

From Alpha To Omega

Alpha Omega Alpha,Hippocrates

From Alpha to Omega Anne H. Groton, 2013-04-17 One of the most successful Classical Greek introductory textbooks, this edition provides an introduction to Classical Greek with an encouraging, pleasant, and accessible presentation for today's modern students. Fifty short lessons presume no knowledge of Latin, and allow students to master a concept before moving on to the next. Each lesson is accompanied by numerous exercises, as well as manageable selections of Ancient Greek writings (edited in early chapters) from Aesop's most amusing and curious fables to concise Greek passages from The New Testament, Aristotle, Arrian, Demosthenes, Lysias, Plato, Thucydides, and Xenophon. The fourth edition of From Alpha to Omega retains all the features that have made it a best-selling introductory Greek textbook, many of them improved or expanded: Balanced, evenly-paced lessons to accommodate various academic schedules Brief readings from Ancient Greek authors Efficient translation exercises Succinct, instructive vocabulary lists Glossary containing all vocabulary words from lessons and readings, both Greek-to-English, and English-to-Greek Online exercises, audio recordings, video tutorials, and more accompany each chapter at courses.pullins.com. An Ancillary Exercise Workbook and a Greek Reader are also available.

From Alpha to Omega Anne H. Groton, 2025-03-05 From Alpha to Omega offers an encouraging and accessible introduction to Classical Greek for today's students. Its fifty brief lessons, each typically focused on one or two grammatical topics, reinforce students' learning through exercises that offer practice with the target vocabulary and—beginning with Lesson 5—through translation of a short annotated selection from an ancient source. From Aesop to the New Testament, Aristotle, Arrian, Demosthenes, Lysias, Plato, Thucydides, and Xenophon, the readings include passages in which students can put their newly acquired skills to immediate (and gratifying) use. From Alpha to Omega is ideal for use in classroom settings, homeschool settings, and by self-learners. The Fifth Edition retains all of the features that have made From Alpha to Omega a bestselling introductory Greek textbook: Balanced, evenly-paced lessons Brief readings from Ancient Greek texts Efficient translation exercises Succinct, instructive vocabulary lists Glossary containing all vocabulary words Enhanced
