

Act Your Age

Nancy Lesko

Act Your Age! Nancy Lesko, 2012-03-15 Are our current ways of talking about the problem of adolescence really that different than those of past generations? For the past decade, *Act Your Age!* has provided a provocative and now classic analysis of the accepted ways of viewing teens. By employing a groundbreaking history of the present methodology that resists traditional chronology, author Nancy Lesko analyzes both historical and present social and political factors that produce the presumed natural adolescent. This resulting seminal work in the field of youth study forces readers to rethink the dominant interpretations on the social construction of adolescence from the 19th century through the present day. This new edition is updated throughout and includes a full new chapter on 1950s-era assumptions about adolescence and the corresponding connections to teens today. As in all chapters, Lesko provides careful examination of the concerns of nationalism, sexuality, and social order in terms of how they are projected onto the definitions of adolescents in the media, in schools, and in the home.

A Journey-Se'dream Shiela Scott, 2013-10-10 *A journey-Se'dream* proudly follows her sibling sister Mi Angelique. By mimicking the style of her poetic talent, she prepared sonnets designed for the limelight. Heartbreak and depression is no stranger to the experiences that this young voice has. She was born in the era of depression; a sacred era that buried the

passion of living under shattered pieces of a broken heart. This collection of poetry was created to inspire a lovers emotions. Whether an ex-affair or a new adventure, this novel is guaranteed to assist you in reuniting your hearts affection with a confused or numb spirit. Casting Gender John T. Warren, Laura B. Lengel, 2005 Casting Gender puts forward a vision of theatre, storytelling, and the performance of the everyday function within the lived spaces of its performers and audiences, asking how women artists/scholars embody meaning, carry social value, and constitute possible identities. Drawing on scholarship in intercultural communication, performance studies, women's studies, and cultural studies, this collection of new, critically informed research advances our understanding of how theater works as intercultural communication and as a vehicle for change. Casting Gender offers varied locations and sites of research, highlighting the rich diversity of women's cultural identities, roles, and societal positions. This book moves beyond the western-centered nature of intercultural performance and intercultural communication theory and practice by creating a forum for nonwestern voices.
