What is known about drug consumption behavior and what treatment approaches have proven most cost-beneficial. **Housekeeping Management** Delphina Fonseca, 2016-08-01 Housekeeping refers to the management of duties and chores involved in the running of a household, such as cleaning, cooking, home maintenance, shopping, laundry and bill pay. These tasks may be performed by any of the household members, or by other persons hired to perform these tasks. The primary housekeeping duty is to safeguard the cleanliness and orderliness of hotel rooms and to ascertain that they are properly stocked with the supplies to which guests are entitled. A housekeeping manager not only oversees housekeepers in leading their duties but also examines any complaints guests make and takes remedial action. Managers supervise

housekeepers in their duties and ensure that they perform to the prescribed hotel standards. Housekeeping Management explores the role of the housekeeping department in hotel/lodging operations, and focuses mainly on the effective communication between the housekeeping, front office, and engineering and maintenance staff. Housekeeping duties include cleaning and turning down rooms, re-ordering rooms once guests leave, carrying away room service trays from hallways to the location landings, and checking that all public areas within the hotel are clean and orderly. The manager prepares the daily work schedule and assigns housekeepers to different tasks depending on the premise requirements for the day. A hotel housekeeping manager is responsible for fostering team spirit among the housekeepers and directs them toward achieving guest satisfaction.

*Professional Management of Housekeeping Operations* Delphina Fonseca, 2016-08-01 Every house, whether private, like yours, or commercial like offices, shops, hotels, hospitals, clubs, etc., needs to be kept clean and tidy, so that it looks inviting to all. This is where housekeeping comes in. Cleaning and maintenance services can be spotted very easily anywhere. Today's professional housekeeper must be knowledgeable about staff diversity issues, building relations with unions, and maximizing the uses of available technology while staying aware of the bottom line. The professional housekeeper must also be aware of growing health and safety concerns. Professional Housekeeper is an extra pair of hands - whether it's cleaning, laundry, ironing or any other household chores. A housekeeper is a person employed to manage a household, and the domestic staff. The housekeeper is second in command in the house and except in large establishments, where there is a house steward, the housekeeper must consider his/herself as the immediate representative of her mistress. Housekeeping managers see to it that hotel guests have adequate supplies both within their hotel rooms and in the public areas that they visit, such as the spa and washrooms. Different categories of hotel rooms entitle guest to different supplies. For example in a standard room, guests might receive only bathroom supplies, while in executive rooms, hotel services could include mini-bars, laundry and pressing services. It is the responsibility of the housekeeping manager to ensure that a hotel guest receives all the housekeeping services he purchased. Housekeeping managers receive and act on complaints from hotel guests relating to the state of their rooms or public areas. A hotel housekeeping manager is in a unique position to make recommendations about improvements to the hotel services due to his close interaction with the guests. Professional Management of Housekeeping Operations is an invaluable tool for this ever-changing profession. With the advent of new technology, new markets, and new products, the rapidly changing responsibilities of the professional housekeeper demand a guide for today's lodging industry. This book addresses the changing, growing role of the housekeeping department to include maintenance of grounds, room service management, and foodservice facilities.
