge of our lives and show our kids how to take charge of their own. Gary John Bishop has helped millions of people break free of self-sabotaging behaviors. Yet we all seem to feel like we’re failing at this thing called parenting. Common wisdom isn’t working—our kids are struggling. Gary argues we don’t need more tips, tricks, and techniques, we need an overhaul of who we are. We’re never going to measure up to the “perfect parent” model we’ve built up in our heads—a Frankenstein version of mom and dad cobbled together from our childhoods, our parents, cultural ideals, social media, and everything in between. We want to be good parents, but our pasts hold us back. If you’re thinking: “I can’t be a good parent because I had a shitty childhood, bad parents, or a traumatic experience”—stop! Let go of what came before and start taking action in the present to be the person that nurtures their child from a place of love, forgiveness, and integrity. By doing so, you are modeling and equipping your kids to confidently face the world and thrive. Whether you are a parent, want to be a parent, or simply have parents, this book will cut to the heart of who you are and how you show up in the world—to fully take charge of the direction of your life and show your kids how to follow theirs.
