The Serial Killer's Wife Robert Swartwood,2017-08-20 USA TODAY BESTSELLER "This is a scary, thrilling, page-turning, race-against-the-clock novel if ever there was one, with a true shocker of an ending. Miss this one at your own peril." —Blake Crouch, New York Times bestselling author of Dark Matter How far would you go to save your child? Five years ago Elizabeth Piccioni's husband was arrested for being a serial killer. Her life suddenly turned upside down, she did what she thought was best for her newborn baby: she took her son and ran away to start a new life. Now, living in a quiet part of the Midwest with a new identity, Elizabeth is ready to start over. But one day she receives a phone call from a person calling himself Cain. Cain somehow knows about her past life. He has abducted her son, and if Elizabeth wants to save him she must retrieve her husband's trophies — the fingers he cut off each of his victims. With a deadline of one hundred hours, Elizabeth has no choice but to return to the life she once fled, where she will soon realize that everything she thought she knew is a lie, and what's more shocking than Cain's identity is the truth about her husband. For fans of James Patterson, Harlan Coben, and John Sandford. \*Includes an excerpt from Robert's thriller The Killing Room, winner of the 2024 ITW Thriller Award and the first book in a new series from Blackstone Publishing.

The Killer's Wife Bill Floyd,2008-03-04 After helping convict her serial killer husband, a single mother must revisit her dark past to save her son's life in this debut psychological thriller. Six years ago, Leigh Wren testimony against her own husband helped put him on death row for a series of gruesome murders. Now, with new names and a new life, she and her son are starting over in North Carolina. But everything starts coming apart when someone exposes her. And just as her traumatic past comes to light, a new killer emerges—one whose methods are frighteningly similar to her ex-husband's. It soon becomes clear that the copycat killer is targeting people tied to Leigh's former life. Now, to protect herself and her son, Leigh must probe the darkest corridors of her past. She must also confront her own lingering sense of guilt. Leigh always professed her ignorance, but how complicit was she in her husband's horrific murder spree, as it was taking place?

*Conquering Darkness* Alice M. Swafford,2011-10-08 *Conquering Darkness*, Memoir of the Serial Killer's Wife is a

painfully candid account of the lives of two black people who grew up together in West Oakland, California. Their story, would, in a few aspects, mirror the simple plot of boy meets girl. Everybody knows that story-right? Boy meets girl; they fall in love and live happily ever after. However, the lives of Alice Marie Swafford and William Jennings Choyce were woven together by the threads of early parental abandonment and gross parental abuse that came creeping in from their past. Alice's father abandoned her at the delicate age of five. That early experience filled her with an insecurity she could not shake; this, in turn, gave birth to a fragile and emotional state of mind which made Alice desperate to find a man to replace her father and the love he gave to her. William, on the other hand, grew up with both his parents in the home, but he was emotionally and physically abused by his mother. He desperately struggled to love and to please her- but to no avail. William's misguided search for love would take him on an ill-fated journey with all kinds of dark psychological twists and turns that ruptured his childhood and split his adult mind down the middle; one side was good, and one side was pure evil. This journey started, unbeknownst to Alice, long before she joined William in marriage. But how would the young Alice know who she was really dealing with? It would take decades for her to truly understand that question. More importantly, how would Alice ever understand who she was and is now? This memoir, written by Alice and her daughter, Crystal Choyce-Lige, provides an up close and honest retrospective account of what life was like with a budding serial rapist and serial murderer who flew under the radar of his family and law enforcement for decades. How? He was very, very clever and cunning. All the while he was playing the part of husband and father; he was also leaving the house every night for his well thought out and stakeouts to lure and prey upon the most vulnerable people in our society. The essential questions asked and then answered are: How and why could this nightmare happen and then last for so long? Why couldn't Alice see what was right in front of her? The answers will enlighten as well as surprise those who embark upon the riveting adventure of reading this book.

**The Serial Killer Files** Harold Schechter, 2003-12-30 THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS! Hollywood's make-believe maniacs like Jason, Freddy, and Hannibal Lecter can't hold a candle to real life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved*, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, “trophies” to trading cards. Discover: WHO THEY ARE: Those featured include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For

pleasure and for profit. For celebrity and for “companionship.” For the devil and for dinner. For the thrill of it, for the hell of it, and because “such men are monsters, who live . . . beyond the frontiers of madness.” PLUS: in-depth case studies, classic killers’ nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer couples, Bluebeards and black widows, cannibals and copycats- this is an indispensable, spine-tingling, eye-popping investigation into the dark hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating.

**Killer Data** Enzo Yaksic, 2022-04-19 Killer Data examines the phenomenon of serial murder using data collected from international sources to review offender patterning with a focus on contemporary cases. This type of attention will allow for a broader understanding of modern-day serial murderers and will help to dispel some of the myths that surround offenders. The current serial murder classification scheme incorrectly types serial murderers as supremely intelligent killing machines while discounting their socialization, experiences, and choices. This book exposes serial murderers as run-of-the-mill hometown losers, who brutalize women, and are lucky to escape apprehension. Like other atypical homicide offenders, modern-day serial murderers are propelled forward by a deep sense of entitlement, easy access to firearms, and a nonchalant attitude toward using murder to attain their goals. Readers should come away with a deeper understanding not of the ultra-rare or the deadliest serial murderers but of the more common offenders who pose a consistent threat to day-to-day life. The book utilizes the Consolidated Serial Homicide Offender Database, one of the largest and most robust open access databases of multiple murders available, presenting new thinking on areas such as: myths and stereotypes the impact of entertainment on the perception of serial murder inaccurate prevalence estimates spree/serial hybrid offenders the classification of two and three victim serial murderers how serial murderers pursue longevity the characteristics of aspiring serial murderers whether hit men and gang members are serial murderers if and why serial murder is in a state of decline how many serial murderers are responsible for the homicides that sent innocent people to prison luck as a factor of “success” for serial murderers. These findings are illustrated with 200 narrative vignettes of serial murder series that occurred between 2011 and 2021, such as Itzcoatl Ocampo, Charles Severance, Nikko Jenkins, and Pamela Hupp, offenders who may be unfamiliar to many but represent the next iteration of the serial murderer. Correcting decades of flawed assumptions about serial murderers, and written in an accessible and concise style, Killer Data is essential reading for students and scholars of criminal justice and criminology, law enforcement professionals, and the interested general reader.

**Serial Killers** Richard Estep, 2021-04-01 Pain, torment, and torture. Cruelty, brutality, and violence. The twisted psyches, murder. and yes, even the ability to charm people. Take a deep dive into the terrifyingly real serial murderers, spree killers, and true faces of evil! They prey on the innocent with a malicious desire to inflict damage and harm. They hunt and stalk misfortunate victims in the dark, in broad daylight, in quiet neighborhoods, and in the local woods. Their bloodthirst isn't satisfied after their first kill. Or their second. Or third. Serial Killers: The Minds, Methods, and Mayhem of History's Most Notorious Murderers delves into the global phenomenon of serial and spree murderers. This chilling book looks at the horrifying stories of forty malevolent killers and hundreds of innocent victims, including such notorious homicidal maniacs as John Wayne Gacy, Ted Bundy, and Jeffery Dahmer, but it also looks at lesser-known and overlooked murderers like Herbert Baumeister, America's I-70 Strangler; Japan's "Anime Killer," Tsutomu Miyazaki; Russia's "Rostov Ripper," Andrei Chikatilo; the "Giggling Granny," Nannie Doss; and many more. It journeys to 16th-century Scotland to meet a clan of cannibals whose

existence is still debated by historians today, and to the fog-shrouded alleys of Whitechapel, London, where Jack the Ripper earned his grisly namesake. Along the way, we'll meet the Dating Game Killer, the Milwaukee Cannibal, the Acid Bath Murderer, and other monsters. *Serial Killers* also asks the questions ... What makes a seemingly ordinary person stalk, torture, and murder their fellow human beings? Are serial killers born or made? What is the difference between a serial killer and a spree killer? What were the identities of Jack the Ripper and the Zodiac Killer? Was Albert DeSalvo really the Boston Strangler? Is it possible that you could know a serial killer? Caution is advised before entering the alarming world of twisted psychos and sociopaths! With more than 120 photos and graphics, this fright-filled tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.
